Permit No. _____

This application must be completed, a Tap fee of \$50.00 received, The Village Board of Trustees and the Utilities Superintendent's approval to construct or repair the line before operation starts.

Return To: Village of Bartley 101 West Walnut Street, Red Willow County, Nebraska 69020.

In accordance with the provisions of The Village of Bartley Ordinance, a permit to connect to the municipality's water system is hereby requested.

TAX PARCEL NUMBER: _____

(Found on the real estate tax bill)

1. Owner's Name and Address: _____

2. Owner's Telephone Number: _____

3. Address of proposed site to be connected or repaired: _____

4. Name & Address of Person/Company performing the work:

5. Describe any existing water connections to the municipalities system on the property:

6. Provide a sketch with this application showing the location of the proposed water line with relation to all water mains or wells, and sewage or waste disposal systems if existent.

7. In accepting these requirements, the owner agrees to abide by the following conditions:

Owner will notify the Company or Person installing the water line that as part of their contract, the operations must be in accordance with rules and regulations under the terms of Ordinance No. 127 chapter 3 Article 1.

8. The owner must comply with the Water Ordinance No. 127 chapter 3 Article 1.

9. The Water Line Inspection Report Form will be completed by the Utilities Superintendent and returned to the Village Clerk upon completion of the line installation.

Note: The issuance of a permit to connect to the municipalities main or a Certificate of Compliance shall not be construed as a guarantee that the systems will function satisfactorily nor shall it in any way restrict the powers of responsibilities of the State, County, or Municipality in the enforcement of any law or Ordinance relating to Public Health.

SKETCH OF PROPOSED WATER LINE LOCATION

Permit No. _____

Pipe size being installed or repaired _____ inch(s) Type of Pipe _____

WATER LINE INSPECTIONS REQUIRED

APPROVAL OF PROPER GROUNDWORK & SERVICE REQUIRED

APPROVAL OF CONNECTIONS MADE PRIOR TO BEING COVERED OVER

***All installations or repairs of pipes require two **(2) inspections** by the Utilities Superintendent. The first **(1st)** inspection shall be made **when connections or repairs are complete and before the pipes are covered**. The second **(2nd)** inspection shall be made **after the dirt work is completed and the service restored**.

It is the customer's responsibility to notify the Utilities Superintendent at the time the work is ready for each inspection.

You may proceed once the Water Line Inspection Report is filed by the Utility Superintendent in the Village of Bartley Office.
