SPRINGTIME IN CARCASSONNE & THE MYSTICAL LAND OF THE CATHARS

5 days / 4 nights in the glorious south of France

£xxx per person based on shared occupancy of a twin/double room

The Walled City of Carcassonne

The mediaeval walled citadel of Carcassonne, positioned between the mountains and the sea, is quite simply spectacular. The surrounding countryside of the Languedoc - strewn with vineyards and other ruined castles that featured in the tragic story of the Albigensian Crusade - is one of the undiscovered corners of France. We include visits—amongst others— to lovely Collioure, a stone's throw from the Spanish border, and the great cathedral city of Albi, birthplace of Toulouse-Lautrec. By the end of our short springtime programme, you'll be going home with a lasting affection for this glorious corner of the south of France. With all arrangements taken care of from Wemyss Bay, it's sure to be popular!
