surrounding areas!**

Harry Milligan, 21, was last seen in Albia, Iowa in the early morning hours of July 1, 1984 in a similar vehicle, 1977 Pontiac Grand Prix with the license plate #EIJ-244. Please keep your eye out for a vehicle similar to this one that may be half buried back in a field or down in a creek bed somewhere. He was also reported to have been wearing blue jeans, a blue plaid short sleeved shirt and white tennis shoes. Many crimes are solved by the careful attention of Hunters and Farmers! This mystery is over 36 years old but crazier things have happened!
