

Spring

FIELD TRIPS

at BIG JIM FARMS!

Spring Explorations

- Students explore the start of the farm cycle through seed planting, learning about soil and pollinators, and interacting with farm animals through feeding and meet-and-greets.

Cultivating Community

- Students will learn about stewardship of land, plants, water, and community while developing skills in responsibility, decision-making, and knowledge sharing.

Gardening & Sustainable Farming

- Students gain hands-on gardening skills and learn sustainable growing practices, then take home fun projects and ideas to continue gardening with their family.

- **Hands-On Activities**
- **Farm Animals**
- **Beekeeping**
- **Learning Stations**

All age groups welcome. Must book in advance on our website.

Big Jim Farms is a U-pick farm located in Albuquerque's North Valley.

Our mission is to offer visitors educational experiences that celebrate New Mexico's agricultural heritage and traditions.
