

## ***Jane Hawley***

### ***President***

At the November 1st monthly meeting of the CR Region Antique Automobile Club of America (AACCA), Jane Hawley was elected President to lead the CR Region AACCA Club. The organization is the best venue for sharing knowledge of these great historic automobiles and creating lifelong friendships with others that share the same passion. Jane brings to the CR AACCA a forward-thinking perspective that is spot on our needs as we grow and prepare this Club for future generations to enjoy.

Jane, a retired employment counselor with the Department of Correctional Services, has been a member of the CR AACCA for 20 years. Now that she is retired, she has time to devote to leading the Club. Jane represents one of a handful of females who have held the position of AACCA President and feels it's important to represent the growing numbers of active female members becoming more engaged in ownership of these fabulous cars.

Jane is the owner of a 1936 Lafayette, built by Nash. Husband, Harry, was looking for an antique automobile for Jane to drive on car club trips. It had to be a car with an automatic transmission so she could drive it and be comfortable too. Harry found the Lafayette in the Old Cars Newspaper and they drove to St Cloud, Minnesota to pick it up.

Besides being President of the AACCA, Jane is also a member of the Model A Club, V8 Club, Nash Club, Hudson Club, and International Society of Scale Collectors. Jane's interests include going on old car trips, quilting, cooking, and spending time with family and friends.
