

Becoming a Sponsor

Join us in providing surf to the spectrum by sponsoring today.

Our team of Florida surfers and volunteers has worked to bring surfing to the Autism community for fifteen years. Children and adults with ASD (Autism Spectrum Disorder) are often introduced to waves of healing through our organization and its venues for surf events. Through passionate work and partnership, we have grown alongside our surf volunteers, Florida beach communities, local businesses, special needs advocates, friends, and supporters to bring these events to families of ASD.

SFA hosts 8-10 Surf Festivals ranging Florida's coasts from April to October and welcomes our families to ongoing year-round activities in the offseason. Surf Festival locations regularly meet maximum registration of 200+ participants, in addition wait list. Major support comes from corporations, local-area businesses, and other non-profits--related and unrelated to ASD--all eager to support and provide services at events. SFA is rooted in its culture of volunteerism with more than 500 at each event: support reaches beyond surfers and watermen to shoreline. Out-of-state travelers attend SFA festivals to come together in their love for our participants and the water, a commitment to acceptance and inclusion, and a connection between ASD community, allies and advocates.

Because of this mission, SFA has persevered pandemic impacts of recent and in turn innovated ways we can remain on the beach and helping our participants. This has expanded to small-scale surf sessions called Chapters--a space allowing participants to experience surfing in smaller groups of 30 for longer session intervals. Chapters run concurrently with the Surf Tour Schedule and provide flexibility for ASD families across the state to find their way to surfing with our group.

SFA survives financially through the continued partnerships with sponsors, monetary donations, donations of goods and services for event raffles, and the sale of branded merchandise. SFA is growing as is our purpose: to bring Autism awareness to our community while bringing surfing to those with ASD. We need passionate sponsors like you to continue our mission and bring surfing to the spectrum. We want you on our team!
