**Re: Amendment to Pending LIPA and Deepwater Wind PPA**

Dear Mr. Grybowski:

Reference is made to the Power Purchase Agreement ("PPA") dated January 25, 2017 between Long Island Power Authority ("LIPA") and Deepwater Wind South Fork, LLC ("Deepwater"). Capitalized terms used in this letter, but not defined, will have the meaning ascribed thereto in the PPA.

The Parties hereby agree to amend the PPA as follows:

- i. Section 15.3 is deleted in its entirety and replaced with the following:

"15.3 Lender(s)

Seller may, subject to Parties' compliance with requirements of this Section 15.3 which compliance shall constitute Buyer's written consent, assign, or grant as security, beneficially or otherwise, its rights under this Agreement to Lenders in connection with any financing of the Project, re-financing or other financing arrangement (through either a collateral or direct assignment and, in the case of a direct assignment, including a sub-assignment back to Seller for the term of the financing); provided, however, that Seller's obligations under this Agreement shall continue in their entirety in full force and effect as the obligations of a principal and not as a surety, and Seller shall remain fully liable for all of its obligations under or relating to this Agreement. Each such assignment and any assignee, purchaser or transferee shall be subject to Buyer's rights and defenses hereunder and under Legal Requirements. Seller shall provide prior notice to Buyer of any such assignment. Buyer shall execute such consents, agreements or similar documents with respect to an assignment hereof to Lender(s) as Lender(s) may reasonably request in connection with the documentation of the financing of the Project(s), including a consent to collateral assignment ("Consent Agreement") in a form reasonably acceptable to Buyer, which shall be in the form of Appendix II. Seller agrees to pay for Buyer's reasonable costs and expenses incurred in response to Seller's and Lender's requests, including attorney and consultant fees. Promptly after granting any such interest, Seller shall notify Buyer in writing of the name, address, and telephone and facsimile numbers of any Lender to which

Seller's interest under this Agreement has been assigned. Such notice shall include the names of the Lenders to whom all written and telephonic communications may be addressed. After giving Buyer such initial notice, Seller shall promptly give Buyer notice of any change in the information provided in the initial notice or any revised notice."

ii. Section 15.9 (New York State Finance Law Section 138) is incorporated in Article 15 following Section 15.8 as follows:

"15.9 New York State Finance Law Section 138

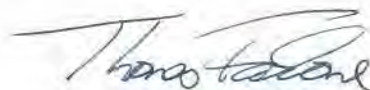

Notwithstanding any other provision of this Article 15, the provisions set forth in New York State Finance Law Section 138 shall apply."

All other terms and conditions of the PPA remain unchanged.

The above amendments to the PPA shall be effective as of January 25, 2017.

Please confirm your acceptance of the foregoing by signing and notarizing below, emailing a scan of your signature to Bobbi O'Conner ([boconner@lipower.org](mailto:boconner@lipower.org)), LIPA Deputy General Counsel, and sending three originals to Bobbi's attention.

Any one Day on which the conditions for an Excused Failure Day occur shall count as only one Excused Failure Day, regardless of the nature of such circumstances.

(ii) If the Effective Date occurs after March 31, 2017, then the Contract Price shall be the price in \$/MWh set forth in Appendix 4 applicable in such event.

### 3.2.4 Commercial Operation Date Notice

Prior to incurring any expenditures for such compliance costs, Seller shall (i) provide notice to Buyer when it becomes aware of the need to make

such expenditures, and (ii) advise Buyer as to the nature, estimated cost, and timing of the capital expenditure required for compliance. Buyer shall have sixty (60) Days to review such advice and may approve or not approve Seller's incurring such capital expenditures including the timing of such expenditures; provided, that (i) Seller shall only be required to comply with the Renewable Energy Standard eligibility rules and requirements for which Buyer authorizes recovery of the related compliance costs, if any, and (ii) Seller shall have no obligation to comply with any Renewable Energy Standard eligibility rules and requirements unless and until Buyer approves the recovery of the related capital expenditures.

3.7.2 If Buyer approves the incurrence of capital expenditures by Seller pursuant to Section 3.7.1 above and such costs (i) are less than or equal to \$500,000, then Buyer shall reimburse Seller for such costs as a lump sum payment to be made within one (1) month after the incurrence of such costs or (ii) exceed \$500,000, then Buyer may choose to reimburse such costs to Seller either through (a) equal Monthly Energy Payments beginning one (1) month following the incurrence of such costs as described below; or (b) a lump sum payment to be made within one (1) month after the incurrence of such costs. "Monthly Energy Payment" shall mean levelized monthly payments of interest and principal based on (a) the remaining months in the Base Term, or if the Parties have agreed to extend the Term of the Agreement pursuant to Section 2.1.2, then the remaining months in the Term; (b) the dollar amount of reimbursable capital costs pursuant to Section 3.7.1; and (c) the Seller Interest Rate divided by twelve (12).

3.7.3 The Parties acknowledge and agree that as of the Execution Date Seller is committing to furnish to Buyer and Buyer is committing to accept from Seller all available Renewable Attributes, but the presently-available Renewable Attributes include only the RECs related to the Renewable Energy Standard; however, Renewable Attributes which exist or are created after the Execution Date, including Renewable Attributes which are created with the Renewable Energy Standard may be recognized by a Governmental Authority after the Execution Date. In such event, Buyer may elect to have such future Renewable Attributes transferred by Seller and accepted by Buyer pursuant to the terms and conditions set forth in this Agreement by providing written notice to Seller. If Buyer elects to effect the transfer of such future Renewable Attributes from Seller, then all actual, out-of-pocket costs reasonably incurred by Seller in connection with effecting such transfer shall be recoverable by Seller from Buyer as an Energy Payment Adjustment. Seller shall make commercially reasonable efforts to accommodate any reasonable request of Buyer to effect any modification or improvement to the Project in order to qualify for the availability of any such future Renewable Attributes; provided that (i) all actual, out-of-pocket costs reasonably incurred by Seller in connection with effecting such modification or improvement, including any capital costs or increased operating costs, shall be recoverable by Seller from Buyer as an Energy Payment Adjustment and (ii) such modification or improvement shall not (a) violate any Consent, Legal Requirement or contract, (b) void any warranties (including any manufacturer's warranties) or otherwise cause Seller to fail to comply with its obligations set forth in Section 12.15, (c) adversely affect the terms of any insurance coverage described in Appendix 9 or otherwise maintained for the Project or (d)

adversely impact the safety, technical performance or design life of the Project or the Project's availability or ability to generate or deliver the Products.

3.7.4 The Parties agree to cooperate in good faith with respect to the development of further agreements and documentation necessary to effectuate the transfer and receipt of such future Renewable Attributes prior to any such transfer and receipt, including agreement with respect to appropriate transfer, receipt, delivery and risk of loss mechanisms; provided that the Parties acknowledge and agree that such terms are not intended to alter the other material terms of this Agreement.

3.7.5 Seller shall not assign, sell, transfer, pledge, or encumber any such future Renewable Attributes to any Person other than Buyer.

### 3.8 Renewable Energy Standard

Buyer's obligations under this Agreement are expressly conditioned on Seller ensuring that the Project complies with applicable Renewable Energy Standard eligibility rules and requirements, if any, in accordance with and subject to Section 3.7.1.

### 3.9 Buyer's Rights Related to Renewable Attributes

Buyer shall have sole, exclusive and perpetual ownership of all Renewable Attributes and shall be free to sell, assign, transfer, retire, or otherwise subject to any encumbrance, any of the Renewable Attributes or the right, title and interest to the Renewable Attributes Buyer shall acquire under this Agreement, at any time and from time to time to any entity and on such terms and conditions as Buyer may desire. Any financial or other consideration received by Buyer from any such action shall inure solely to Buyer's benefit, and shall not affect Seller's obligations under the terms of this Agreement. Buyer's rights shall include exclusive rights to claim, consistent with the Renewable Energy Standard that (i) the Energy associated with Renewable Attributes was generated by the Project, and (ii) Buyer receives credit for the reductions in emissions and/or pollution resulting from the generation of the Energy and Renewable Attributes.

### 3.10 Outages

3.10.1 The Parties shall make commercially reasonable efforts to coordinate scheduled Maintenance and Planned Outages. Seller will coordinate scheduling of maintenance with Connecting Transmission Owner. Seller will use commercially reasonable efforts to ensure Project availability during peak periods consistent with Prudent Utility Practices.

3.10.2 Seller shall make commercially reasonable efforts consistent with Prudent Utility Practices to minimize the occurrence and duration of Forced Outages. Upon the occurrence of a Forced Outage, Seller shall notify Buyer as soon as practicable and shall notify Buyer upon the conclusion of the Forced Outage. Seller shall provide such notice pursuant to the terms of the Operating Instructions.

### 3.11 Development of Operating Instructions

Buyer and Seller shall jointly develop the written Operating Instructions for the Project by no later than ninety (90) Days prior to the Project COD Target Date. The Operating Instructions shall be consistent with this Agreement, and shall conform to the Project's and Connecting Transmission Owner's Electrical System operating parameters and characteristics that are in effect on or after the date of this Agreement and the NYISO Rules. The Operating Instructions may be revised from time to time to the extent mutually agreed in writing by the Parties. Seller shall provide such information regarding the Project or its operation that Buyer may be required to report to the NYISO. The Operating Instructions shall contain a level of detail reasonably required by Buyer and Seller to perform their respective obligations under this Agreement.

### 3.12 Test Energy

To the extent Seller delivers Test Energy to Buyer at the Delivery Point prior to Project COD, Seller will deliver the quantity of Test Energy generated by the Project in accordance with the provisions of this Agreement. To the extent that any Renewable Attributes are available with Test Energy, such Renewable Attributes will be transferred to Buyer in accordance with the provisions of this Agreement.

### 3.13 Station Service Energy

Seller shall have responsibility to obtain Station Service Energy as applicable to the Project.

### 3.14 No Immunity Claim

Buyer warrants and covenants that with respect to its contractual obligations hereunder and performance thereof, it will not claim immunity on the grounds of sovereignty or similar grounds with respect to itself or its revenues or assets from (i) suit, (ii) jurisdiction of court as provided herein and of any court to which an appeal may be taken, (iii) relief by way of injunction, order for specific performance or recovery of property, (iv) attachment of assets, or (v) execution or enforcement of any judgment.

### 3.15 Buyer's Metering Device

3.15.1 The Buyer's Metering Device used to measure the Delivered Energy sold by Seller to Buyer under this Agreement and to monitor and coordinate operation of the Project shall be owned, installed, and maintained by Buyer. Buyer shall provide Seller access, for Seller's use only and subject to Article 16 hereof, to Buyer's Metering Device during Business Days upon reasonable notice. Buyer's Metering Device shall be located at the Delivery Point. Buyer shall inspect and test Buyer's Metering Device upon installation and at least annually thereafter. Buyer shall provide Seller with reasonable notice of, and permit a representative of Seller to witness and verify, such inspections and tests, provided, however, that Seller shall not unreasonably interfere with or disrupt the activities of Buyer and shall comply with all of Buyer's safety standards. Upon request by Seller, Buyer shall perform additional inspections or tests of Buyer's Metering Device

and shall permit a qualified representative of Seller to inspect or witness the testing of Buyer's Metering Device; provided, however, that Seller shall not unreasonably interfere with or disrupt the activities of Buyer and shall comply with all of Buyer's safety standards. The actual expense of any such requested additional inspection or testing shall be borne by Seller, unless upon such inspection or testing Buyer's Metering Device is found to register inaccurately by more than the allowable limits established in Section 3.16, in which event the expense of the requested additional inspection or testing shall be borne by Buyer. If requested by Seller in writing, Buyer shall provide copies of any inspection or testing reports to Seller. Seller may elect to install and maintain, at its own expense, metering devices (the "Seller's Metering Devices") in addition to the Buyer's Metering Device installed and maintained by Buyer, which installation and maintenance shall be performed in a manner acceptable to Buyer. Seller, at its own expense, shall inspect and test the Seller's Metering Devices upon installation and at least annually thereafter. Seller shall provide Buyer with reasonable notice of, and permit a representative of Buyer to witness and verify, such inspections and tests; provided, however, that Buyer shall not unreasonably interfere with or disrupt the activities of Seller and shall comply with all of Seller's safety standards. Upon request by Buyer, Seller shall perform additional inspections or tests of the Seller's Metering Devices and shall permit a qualified representative of Buyer to inspect or witness the testing of Seller's Metering Devices, provided, however, that Buyer shall not unreasonably interfere with or disrupt the activities of Seller and shall comply with all of Seller's safety standards. The actual expense of any such requested additional inspection or testing shall be borne by Buyer, unless, upon such inspection or testing, Seller's Metering Devices are found to register inaccurately by more than the allowable limits established in Section 3.16, in which event the expense of the requested additional inspection or testing shall be borne by Seller. If requested by Buyer in writing, Seller shall provide copies of any inspection or testing reports to Buyer. If Buyer's Metering Device, or Seller's Metering Devices, is found to be defective or inaccurate outside the bounds of the selected device's manufacturer's performance standards, they shall be adjusted, repaired, replaced and/or recalibrated as near as practicable to a condition of zero error by the Party owning such defective or inaccurate device and at that Party's expense.

3.15.2 On and after Project COD and not later than close of business on the third (3<sup>rd</sup>) Business Day after the end of each Month, Buyer shall deliver to Seller a report stating for each hour during such immediately preceding Month the number of kilowatt hours of Energy received at the Delivery Point.

### 3.16 Adjustment for Inaccurate Meters

If Buyer's Metering Device, or Seller's Metering Devices, fails to register, or if the measurement made by Buyer's Metering Device, or Seller's Metering Devices, is found upon testing to be inaccurate by more than one percent (1.0%), an adjustment shall be made correcting all measurements by the inaccurate or defective Buyer's Metering Device, or Seller's Metering Devices, for both the amount of the inaccuracy and the period of the inaccuracy, in the following manner:

3.16.1 In the event that Buyer's Metering Device is found to be defective or inaccurate, the Parties shall use Seller's Metering Devices, if installed, to determine the amount of such inaccuracy, provided, however, that Seller's Metering Devices have been tested and maintained in accordance with the provisions of Section 3.15. If the Seller's Metering Devices are installed on the low side of Seller's step-up transformer, the Seller's Metering Devices data shall be adjusted for losses. In the event that Seller did not install Seller's Metering Devices, or Seller's Metering Devices are also found to be inaccurate by more than one percent (1.0%), the Parties shall estimate the amount of the necessary adjustment on the basis of Delivered Energy during periods of similar operating conditions when the Buyer's Metering Device was registering accurately. The adjustment shall be made for the period during which inaccurate measurements were made.

3.16.2 In the event that the Parties cannot agree on the actual period during which the inaccurate measurements were made, the period during which the measurements are to be adjusted shall be the shorter of (i) the last one-half of the period from the last previous test of the Buyer's Metering Device to the test that found the Buyer's Metering Device to be defective or inaccurate, or (ii) the one hundred eighty (180) Days immediately preceding the test that found the Buyer's Metering Device to be defective or inaccurate.

3.16.3 To the extent that the adjustment period covers a period of deliveries for which payment has already been made by Buyer, Buyer shall use the corrected measurements as determined in accordance with this Article 3 to re-compute the amount due for the period of the inaccuracy and shall subtract the previous payments by Buyer for this period from such re-computed amount. Such computation and methodology shall be shared with Seller and the Parties shall use good faith efforts to reach mutual agreement on this calculation. If the difference is a positive number, the difference shall be paid by Buyer to Seller; if the difference is a negative number, that difference shall be paid by Seller to Buyer, or at the discretion of Seller in the case of a payment to be made by Buyer to Seller, may take the form of an offset to payments due Seller by Buyer. Payment of such difference by the owing Party shall be made not later than thirty (30) Days after the owing Party receives notice of the amount due, unless Buyer elects payment via an offset.

### 3.17 Monitoring

Buyer may monitor system performance of the Project on Buyer's side of the Delivery Point in order to facilitate public education and outreach. As such, Buyer may install, own and maintain a data acquisition system on Buyer's side of the Delivery Point at Buyer's sole expense that allows Buyer to monitor, analyze, and display historical and real-time, renewable Energy electric generation data for the Project. Seller shall reasonably cooperate with Buyer to allow for installation and maintenance of the monitoring system on Buyer's side of the Delivery Point. Any monitoring system that Seller requires for operation and control of the Project shall be installed at Seller's sole expense. Buyer shall have reasonable access to hourly generation data from each Wind Turbine.

3.18 Change in Law

3.19 Buyer's Access to Records

At Buyer's request, Seller shall make available all records pertaining to production and sale of Products to Buyer, as well as any financial records required to support the reimbursement of any amounts due to Seller from Buyer under this Agreement.

3.20 Seller as Owner of the Project

Seller shall at all times retain title to and be the legal and beneficial owner of the Project and the Project shall remain the property of Seller or Seller's permitted assigns. The Parties specifically acknowledge and agree that Seller shall be the owner of the Project for federal income tax purposes and, in that connection, shall be entitled to the depreciation deductions associated with the Project as well as any tax credits or other income tax benefits provided under any Legal Requirements to which the Project may be entitled.

3.21 Seller as ICAP Supplier

Seller shall at all times comply with all NYISO Rules applicable to ICAP Suppliers including those related to submitting data pertaining to Intermittent Power Resources. Buyer shall have the right to review all such data submitted to the NYISO.

**ARTICLE 4: INTERCONNECTION ARRANGEMENTS**

4.1 General

The Parties shall cooperate to make all arrangements, execute all agreements, and make commercially reasonable efforts to cause the Electrical Interconnection Facilities to be completed on or before the Installation Start Date. Buyer shall make commercially reasonable efforts to take those actions within its regulatory authority to cause the Connecting Transmission Owner to execute the Interconnection Agreement with a term ending no earlier than the last day of the Term. Seller shall cooperate with all reasonable requests of Buyer to provide information with respect to the interconnection process.

4.2 Operation and Maintenance of Electrical Interconnection Facilities

Under the terms of the Interconnection Agreement, Seller is responsible for the operation and maintenance of the Developer Attachment Facilities. The Connecting Transmission Owner is responsible for the operation and maintenance of the Electrical Interconnection Facilities (other than the Developer Attachment Facilities).

4.3 Reimbursement of Interconnection Costs

Seller shall be responsible for timely payment of all Interconnection Costs as and when incurred and invoiced. Buyer shall reimburse Seller for Interconnection Costs in excess of \$500,000 in the aggregate (“Reimbursable Interconnection Costs”) by one of the two options described in Sections 4.3.1 and 4.3.2 below.

4.3.1 Buyer shall reimburse Seller for Reimbursable Interconnection Costs paid by Seller to the Connecting Transmission Owner either, at Buyer’s sole option, through (a) two hundred and forty (240) equal Monthly Interconnection Payments beginning one (1) month from Project COD as described below; or (b) a lump sum payment to be made within one (1) month after the Project achieves Project COD (“Lump Sum Interconnection Payment”).

4.3.2 “Monthly Interconnection Payment” shall mean levelized monthly payments of interest and principal based on (a) two hundred and forty (240) payments; (b) the dollar amount of Reimbursable Interconnection Costs; and the Seller Interest Rate divided by twelve (12).

I. Figure 4.3.2 – Example of calculation of Monthly Interconnection Payment:

<p>For example, if</p> <p>Reimbursable Interconnection Costs = \$1,000,000</p> <p>Number of Payments = 240</p> <p>Seller Interest Rate = 10.0%</p>
--

<p>Seller Interest Rate divided by 12 = 0.83%</p> <p><b>Monthly Interconnection Payment = \$9,650.22</b></p>
--

2. Ninety (90) Days prior to the Project COD Target Date, Seller will provide Buyer with a statement of the estimated Reimbursable Interconnection Costs and the estimated Monthly Interconnection Payment. Buyer will have thirty (30) Days following receipt of Seller's estimated Reimbursable Interconnection Costs to notify Seller which reimbursement methodology under Section 4.3.1 will be used.

3. Cooperation. Buyer and Seller shall cooperate and act in good faith in the implementation of the Project. Such cooperation shall include timely responses to reasonable requests for information and the reasonable coordination of the activities of both Parties and their respective third parties regarding the design and construction of the Project and the Electrical Interconnection Facilities.

**ARTICLE 5: AVAILABILITY, UNDERPERFORMANCE, DISCOUNTED ENERGY**

Five lines from  
LIPA - Aug 31, 2017  
(page 0047)

**5.1 Availability**

5.1.1 Commencing with the Month in which Project COD occurs and continuing throughout the Term, Seller shall calculate and provide to Buyer a written report setting forth the Equivalent Availability for each Month as soon as practicable after the end of such Month, but in no event later than thirty (30) Days after the end of such Month.

**5.2 Chronic Underperformance**

5.2.1 Commencing at the end of the third (3<sup>rd</sup>) Contract Year, Buyer shall have the option to terminate this Agreement as provided herein in the event the Project fails to maintain an average Equivalent Availability in any consecutive twenty-four (24) Month period ("Average Monthly Capacity") that is equal to at least fifty percent (50%) ("Chronic Underperformance"). If Chronic Underperformance occurs, Buyer may terminate this Agreement by delivering written notice to Seller of its election to exercise such termination right within ninety (90) Days after the end of the consecutive twenty-four (24) Month period in which such Chronic Underperformance occurred. Prior to exercising any such right of termination, Buyer shall confer with Seller to determine whether Seller is willing to take additional steps to cure such Chronic Underperformance. Buyer shall have the right in its sole discretion to determine whether to accept any such additional steps to remediate such Chronic Underperformance or to exercise its termination rights. If Buyer elects to grant Seller additional time to remediate the Chronic Underperformance, it shall give Seller written notice of its election and Seller shall have an additional six (6) Months to achieve an Average Monthly Capacity equal to at least fifty percent (50%); provided that, if remedying such Chronic Underperformance requires repairs or other corrective actions that are not reasonably capable of being executed with the cranes installed on the Wind Turbines' foundations or the Wind Turbines' internal service cranes, then, so long as Seller has submitted to Buyer a plan to remedy such Chronic Underperformance within such additional six (6) Month period and is otherwise exercising diligent efforts to remedy such Chronic Underperformance, Seller shall have an additional eighteen (18) Months to achieve an Average Monthly Capacity equal to at least fifty percent (50%). In the event that Seller fails to achieve an Average Monthly Capacity equal to at least fifty percent (50%) within such additional period, then Buyer shall have the right to terminate this Agreement pursuant to Section 6.5. Termination of this Agreement pursuant to this Section 5.2.1 shall have no effect on the Interconnection Agreement. For the avoidance of doubt, as long as the average Equivalent Availability in any consecutive twenty-four (24) Month period is equal to at least fifty percent (50%), Buyer may not terminate this Agreement pursuant to this Section 5.2.1 with respect to the average Equivalent Availability for such twenty-four (24) Month period.

5.2.2 Notwithstanding anything to the contrary herein, the Parties agree that Buyer's sole and exclusive remedy for any Chronic Underperformance during any Month throughout the Term shall be Buyer's termination rights set forth in Section 5.2.1;

provided, however, that, if a Seller Event of Default has occurred, then, in addition to the foregoing remedies but without duplication of recovery, Buyer may also pursue its remedies pursuant to Sections 6.5 and 6.6.

5.3. Annual Energy Production

5.3.1 [REDACTED] sets forth Seller's good faith Projected Energy Deliveries for each Contract Year based on the assumed technical and other specifications and design layout of the Project and the Site as of the Execution Date. The assumptions underlying the projection for each Contract Year are set forth on Schedule 1 to [REDACTED]

5.3.2 On or before the date which is one hundred and twenty (120) days after Project COD, Seller, on written notice to Buyer, may adjust the Projected Energy Deliveries to take into account the actual as-installed and as-tested specifications for the Project and actual operating experience to date. Each of the items listed on Schedule 1 to Appendix 3, except for expected weather variations, shall be updated by Seller and Seller shall provide to Buyer an explanation of any variation in the Projected Energy Deliveries.

5.4 Discounted Energy

In each Contract Year, the price for each MWh of Delivered Energy in excess of [REDACTED] hundred five percent (105%) of the annual quantity of Projected Energy Deliveries as set forth in Appendix 3 for such Contract Year ("Discounted Energy") shall be the Contract Price applicable for such Contract Year multiplied by zero point two (0.2).

*[Remainder of page is left intentionally blank]*

**ARTICLE 6: EVENTS OF DEFAULT; REMEDIES****6.1 Seller Events of Default**

A "Seller Event of Default" shall mean, with respect to Seller, the occurrence of any of the following:

6.1.1 the failure by Seller to make, when due, any payment required pursuant to this Agreement if such failure is not remedied within ten (10) Business Days after written notice from Buyer;

6.1.2 any representation or warranty made by Seller herein or in any certificate delivered to Buyer pursuant to this Agreement is false or misleading in any material respect when made or when deemed made or repeated and such error has a (a) material and adverse effect on the ability of any Party to perform its obligations under this Agreement and (b) material adverse impact on Buyer's realization of benefits for which this Agreement provides;

6.1.3 except for any failure that (a) constitutes a separate Seller Event of Default, (b) consists of Seller's failure to reach Project COD by the Project COD Target Date, (c) constitutes Chronic Underperformance or (d) consists of Seller's failure to perform obligations to provide Delivered Energy after Project COD, the failure by Seller to perform any material covenant or obligation set forth in this Agreement if such failure is not remedied within forty-five (45) Days after written notice; provided that if such failure is not reasonably capable of being cured within forty-five (45) Days after such written notice, and if Seller has commenced and is exercising diligent efforts to remedy such failure, then such additional period of time, not to exceed one hundred twenty (120) additional Days, as shall be required to remedy such failure with the exercise of diligent efforts; provided further however, that during such cure periods, any Day on which Seller or its contractors may not reasonably commence or continue such cure activities due to offshore weather conditions or due to seasonal limitations on offshore work pursuant to prudent marine safety and operating practices or insurance underwriters' restrictions, whether or not any such delay may constitute a Force Majeure Event, shall not be counted toward the foregoing cure periods;

6.1.4 Seller becomes Bankrupt;

6.1.5 Seller consolidates or amalgamates with, or merges with or into, or transfers all or substantially all of its assets to, another entity and, at the time of such consolidation, amalgamation, merger or transfer, the resulting, surviving or transferee entity fails to assume all the obligations of Seller under this Agreement if such failure is not remedied within ninety (90) Days after written notice;

6.1.6 failure by Seller to transfer to Buyer rights to the RECs and/or Renewable Attributes in conformity with this Agreement and such failure is not remedied within fifteen (15) Business Days after written notice (or within a commercially reasonable period of time if such transfer cannot be accomplished within fifteen (15) Business Days

after such written notice and Seller is exercising diligent efforts to promptly comply with the requirements applicable to any such transfer);

6.1.7 subject to Section 3.7.1, failure of the Project to maintain eligibility consistent with the Renewable Energy Standard requirements in conformity with Section 3.8;

6.1.8 any sale of Products during the Term to any entity other than Buyer; or

6.1.9 failure to provide Seller Security in accordance with Article 9 or insurance in accordance with Article 11.

## 6.2 Buyer Events of Default

A “Buyer Event of Default” shall mean, with respect to Buyer, the occurrence of any of the following:

6.2.1 the failure by Buyer to make, when due, any payment required pursuant to this Agreement if such failure is not remedied within ten (10) Business Days after written notice from Seller;

6.2.2 any representation or warranty made by Buyer herein or in any certificate delivered to Seller pursuant to this Agreement is false or misleading in any material respect when made or when deemed made or repeated and such error has a (a) material and adverse effect on the ability of any Party to perform its obligations under this Agreement and (b) material adverse impact on Seller’s realization of benefits for which this Agreement provides;

6.2.3 the failure by Buyer to perform any material covenant or obligation set forth in this Agreement (except and to the extent such failure constitutes a separate Buyer Event of Default) if such failure is not remedied within thirty (30) Business Days after written notice; provided that if such failure is not reasonably capable of being cured within thirty (30) Business Days, and if Buyer is exercising diligent efforts to remedy such failure, then such additional period of time, not to exceed ninety (90) additional Business Days as shall be required to remedy such failure with the exercise of diligent efforts;

6.2.4 Buyer becomes Bankrupt; or

6.2.5 Buyer consolidates or amalgamates with, or merges with or into, or transfers all or substantially all of its assets to, another entity and, at the time of such consolidation, amalgamation, merger or transfer, the resulting, surviving or transferee entity fails to assume all the obligations of Buyer under this Agreement if such failure is not remedied within sixty (60) Business Days after written notice.

### 6.3 Notice and Opportunity to Cure

Upon actual discovery of an Event of Default, the Party claiming the occurrence of an Event of Default shall provide the alleged Defaulting Party with written notice of the alleged Event of Default and any remedy sought (“Notice of Default”). If such Notice of Default is to Seller, Buyer shall provide concurrent notice to each Lender. The alleged Defaulting Party shall have forty-five (45) Days to cure any Event of Default that is not subject to notice and cure periods under Sections 6.1 or 6.2, as applicable. If the Defaulting Party chooses to cure such Event of Default and the Event of Default cannot be reasonably cured within such forty-five (45) Day period, then, upon Defaulting Party’s written notice to the Non-Defaulting Party delivered within forty-five (45) Days of the date of Notice of Default, the cure period shall be extended by up to an additional one hundred thirty-five (135) Days or the amount of time reasonably necessary to complete the cure, whichever is less, provided that the Defaulting Party diligently pursues efforts to cure such Event of Default during such extension period and the notice contains the explanation of the need for extended cure period in reasonable detail.

### 6.4 Waiver; Duty to Mitigate

The failure of the Non-Defaulting Party to exercise its remedies under this Article 6 within six (6) Months after becoming aware of an Event of Default shall result in the waiver of such Event of Default for purposes of this Agreement. The Non-Defaulting Party has a duty to mitigate damages arising out of an Event of Default, which duty shall survive termination of this Agreement.

### 6.5 Declaration of an Early Termination Date and Calculation of Termination Payment

If a Seller Event of Default or a Buyer Event of Default shall have occurred and is continuing beyond expiration of the cure period set forth in Sections 6.1, 6.2 or 6.3, as applicable, and has not been waived in accordance with Section 6.4 or if Buyer is entitled to terminate this Agreement pursuant to Section 5.2.1, the Non-Defaulting Party shall have the right, upon providing written notice to the Defaulting Party within thirty (30) Days of learning of such Seller Event of Default or Buyer Event of Default (except as otherwise provided for in this Agreement), (i) to designate a Day when this Agreement shall terminate, which shall be no earlier than the Day after expiration of the cure period set forth in Sections 6.1, 6.2 or 6.3, as applicable, and no later than one hundred eighty (180) Days thereafter (“Early Termination Date”), to accelerate all amounts owing between the Parties and to determine in a commercially reasonable manner the Non-Defaulting Party’s Losses and Costs, net of any and all amounts due from the Non-Defaulting Party to the Defaulting Party with respect to deliveries of Products or other matters under this Agreement completed prior to the Early Termination Date, which shall be the termination payment due from and payable by the Defaulting Party as provided in Section 6.6 (the “Termination Payment”), (ii) to withhold any payments due to the Defaulting Party under this Agreement, and (iii) to suspend performance in accordance with Section 6.8. The Defaulting Party shall not be entitled to receive payment of any Termination Payment.

#### 6.6 Notice of Payment of Termination Payment

As soon as practicable after an Early Termination Date has been established pursuant to Section 6.5, notice shall be given by the Non-Defaulting Party to the Defaulting Party of the amount and a calculation of the Termination Payment due to the Non-Defaulting Party. The notice shall include a written statement explaining in reasonable detail the calculation of such amount. The Termination Payment shall be made by the Defaulting Party to the Non-Defaulting Party within five (5) Business Days after such notice is effective.

#### 6.7 Disputes With Respect to Termination Payment

If the Defaulting Party disputes the Non-Defaulting Party's calculation of the Termination Payment, in whole or in part, the Defaulting Party shall, within five (5) Business Days of receipt of Non-Defaulting Party's notice provided under Section 6.6, provide to the Non-Defaulting Party a detailed written explanation of the basis for such dispute. Such dispute shall be settled in accordance with the dispute resolution process set forth in Article 13.

#### 6.8 Suspension of Performance

Notwithstanding any other provision of this Agreement, if a Seller Event of Default or a Buyer Event of Default shall have occurred and is continuing beyond expiration of the cure period set forth in Sections 6.1, 6.2 or 6.3, as applicable, and has not been waived in accordance with Section 6.4, the Non-Defaulting Party shall have the right (i) upon written notice to the Defaulting Party, to suspend performance under this Agreement provided, however, in no event shall any such suspension continue for longer than twenty (20) Business Days unless an Early Termination Date shall have been declared and notice thereof given pursuant to Section 6.5, and (ii) to exercise any remedy available at law or in equity, subject to Article 8.

*[Remainder of page is left intentionally blank]*

## ARTICLE 7: PAYMENT

### 7.1 Billing Period

Unless otherwise specifically agreed upon by the Parties, the calendar Month (the “Billing Period”) shall be the standard period for all payments under this Agreement (other than Termination Payment). As soon as practicable after the end of each Month, each Party will render to the other Party an invoice for the payment obligations, if any, incurred hereunder during the preceding Month.

### 7.2 Invoices

All invoices presented by either of the Parties shall be in the form of the sample Monthly Invoice as set forth in Appendix 5.

#### 7.2.1 Liquidated Damages

(i) Early Termination Liquidated Damages Amounts. Buyer shall prepare and submit an invoice to Seller for any Liquidated Damage amounts due and payable to Buyer from Seller providing sufficient detail to show the amounts due pursuant to Section 2.3.4.

(ii) Capacity Shortfall Damages Amounts. Buyer shall prepare and submit an invoice to Seller for any Liquidated Damage amounts due and payable to Buyer from Seller providing sufficient detail to show the amounts due pursuant to Section 3.1.3.

(iii) COD Liquidated Damages Amounts. Buyer shall prepare and submit an invoice to Seller for any Liquidated Damage amounts due and payable to Buyer from Seller providing sufficient detail to show the amounts due pursuant to Section 3.3.

#### 7.2.2 Interconnection Costs

After Project COD, Seller shall prepare and submit to Buyer a single invoice for the accumulated Reimbursable Interconnection Costs pursuant to Article 4. Such statement shall show the nature, amount and payee, if any, of the Reimbursable Interconnection Costs paid and incurred by Seller and shall be the basis for determining the Lump Sum Interconnection Payment or Monthly Interconnection Payment in accordance with Article 4.

#### 7.2.3 Monthly Invoice

(i) Monthly Energy Charge. Commencing with the Month in which Project COD occurs and continuing throughout the Term, Seller shall prepare and submit to Buyer a Monthly Invoice for Delivered Energy and Deemed Energy Deliveries. Each Monthly Invoice that includes the Monthly Energy Charge shall be accompanied by the calculation thereof in accordance with Appendix 4 and

shall be consistent with Appendix 5 and shall take into account the provisions for Discounted Energy in Section 5.4. As specified in Section 3.1.2, all such invoices that include a Monthly Energy Charge shall be accompanied by a completed Certification and Assignment of Rights Form provided as Appendix 6 hereto which shall be deemed to satisfy the eligibility requirements under the Renewable Energy Standard. Buyer may request Seller to otherwise demonstrate the transfer of the Renewable Attributes as reasonably requested by Buyer at Buyer's expense.

(ii) Energy Payment Adjustments. To the extent that any Energy Payment Adjustments arise, Seller shall include on the Monthly Invoice to Buyer such Energy Payment Adjustment amounts as separate line items detailing the nature and amount due and payable to Seller from Buyer.

(iii) Attribute Deficiency Month Adjustment. To the extent that any Attribute Deficiency Month credit arises as set forth in Section 3.1.2(ii), Seller shall include on the Monthly Invoice to Buyer such credit as a separate line item detailing the nature and amount to be credited by Seller to Buyer.

(iv) Monthly Interconnection Payment or Lump Sum Interconnection Payment. If the lump sum payment option is selected pursuant to Section 4.3.1(a), then the first Monthly Invoice issued pursuant to Section 7.2.3 shall include the Lump Sum Interconnection Payment calculated in accordance with Section 7.2.3 as a separate line item on the Monthly Invoice. If the levelized payment option is selected pursuant to Section 4.3.1(b), then each Monthly Invoice issued pursuant to Section 7.2.3 shall include the amount required to be paid for the Monthly Interconnection Payment calculated in accordance with Section 7.2.2 as a separate line item on the Monthly Invoice until the two hundred forty (240) Monthly Interconnection Payments have been made.

(v) Test Energy. To the extent Seller delivers Test Energy to Buyer from the Project as set forth in Section 3.12, Buyer shall pay the Monthly Energy Charge for such Test Energy and Seller shall furnish to Buyer in the Monthly Invoice the amounts of such Test Energy together with a calculation of the amount due to Seller pursuant to Section 3.12.

(vi) Other Costs. After the Effective Date, each Party shall submit to the other Party an invoice for any amount due and payable to such Party under this Agreement which is not otherwise subject to reimbursement or payment in Section 7.2.1 through Section 7.2.3.

### 7.3 Timeliness of Payment

Unless otherwise agreed by the Parties, all invoices under this Agreement shall be due and payable in accordance with each Party's invoice instructions on or before the thirtieth (30<sup>th</sup>) Day after receipt of the invoice or, if such Day is not a Business Day, then on the next Business Day. Such thirtieth (30<sup>th</sup>) Day after receipt of the invoice, or such following Business Day, shall

be the date on which the amounts invoiced therein shall be due for all purposes of this Agreement. Each Party will make payments by electronic funds transfer, or by other mutually agreeable method(s), to the account designated by the other Party. Any amounts not paid by the due date will be deemed delinquent and will accrue interest at the Interest Rate, such interest to be calculated from and including the due date to but excluding the date the delinquent amount is paid in full.

#### 7.4 Disputes and Adjustments of Invoices

A Party may, in good faith, dispute the correctness of any invoice or any adjustment to an invoice, rendered under this Agreement or adjust any invoice for any arithmetic or computational error within six (6) years of the date the invoice, or adjustment to an invoice, was rendered. In the event an invoice or portion thereof, or any other claim or adjustment arising hereunder, is disputed, payment of the undisputed portion of the invoice shall be required to be made when due, with notice of the objection given to the other Party. Any invoice dispute or invoice adjustment shall be in writing and shall state the basis for the dispute or adjustment. If an invoice is not rendered within twelve (12) Months after the close of the Month during which performance occurred, the right to payment for such performance is waived.

#### 7.5 Payment Obligation

Each Party shall pay the other Party all amounts owed in full when due except for amounts in dispute in accordance with Section 7.4.

#### 7.6 Buyer Prepayment

7.6.1 On or before the date that is twelve (12) Months before the Project COD Target Date, Buyer may, by written notice to Seller, offer to prepay a specified portion of the Projected Energy Deliveries in a lump sum payment due at Project COD, on terms and conditions to be agreed between Buyer and Seller; provided that Seller has no obligation to agree to such prepayment offer. Such prepayment structure would not increase the economic obligations of Buyer to pay for Delivered Energy beyond the terms set forth in the Agreement, but shall only provide for an alternative method to pay for a portion of the Projected Energy Deliveries. Upon receipt of such offer notice from Buyer, Buyer and Seller agree to discuss the terms and conditions of such prepayment, an amendment to the Agreement to document such terms and conditions and a security agreement pursuant to which Seller would grant a first lien and security interest in the Project assets to Buyer to secure Buyer's rights to receive the prepaid Delivered Energy; provided that Buyer and Seller, in their sole discretion, may end such discussions at any time and are under no obligation to enter into such amendment to the Agreement or such security agreement.

7.6.2 The failure of the Parties to agree on the prepayment terms and conditions, enter into an amendment to the Agreement to document such terms and conditions or enter into a security agreement granting a security interest in the Project assets in favor of Buyer, for any reason, including the failure of Lenders or tax equity investors to agree or consent to such terms and conditions or documentation, shall not affect this Agreement

and this Agreement shall remain in full force and effect on the terms and conditions set forth herein and neither Party has any obligation or liability to the other, including for expenses, damages, specific performance or otherwise, for failing or refusing to enter into a prepayment or for failing or refusing to agree to any terms and provisions thereof. In the event the Parties reach an agreement on a prepayment and execute an amendment to this Agreement effectuating such prepayment, Seller agrees to cooperate, at Buyer's cost and expense, with Buyer to enable Buyer to raise capital or issue debt securities to obtain the prepayment funds.

**ARTICLE 8: LIMITATIONS****8.1 Limitation of Liability**

THE PARTIES AGREE THAT SELLER'S WARRANTIES SPECIFICALLY SET FORTH IN THIS AGREEMENT CONSTITUTE BUYER'S SOLE REMEDY AND SELLER'S SOLE LIABILITY WITH RESPECT TO WARRANTY CLAIMS AND ARE IN LIEU OF ANY OTHER WARRANTIES AVAILABLE AT LAW OR IN EQUITY. THERE IS NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND ANY AND ALL OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED, ARE HEREBY DISCLAIMED. THE PARTIES CONFIRM THAT THE EXPRESS REMEDIES AND MEASURES OF DAMAGES PROVIDED IN THIS AGREEMENT SATISFY THE ESSENTIAL PURPOSES HEREOF. NEITHER PARTY SHALL BE LIABLE FOR CONSEQUENTIAL, INCIDENTAL, PUNITIVE, EXEMPLARY OR INDIRECT DAMAGES, LOST PROFITS OR OTHER BUSINESS INTERRUPTION DAMAGES, BY STATUTE, IN TORT OR CONTRACT, UNDER ANY INDEMNITY PROVISION OR OTHERWISE. IT IS THE INTENT OF THE PARTIES THAT THE LIMITATIONS HEREIN IMPOSED ON REMEDIES AND THE MEASURE OF DAMAGES BE WITHOUT REGARD TO THE CAUSE OR CAUSES RELATED THERETO, INCLUDING THE NEGLIGENCE OF ANY PARTY, WHETHER SUCH NEGLIGENCE BE SOLE, JOINT OR CONCURRENT, OR ACTIVE OR PASSIVE. TO THE EXTENT ANY DAMAGES REQUIRED TO BE PAID HEREUNDER ARE LIQUIDATED, THE PARTIES ACKNOWLEDGE THAT THE DAMAGES ARE DIFFICULT OR IMPOSSIBLE TO DETERMINE, OR OTHERWISE OBTAINING AN ADEQUATE REMEDY IS INCONVENIENT AND THE LIQUIDATED DAMAGES CALCULATED HEREUNDER CONSTITUTE A REASONABLE APPROXIMATION OF THE HARM OR LOSS, AND NOT A PENALTY.

**8.2 Exclusive Remedy**

The remedies provided for in this Agreement shall be the sole and exclusive remedies of the Parties as a result of the failure to perform by the other Party, for any cause whatsoever, including negligence.

**ARTICLE 9: SELLER SECURITY**

9.1 Seller Security

9.2 Seller Security Replacement

9.2.1 Subject to Section 9.1, if no Seller Event of Default has occurred that is continuing, and no Seller Event of Default will occur upon the giving of notice, the passage of time or both, Seller shall have the right to replace any Letter of Credit, Performance Bond or Escrow with any substitute form or substitute forms of Seller Security, including a Guaranty from and after Project COD, provided that such replacement meets the terms and conditions of Seller Security under this Agreement and provided further that there be no lapse in the required amount of Seller Security resulting from such replacement.

9.2.2 If the applicable substitute Seller Security shall be replacing a Letter of Credit, then Buyer shall promptly mark such Letter of Credit as "cancelled" and return the original of same to Seller and shall take such other actions as reasonably may be requested by the issuer of such letter of credit to evidence the cancellation thereof. If the

applicable substitute Seller Security shall be replacing a Performance Bond, then Buyer shall promptly mark such Performance Bond as “cancelled” and return the original of the same to Seller and shall take all such other actions as reasonably may be requested by the issuer of such Performance Bond to evidence cancellation thereof. If the applicable substitute Seller Security shall be replacing cash collateral, then Buyer shall execute such documentation releasing and terminating its rights (including contract rights) with respect thereto, and shall take any other steps necessary to transfer such cash collateral back to Seller, in each case as may be reasonably requested by Seller. If Seller shall have previously provided, but shall no longer be required to maintain, certain Seller Security hereunder, then Buyer shall return, in the same manner as described above, the applicable Seller Security previously posted on behalf of Seller but which is no longer required to be maintained.

### 9.3 Draw on Seller Security

Buyer may draw upon or make a claim on Seller Security (a) to satisfy any amounts owed by Seller to Buyer under this Agreement (other than disputed amounts) that are not satisfied within ten (10) Business Days following the date on which such amounts become due and owing pursuant to Section 7.3 and Buyer has notified Seller in writing of Buyer’s intention to draw on Seller Security, or (b) in the entire amount of such Seller Security if any Guaranty, Letter of Credit, Performance Bond or Escrow or other form of Seller Security instrument is due to expire by its terms within five (5) Days and has not been replaced, and Seller continues to be required to provide such Seller Security, in which instance Buyer may hold the proceeds of such draw as a cash balance to secure Seller’s obligations but shall return such to Seller upon Seller’s provision of substitute Seller Security in accordance with this Agreement. Upon termination of this Agreement in accordance with Section 6.5, Buyer shall have the right to draw upon or make a claim on Seller Security for any undisputed amounts owed to Buyer under this Agreement. In the event Seller becomes Bankrupt, if any payment has been made by Seller to Buyer within the period prior to Seller becoming Bankrupt in a manner that such Seller payment to Buyer could reasonably be challenged or recovered as a preference or fraudulent conveyance in bankruptcy, Buyer may, at any time prior to expiry of Seller Security, draw upon or make a claim on such Seller Security in an amount equal to the potentially recoverable prior payment and hold such amount in Escrow until the later of (i) the last date on which any trustee or party may assert Claims seeking to recover such payment, if no such Claim has been asserted, and (ii) final adjudication of any asserted Claim as to such payment, provided that, if no such Claim for recovery of such payment has been timely asserted or if such Claim is finally adjudicated and found not recoverable from Buyer, the amount in Escrow shall be promptly paid to Seller, and, if the payment is recovered from Buyer, such amount may be retained by Buyer.

### 9.4 Replenishment

In the event Buyer draws upon or makes a claim on Seller Security pursuant to Section 9.3, Seller shall replenish the amount of Seller Security required by Section 9.1 or Section 9.2 within fifteen (15) Business Days.

9.5 Expiration of Letter of Credit

If a Letter of Credit is serving as Seller Security, Seller shall replace such Letter of Credit with other Seller Security (which may be another Letter of Credit) no more than five (5) Business Days before the expiration of the Letter of Credit.

*[Remainder of page is left intentionally blank]*

**ARTICLE 10: GOVERNMENTAL CHARGES**10.1 Cooperation

Each Party shall use commercially reasonable efforts to implement the provisions of and to administer this Agreement in accordance with the intent of the Parties to minimize all Governmental Charges, so long as neither Party is materially adversely affected by such efforts.

10.2 Governmental Charges

Seller shall pay or cause to be paid all taxes imposed by any Governmental Authority (“Governmental Charges”) on or with respect to the Project and the Products arising prior to the Delivery Point. Buyer shall pay or cause to be paid all costs of claiming Renewable Attributes or qualifying Delivered Energy for claiming Renewable Attributes and all Governmental Charges on or with respect to the Products at and from the Delivery Point (other than ad valorem, franchise or income taxes which are related to the sale of Energy and Contract Capacity or the conveyance of Renewable Attributes to Buyer and are, therefore, the responsibility of Seller). In the event Seller is required by Legal Requirements to remit or pay Governmental Charges which are Buyer’s responsibility hereunder, Buyer shall promptly reimburse Seller for such Governmental Charges. If Buyer is required by Legal Requirements to remit or pay Governmental Charges which are Seller’s responsibility hereunder, Buyer may deduct the amount of any such Governmental Charges from the sums due to Seller under Article 7 of this Agreement. Nothing shall obligate or cause a Party to pay or be liable to pay any Governmental Charges for which it is exempt under Legal Requirements. Notwithstanding the foregoing, neither Party shall be required to pay any portion of such costs arising from the other Party’s failure to perform any obligation under this Agreement.

*[Remainder of page is left intentionally blank]*

**ARTICLE 11: INSURANCE****11.1 Insurance Required**

Seller, at its sole cost and expense, shall acquire and maintain in full force and effect the types and amounts of insurance coverage described in Appendix 9. Not less frequently than annually, and upon reasonable request by Buyer, Seller shall submit to Buyer original insurance certificates or other documents providing evidence of such insurance and that such insurance policies name Buyer as an additional insured to the extent that such insurance policies are required to do so pursuant to Appendix 9. Failure by Seller to obtain the insurance coverage required by this Article 11 shall not relieve Seller of the insurance requirements set forth in this Agreement. Seller's compliance with insurance requirements does not relieve Seller's obligations and liabilities, specifically indemnity obligations.

**11.2 Insurance Notice to Buyer**

Seller's insurance certificates or other applicable documents shall provide that underwriters undertake to inform Buyer thirty (30) Days in advance of any cancellation or material change in coverage. Seller shall promptly notify Buyer in the event of underwriters' cancellation, termination or substantive modification of any of Seller's insurance coverages required under Article 11. If Seller enters into arrangements with any Lender that requires Seller's underwriters to notify such Lender in the event of policy cancellation, termination or substantive modification, Seller will arrange to have such underwriters also provide such notice to Buyer at the time Lender is notified.

This indemnification obligation shall apply notwithstanding the negligence or willful misconduct of the Indemnified Party, but the Indemnifying Party's liability to pay damages to the Indemnified Party shall be reduced in proportion to the percentage by which the Indemnified Party's negligence or willful misconduct contributed to the claim giving rise to, or increased the level of, the damages. Any provision declared or rendered unlawful by any applicable court of law or regulatory agency or deemed unlawful because of a statutory change (individually or collectively, such events referred to as "Regulatory Event") will not otherwise affect the remaining lawful obligations that arise under this Agreement; and provided, further, that if a Regulatory Event occurs, the Parties shall use commercially reasonable efforts to reform this Agreement in order to give effect to the original intention of the Parties. #### 12.9 Audit

Each Party has the right (at its sole expense during normal working hours and provided that such Party has given reasonable prior notice) to examine the records of the other Party to the extent reasonably necessary to verify the accuracy of any statement, charge or computation made pursuant to this Agreement. If requested, a Party shall provide to the other Party statements evidencing the Energy delivered at the Delivery Point. If any such examination reveals any inaccuracy in any statement, the necessary adjustments in such statement and the payments thereof will be made promptly and shall bear interest calculated at the Interest Rate from and including the date the overpayment or underpayment was made to but excluding the date paid; provided, however, that no adjustment for any statement or payment will be made unless objection to the accuracy thereof was made prior to the lapse of twelve (12) Months from the rendition thereof, and thereafter any objection shall be deemed waived.

#### 12.14 Compliance With Legal Requirements, Regulations and NYISO Rules

Each Party will comply with applicable Legal Requirements at all times, provided that failure of a Party to do so shall not constitute a Seller Event of Default or a Buyer Event of Default unless such failure has, or with the passage of time or upon initiation of enforcement actions by any Governmental Authority is reasonably expected to have, a material adverse impact on the other Party's realization of benefits for which this Agreement provides.

#### 12.15 Compliance With Manufacturer's Requirements

Seller shall comply at all times with requirements of manufacturers in order to maintain all rights available under warranty provisions.

#### 12.16 Waiver

Except as otherwise provided for in Sections 6.4 or 7.4, the failure of either Party to enforce at any time any of the provisions of this Agreement, or to require at any time performance by the other Party of any of the provisions hereof shall in no way be construed to be a waiver of such provisions, or in any way to affect the validity of this Agreement or any part hereof or the right of such Party hereafter to enforce every such provision. No modification or waiver of all or any part of this Agreement shall be valid unless it is reduced to a writing, signed by both Parties, that expressly states that the Parties agree to a waiver of modification, as applicable. Waiver by a Party of any default by the other Party shall not be construed as a waiver of any other default.

### 12.17 Agency

This Agreement shall not be interpreted or construed to create an association, joint venture, or partnership between the Parties or to impose any partnership obligation or liability upon either Party, except as provided for herein. Neither Party shall have any right, power or authority to enter into any agreement or undertaking for, or act on behalf of, or be an agent or representative of, or to otherwise bind, the other Party.

### 12.18 Severability

12.18.1 If any term or provision of this Agreement or the application thereof to any Party, or circumstance, shall to any extent be invalid or unenforceable, the remainder of this Agreement, or the application of such term or provision to Persons or circumstances other than those as to which it is invalid or unenforceable, shall not be affected thereby, and each term and provision of this Agreement shall be valid and enforceable to the fullest extent permitted by Legal Requirements.

12.18.2 If any term or provision of this Agreement or the application thereof to any Party, or circumstance, shall to any extent be invalid or unenforceable and if this results in one Party being materially affected compared to the other Party, or being deprived of a material element of its original bargain, then the Parties shall negotiate in good faith to restore as nearly as possible or rebalance the benefits of this Agreement to those existing prior to the term or provision being determined to be invalid or unenforceable.

### 12.19 Negotiated Agreement

This Agreement shall be considered for all purposes as prepared through the joint efforts of the Parties and shall not be construed against any one Party or the other as a result of the preparation, substitution or other event of negotiation, drafting or execution hereof.

### 12.20 Local Workers

To the extent possible and subject to the collective bargaining agreement of Seller and/or its Affiliates, if any, Seller shall make a good faith effort given its commercial requirements to hire local workers (such as local unionized workforce and M/WBE/VETs) during construction/installation of the Project and as permanent employees for the operation of the Project and performance of Seller's obligations under the terms of this Agreement. Notwithstanding the foregoing, Seller shall be responsible to manage relations among Seller, its Affiliates, its contractors and subcontractors and local unionized workforce and other local workers.

### 12.21 Regulatory Review of Agreement

Each Party agrees that, except with the prior written consent of the other Party, neither Party nor its Affiliates will institute or voluntarily cooperate in the institution or conduct of any action or proceeding of the FERC under Sections 205 or 206 of the Federal Power Act to change the rates, terms or conditions of this Agreement; provided Seller shall have the right to file this

Agreement with FERC and seek acceptance thereof in accordance with Section 205 of the Federal Power Act. Without limiting the foregoing, the Parties agree that the rates, terms and conditions of this Agreement shall remain in effect for the Term and shall not be subject to change through application to FERC pursuant to the provisions of Sections 205 or 206 of the Federal Power Act, absent written agreement of the Parties. Absent the written agreement of the Parties to the contrary, the standard of review for changes to this Agreement shall be the “public interest” standard of review set forth in *United Gas Pipeline Co. vs. Mobile Gas Service Corp.*, 350 U.S. 332 (1956), and *Federal Power Commission vs. Sierra Pacific Power Co.*, 350 U.S. 348 (1956), and as further clarified in *Morgan Stanley Capital Group, Inc. vs. Public Utility District No. 1 of Snohomish County*, 128 S.Ct. 2733 (2008), and *NRG Power Marketing, LLC vs. Maine Public Utilities Commission*, 130 S.Ct. 693 (2010).

#### 12.22 Seller’s Responsibility with Minority, Women-Owned and Service-Disabled Veteran Owned Businesses

Seller shall comply with the requirements of Appendix 16 with respect to the M/WBE/VET subcontracting goals.

#### 12.23 Business Continuity Plan

In order to address potential exposure to internal and third-party threats to Seller’s supply chain and operations which may adversely impact Seller’s performance under this Agreement after Project COD, Seller shall establish and maintain a current and effective Business Continuity Plan, approved by managers with highest responsibility for overall direction of Seller’s business, which, in Seller’s reasonable opinion, demonstrates business continuity management capability, and delineates the prevention of and recovery from events that disrupt or adversely impact Seller’s ability to provide Delivered Energy and Contract Capacity to Buyer. Seller’s Business Continuity Plan must include provisions for disaster recovery. Prevention efforts included in the Business Continuity Plan at Seller’s reasonable discretion will be appropriate for a wind turbine generating facility located in Federal waters and may include, but need not be limited to, making standby arrangements with disaster recovery contractors, establishing risk mitigation inventory processes and/or stock of raw materials or spares/sub-assemblies, or, flow down protective contract provisions in contracts with Seller’s subcontractors and third-party providers of goods and services. Seller shall review and update its Business Continuity Plan as Seller deems reasonable in its sole discretion to assure that the Business Continuity Plan is appropriate and adequate for Seller’s duties to Buyer under this Agreement and that it meets generally accepted industry standards (such as NFPA 1600 or those promulgated by FEMA, among others). Seller shall provide Buyer a copy of the Business Continuity Plan and updates to such plan, if any, promptly after approval by Seller of such plan or update. Seller shall promptly notify Buyer of any changes in circumstances that have the potential to materially adversely affect Seller’s performance under this Agreement and describe Seller’s strategies and methodology for mitigating the potential risk.

**ARTICLE 13: DISPUTE RESOLUTION****13.1 Notice**

Either Party (“Aggrieved Party”) shall have the right to give written notice (via overnight delivery and electronic mail with confirmation) to the other Party (“Noticed Party”) that Noticed Party is not performing in accordance with Aggrieved Party’s interpretation of the terms and conditions of this Agreement. Such notice shall describe with specificity the basis for Aggrieved Party’s belief and may describe the recommended options to correct the failure.

**13.2 Response**

Noticed Party shall respond to Aggrieved Party’s written notice within ten (10) Days after receipt. If Noticed Party agrees with Aggrieved Party’s concern, Noticed Party shall promptly take appropriate action to correct such failure and include in its response a description of the action taken and a good faith estimate of the time necessary to correct the failure. In such circumstance, Noticed Party shall bear all costs incurred by both Parties associated with the corrective action.

**13.3 Resolution of Dispute**

If Noticed Party disagrees with Aggrieved Party’s concern, each Party shall designate a member or members of senior management to discuss the matter and attempt to resolve the dispute. The representatives of the Parties shall meet in a location mutually agreed upon by the Parties within ten (10) Days after Noticed Party’s response to Aggrieved Party’s notice. The Parties agree to meet promptly (and in any event not more than seven (7) Days after such response) and use their commercially reasonable efforts to settle promptly any disputes or Claims arising out of or related to this Agreement through their respective representatives, and shall negotiate in good faith to resolve the dispute. All negotiations and discussions pursuant to this Section 13.3 shall be confidential, subject to Legal Requirements, and shall be treated as compromise and settlement negotiations for purposes of Federal Rule of Evidence 408 and applicable state rules of evidence. If at any time at least thirty (30) Days after Noticed Party’s response to Aggrieved Party’s notice, either Party believes that continued discussions will not result in a resolution of the dispute, then such Party may pursue its rights and remedies at law or in equity.

**13.4 Tolling Statute of Limitations**

All applicable statutes of limitation and defenses based upon the passage of time and similar contractual limitations shall be tolled while the discussions specified in this Article 13 are pending. The Parties will take such action, if any, required to effectuate such tolling. Without prejudice to the procedures specified in this Article 13, a Party may file a complaint for statute of limitations purposes, if in its sole judgment such action may be necessary to preserve its claims or defenses. Notwithstanding such action, the Parties will continue to participate in good faith in the procedures specified in this Article 13, subject, however, to the rights of the Parties under the last sentence of Section 13.3.

## ARTICLE 14: FORCE MAJEURE EVENTS

### 14.1 Definition of Force Majeure Event

The term "Force Majeure Event" as used herein, shall mean those events, acts, omissions or circumstances which are outside of the affected Party's control and, which could not have been avoided by the affected Party through the employment of Prudent Utility Practices, and that limits, prohibits or prevents the affected Party from performing its obligations under this Agreement. To the extent meeting the foregoing requirements, examples of events which may constitute a Force Majeure Event include, but are not limited to: acts of God, an act or threatened act of the public enemy, war (imminent, declared or otherwise) blockade, accidents of navigation or breakdown or injury of vessels, accidents to harbors, docks, canals or other assistances to, or adjuncts of, shipping or navigation, perils of the sea, air crash, shipwreck, train wrecks or other failures or delays of transportation, nuclear emergency, radioactive contamination, cyber-attack, ionizing radiation, release of hazardous waste or materials, sabotage, terrorist acts, invasion, insurrection, riot, non-site specific industrial disturbance by a union or organized labor (including any non-site specific strike or boycott), fire, flood, lightning, earthquake, hurricane, tornado, waves or winds of extreme force, extreme accumulation of snow or ice, naturally occurring epidemic, explosion or any similar cataclysmic occurrence, acts, inaction or restraints of a Governmental Authority (which do not constitute a Change in Law) which temporarily or permanently prevent required performance under this Agreement, including limitations on the scheduling of Project installation and maintenance directly arising out of or resulting from such Force Majeure Event. Neither Party may claim a Force Majeure Event for any delay or failure to perform or carry out any provision of this Agreement to the extent that such Party has been negligent or has engaged in willful misconduct and such negligence or willful misconduct contributed to that Party's delay or failure to perform or carry out its duties and obligations under this Agreement. Neither (i) economic hardship of a Party, (ii) curtailment or reduction in deliveries of Energy at the direction of the Connecting Transmission Owner or unavailability of Buyer's transmission capability, capacity or rights, (iii) Seller's ability to sell Products at a price greater than that for which such is herein contracted, (iv) Buyer's ability to purchase Products at a price less than that for which such is herein contracted, (v) inability of a Party to obtain financing, arrange credit support or make payments, nor (vi) any breakdown of machinery or equipment (unless such breakdown is caused by a Force Majeure Event) shall constitute a Force Majeure Event. If Buyer is the party claiming a Force Majeure Event, a Force Majeure Event shall not include any action taken by Buyer in its governmental capacity (unless such action is in response to, or for the purpose of preventing or mitigating a Force Majeure Event).

### 14.2 Force Majeure Event

Except as specifically provided elsewhere in this Agreement, if a Force Majeure Event causes either Party to be wholly or partially unable to perform its obligations under this Agreement, that Party shall be excused from performance (other than payment obligations); provided that, if such Force Majeure Event affects the Electrical Interconnection Facilities and/or Connecting Transmission Owner's Electrical System such that Buyer is unable to receive the Energy at the Delivery Point, Buyer shall be relieved of its obligation to receive and pay for Delivered Energy and Seller shall be relieved of its obligation to deliver Products. The suspension of performance (or payment) due to a Force Majeure Event shall be of no greater

scope (or amount) and of no longer duration than is required by such Force Majeure Event and the Claiming Party (as defined below) shall not be construed to be in default with respect to any obligation hereunder for so long as, but only to the extent that, failure to perform such obligation (or make such payment) is due to a Force Majeure Event. No Force Majeure Event shall extend this Agreement beyond the Term.

#### 14.3 Due Diligence

A Party claiming a Force Majeure Event (“Claiming Party”) shall: (a) provide oral notice as promptly as practicable followed by written notice to the other Party (“Non-Claiming Party”) after such Claiming Party becomes aware of such Force Majeure Event, giving the Non-Claiming Party a detailed written explanation of the event and an estimate of its expected duration and probable effect on the performance of the Claiming Party’s obligations hereunder, (b) use commercially reasonable efforts in accordance with Prudent Utility Practices to remedy the condition that prevents performance and to mitigate the effects of same in order to continue to perform its obligations under this Agreement, and (c) provide the Non-Claiming Party with weekly status reports of all efforts to mitigate and remedy the Force Majeure Event.

#### 14.4 Extended Force Majeure Events

14.4.1 If the Claiming Party has reason to believe that a Force Majeure Event will prevent it from performing its obligations under this Agreement for one (1) Month or longer (“Extended Force Majeure Event”), it shall notify the Non-Claiming Party in writing as promptly as practicable after the beginning of said Force Majeure Event and shall submit a plan to remedy the impact of such Force Majeure Event(s) (a “Force Majeure Remedy Plan”) to the Non-Claiming Party within thirty (30) Days of such notification.

14.4.2 While the Force Majeure Remedy Plan is in effect, the Claiming Party shall provide (a) weekly status reports notifying the Non-Claiming Party of the steps which have been taken to remedy the Extended Force Majeure Event, and (b) the expected remaining duration of its inability to perform hereunder.

#### 14.5 Insurance Proceeds

In the event Seller obtains insurance proceeds to restore the Project or its related facilities and equipment that has been damaged as a result of a Force Majeure Event, but for the avoidance of doubt, excluding proceeds from business interruption insurance, Seller shall apply such proceeds to the restoration of the damaged facility; provided that, (a) such proceeds shall be required to be so applied only if (i) such Force Majeure Event occurs during the first ten (10) years after Project COD, and (ii) such proceeds alone are sufficient to complete such restoration without the addition of any capital investment beyond such insurance proceeds, (b) the requirements of this Section 14.5 shall be subject and subordinate to the rights of the Lenders under Seller’s financing or financial arrangements, and (c) if Seller notifies Buyer that it proposes to restore the Project pursuant to this Section 14.5, Buyer’s rights under Section 14.6 to terminate this Agreement as a result of such Force Majeure Event shall be deemed to have been waived and shall be of no force and effect.

#### 14.6 Right to Terminate or Discontinue Obligations

Either Party may terminate this Agreement if the Claiming Party remains unable to perform its obligations hereunder for eighteen (18) consecutive Months following the date of a Force Majeure Event; provided, that (i) subject to (ii) below, neither Party shall be entitled to terminate this Agreement if the Claiming Party (a) has commenced to remedy the Force Majeure Event and (b) is diligently pursuing such remedy; and (ii) if a Force Majeure Event occurs which is not curable within eighteen (18) Months through commercially reasonable efforts of the Claiming Party, the Claiming Party shall have the right to terminate this Agreement immediately upon written notice to the other Party. Notwithstanding the foregoing, if the Project or any portion of the Electrical Interconnection Facilities (or both, as the case may be) are damaged or destroyed by a Force Majeure Event, Seller or Buyer (as applicable) may rebuild the Project (subject to Section 14.5) or the Electrical Interconnection Facilities and recommence performance as soon as commercially practicable after the Force Majeure Event; provided however, that (1) if the Project shall be damaged or destroyed by a Force Majeure Event, Seller shall not be required to rebuild the Project (subject to Section 14.5), and if it elects not to rebuild the Project, then Buyer shall have no obligation to rebuild the Electrical Interconnection Facilities; and (2) if the Electrical Interconnection Facilities are damaged or destroyed and either the Project is not damaged or destroyed, or the Project is damaged or destroyed and Seller elects to rebuild the Project, then Buyer shall be obligated to rebuild the Electrical Interconnection Facilities (other than the Developer Attachment Facilities).

#### 14.7 Liability Following Termination

Upon termination of this Agreement as provided in Section 14.6, the Parties shall have no further liability or obligation to each other as a consequence of such termination, except for any obligation accruing prior to the occurrence of such Force Majeure Event.

*[Remainder of page is left intentionally blank]*

**ARTICLE 15: ASSIGNMENT; LENDERS; CONTROL OF SELLER****15.1 Assignment by Seller**

15.1.1 Prior to Project COD, Seller may not, without the prior written consent of Buyer, sell, transfer or assign its rights, obligations or interest in this Agreement to a third party (other than an Affiliate of Seller) or sell, transfer or assign its rights, obligations or interest in this Agreement to any Person succeeding to all or substantially all of the assets of Seller. After Project COD and upon forty-five (45) Days' advance written notice by Seller to Buyer, Seller may sell, transfer or assign this Agreement to a Person (i) who complies with the requirements of Section 15.1.2 and the second sentence of Section 15.7, and (ii) who complies with the requirements of Section 15.1.3, upon demonstrating such compliance with (i) and (ii) above to Buyer's reasonable satisfaction.

15.1.2 Subject to Section 15.7, any Assignment by Seller of its obligations hereunder including, without limitation, involving the ownership and/or operation of the Project, other than any Assignment to a Lender in connection with a financing, re-financing or other financial arrangements, shall be to a (i) Qualified Person; (ii) Person whose managing member or manager is a Qualified Person or (iii) Person that engages, prior to or concurrent with the Assignment, an operator that is a Qualified Person.

15.1.3 With respect to any permitted Assignment of this Agreement in compliance with this Article 15, including any assignment of this Agreement to any transferee that acquires Seller's interest in the Project in accordance with Section 15.7, other than an Assignment to a Lender in connection with a financing, re-financing or other financial arrangements or sale or transfer of the Project to a Substitute Owner in compliance with the terms of the Consent Agreement (as provided in 15.3), the assignee or transferee or successor entity shall assume all of the duties and obligations of Seller under this Agreement pursuant to an assignment and assumption agreement in which the assignee, transferee or successor entity unconditionally assumes and agrees to be bound by all of the terms and conditions of this Agreement as Seller, including providing Seller Security as provided for in Article 9, and whereby the assignee makes certain additional representations and warranties as appropriate for such assignee that are substantially similar to those contained in Section 12.1 and such assignee delivers such enforceability assurance as Buyer may reasonably request. Following any Assignment in compliance with this Article 15 (including Section 15.1), Seller shall be, without further action by Buyer, released and discharged from all obligations under this Agreement arising after the effective date of such Assignment. Seller agrees to compensate Buyer for Buyer's reasonable costs and expenses incurred by its use of outside attorneys, consultants, accountants and advisors in connection with the assignment of this Agreement in response to Seller's requests made pursuant to Section 15.1 (including this Section 15.1.3). Buyer shall provide an invoice to Seller for such charges, with appropriate documentation, and Seller shall pay such invoice within thirty (30) Days of receipt of such invoice.

15.1.4 Any Assignment by Seller pursuant to this Section 15.1 shall not be effective until it is approved by the State Comptroller. For the purposes of the Non-

Assignment Clause of Supplement 1, the Parties' compliance with the provisions of this Section 15.1 with respect to a proposed Assignment under this Section 15.1, shall be deemed to be written consent to such Assignment by Buyer.

## 15.2 Assignment by Buyer

15.2.1 Buyer may not at any time, without the prior written consent of Seller, which consent shall not be unreasonably withheld, conditioned or delayed, assign, transfer, sell, pledge or encumber this Agreement or its rights hereunder to any Person; provided, however, that Buyer may, without the consent of Seller (i) transfer, sell, pledge, encumber or assign this Agreement or the account, revenues, or proceeds hereof in connection with any financing or other financial arrangements; provided that such transfer, sale, pledge, encumbrance or assignment does not adversely impact Buyer's ability to perform under this Agreement or (ii) transfer or assign this Agreement to (a) an Affiliate of Buyer or (b) any Person succeeding to all or substantially all of the assets of Buyer whose creditworthiness, in the case of both (a) and (b) at the time of such transfer or assignment and after giving effect to such transfer or assignment, is equal to or higher than that of Buyer as of the Execution Date, as evidenced by audited financial statements; provided further, however, that in each such case, any such assignee shall agree in writing to be bound by the terms and conditions hereof and so long as Buyer delivers such tax and enforceability assurance as Seller may reasonably request.

15.2.2 With respect to any permitted Assignment of this Agreement in compliance with Section 15.2.1 above, the assignee or transferee or successor entity shall assume all of the duties and obligations of Buyer under this Agreement pursuant to an assignment and assumption agreement in which the assignee, transferee or successor entity unconditionally assumes and agrees to be bound by all of the terms and conditions of this Agreement as Buyer and whereby the assignee makes certain additional representations and warranties as appropriate for such assignee that are substantially similar to those contained in Section 12.2 and such assignee delivers such enforceability assurance as Seller may reasonably request. Upon any permitted assignment or transfer by Buyer pursuant to Section 15.2.1, Buyer shall be, without further action by Seller, released and discharged from all obligations under this Agreement arising after the effective date of such assignment or transfer. Buyer agrees to compensate Seller for Seller's reasonable costs and expenses incurred by its use of outside attorneys, consultants, accountants and advisors in connection with the Assignment of this Agreement in response to Buyer's requests made pursuant to Section 15.2 (including this Section 15.2.2). Seller shall provide an invoice to Buyer for such charges, with appropriate documentation, and Buyer shall pay such invoice within thirty (30) Days.

## 15.3 Lender(s)

Notwithstanding Section 15.1 and the non-assignment provisions in Supplement 1, Seller may, without the consent of Buyer, assign, or grant as security, beneficially or otherwise, its rights under this Agreement to Lenders in connection with any financing of the Project, re-financing or other financing arrangement (through either a collateral or direct assignment and, in the case of a direct assignment, including a sub-assignment back to Seller for the term of the

financing); provided, however, that Seller's obligations under this Agreement shall continue in their entirety in full force and effect as the obligations of a principal and not as a surety, and Seller shall remain fully liable for all of its obligations under or relating to this Agreement. Each such assignment and any assignee, purchaser or transferee shall be subject to Buyer's rights and defenses hereunder and under Legal Requirements. Seller shall provide prior notice to Buyer of any such assignment. Buyer shall execute such consents, agreements or similar documents with respect to an assignment hereof to Lender(s) as Lender(s) may reasonably request in connection with the documentation of the financing of the Project(s), including a consent to collateral assignment ("Consent Agreement") in a form reasonably acceptable to Buyer, which shall be in the form of Appendix 11. Seller agrees to pay for Buyer's reasonable costs and expenses incurred in response to Seller's and Lender's requests, including attorney and consultant fees. Promptly after granting any such interest, Seller shall notify Buyer in writing of the name, address, and telephone and facsimile numbers of any Lender to which Seller's interest under this Agreement has been assigned. Such notice shall include the names of the Lenders to whom all written and telephonic communications may be addressed. After giving Buyer such initial notice, Seller shall promptly give Buyer notice of any change in the information provided in the initial notice or any revised notice.

#### 15.4 Rights of Lender

If Seller grants an interest under this Agreement as permitted by Section 15.3, the following provisions shall apply:

15.4.1 Lender shall have the right, but not the obligation, to perform any act required to be performed by Seller under this Agreement to prevent or cure a Seller Event of Default in accordance with Section 6.1, and such act is timely performed by Lender shall be as effective to prevent or cure a default as if done by Seller.

15.4.2 Within thirty (30) Days of the receipt of a written request from Seller or any Lender, Buyer, at Seller's sole cost and expense, shall execute or arrange for the delivery of certificates, consents, opinions, estoppels, amendments and other documents reasonably requested by Seller or Lender in order to consummate any financing, refinancing or other financing arrangement and shall enter into reasonable agreements with such Lender that provide that Buyer recognizes the rights of such Lender upon foreclosure of Lender's security interest and such other customary provisions as may be reasonably requested by Seller or any such Lender.

15.4.3 Buyer agrees that no Lender shall be obligated to perform any obligation or be deemed to incur any liability or obligation provided in this Agreement on the part of Seller or shall have any obligation or liability to Buyer with respect to this Agreement except to the extent any Lender has expressly assumed the obligations of Seller hereunder; provided that Buyer shall nevertheless be entitled to exercise all of its rights hereunder in the event that Seller or Lender fails to perform Seller's obligations under this Agreement.

### 15.5 Cure Rights of Lender

The cure rights of Lender shall be as agreed in the Consent Agreement. Buyer shall accept a cure performed by any Lender so long as the cure is accomplished within the applicable cure period so agreed to between Buyer and any Lender. Notwithstanding any such action by any Lender, Seller shall not be released and discharged from and shall remain liable for any and all obligations to Buyer arising or accruing hereunder.

### 15.6 Control of Seller

Prior to Project COD, unless Seller has obtained the prior written consent of Buyer, the managing member or manager of Seller shall be Deepwater Wind Holdings, LLC or a wholly-owned subsidiary of Deepwater Wind Holdings, LLC. At all times following Project COD, the managing member or manager of Seller shall be a Qualified Person. In no event shall this Section 15.6 apply to (a) a transfer, sale, conveyance, pledge, encumbrance or assignment of any interest in Seller to a Lender in connection with a financing, re-financing or other financial arrangement in compliance with Section 15.3, (b) a sale, transfer, conveyance or assignment of any interest in Seller by a Lender or other exercise by a Lender of its rights and remedies, in each case, in connection with any financing of the Project, re-financing or other financial arrangements in compliance with Section 15.3, including upon foreclosure of a Lender's security interest, (c) a sale, transfer, conveyance or assignment of an equity interest in Seller or any Affiliate of Seller in connection with the liquidation of Seller in bankruptcy or similar proceeding or (d) a sale, transfer, conveyance or assignment of an equity interest in Seller or any Affiliate of Seller by a shareholder or partner (general or limited) of Seller or any Affiliate of Seller, provided that the managing member or manager of Seller shall continue to be a Qualified Person after giving effect to such equity sale.

### 15.7 Sale of Project

Prior to Project COD, Seller may not, without the prior written consent of Buyer, sell, transfer or assign its interest in the Project to a third party (other than an Affiliate of Seller that assumes all obligations to perform this Agreement and complies with the requirements of Sections 15.1.2 and 15.1.3 or in connection with any financing, re-financing or other financial arrangements with a Lender pursuant to Section 15.3) or sell, transfer or assign its interest in the Project to any Person succeeding to all or substantially all of the assets of Seller, and any such consent by Buyer may be conditioned upon such transferee assuming all obligations of Seller to perform this Agreement and complying with the requirements of Sections 15.1.2 and 15.1.3. After Project COD and subject to the provisions of Section 15.8 and upon forty-five (45) Days' advance written notice by Seller to Buyer, Seller may sell, transfer or assign its interest in the Project to a Person who assumes all obligations of Seller to perform this Agreement and complies with the requirements of Sections 15.1.2 and 15.1.3. In no event shall this Section 15.7 apply to (a) a transfer, sale, conveyance, pledge, encumbrance or assignment of any interest in the Project to a Lender in connection with a financing, re-financing or other financial arrangement in compliance with Section 15.3, (b) a sale, transfer, conveyance or assignment of any interest in the Project by a Lender to a Substitute Owner in compliance with the terms of the Consent Agreement (as provided in Section 15.3) or other exercise by a Lender of its rights and remedies, in each case, in connection with any financing of the Project, re-financing or other

financial arrangements in compliance with Section 15.3, including upon foreclosure of a Lender's security interest, (c) a sale, transfer, conveyance or assignment of an interest in the Project in connection with the liquidation of Seller or any Affiliate of Seller in bankruptcy or similar proceeding or (d) a sale, transfer, conveyance or assignment of any interest in Seller permitted by Section 15.6.

#### 15.8 Right of First Refusal

At any time after Project COD and subject to Buyer being authorized to own property outside of New York State, in the event that Seller receives one or more unsolicited offers from third parties to purchase the Project, prior to responding to such third parties, Seller shall promptly give notice to Buyer advising of the specific purchase offer(s) received (including proposed purchase prices and other pertinent terms) and Buyer shall have thirty (30) Days from the receipt of such notice to prepare an offer to purchase the Project. Seller shall not complete the sale of the Project to a third party pending receipt of Buyer's purchase offer. Seller shall negotiate in good faith exclusively with Buyer for a minimum of sixty (60) Days from Seller's receipt of Buyer's purchase offer to attempt to reach agreement on the terms of a purchase. If the Parties cannot reach agreement on the sale terms within sixty (60) Days of Seller's receipt of Buyer's purchase offer, then Seller shall have three hundred sixty-five (365) Days from the date on which it notified Buyer of unsolicited, third party purchase offer(s) to close on the sale of the Project to a third party for a price and for terms that are no less than the price and no more onerous than the terms, respectively, in Buyer's purchase offer. In no event shall this Section 15.8 apply to (a) a transfer, sale, conveyance, pledge, encumbrance or assignment of any interest in or asset of the Project to a Lender in connection with a financing, re-financing or other financial arrangement in compliance with Section 15.3, (b) a sale, transfer, conveyance or assignment of any interest in the Project by a Lender to a Substitute Owner in compliance with the terms of the Consent Agreement (as provided in Section 15.3) or other exercise by a Lender of its rights and remedies, in each case, in connection with any financing of the Project, re-financing or other financial arrangements in compliance with Section 15.3, including upon foreclosure of a Lender's security interest, (c) a sale, transfer, conveyance or assignment of an interest in the Project in connection with the liquidation of Seller or any Affiliate of Seller in bankruptcy or similar proceeding or (d) a sale, transfer, conveyance or assignment of an equity interest in Seller or any Affiliate of Seller by a shareholder or partner (general or limited) of Seller or any Affiliate of Seller.

## ARTICLE 16: CONFIDENTIALITY

### 16.1 Confidential Information

16.1.1 The Parties agree that the following sections of this Agreement consist of rate, cost, financial, and other economic and material terms the disclosure of which would cause substantial injury to the competitive position of both Buyer and Seller:

(a) Articles (Sections)

a. Article 1: Capacity Shortfall Damages, Excused Failure Day, Minimum Required Consents Application Target Date, Minimum Required Consents Receipt Target Date, Project COD Target Date, and Target Installation Start Date;

a. Article 2: Section 2.3 (Early Termination);

b. Article 3: Sections 3.1.3 (Failure to Achieve Expected Capacity on Project COD), 3.2 (Conditions for Project COD) and 3.18 (Change in Law);

The Receiving Party shall protect the marked Confidential Information from disclosure to third parties consistent with the provisions of this Article 16 and subject to Legal Requirements, provided, however, that a Party may disclose Confidential Information to (i) its Affiliates, potential Lenders, or purchasers of, Seller or the Project, (ii) its trustees, directors, employees, advisors, consultants, agents, partners, members, managers, or representatives, and (iii) any Governmental Authority, but only if and to the extent necessary in connection with applying for or obtaining (a) an easement, license or permit related to the Project or the Site, or (b) funding from a Governmental Authority in connection with the Project, the Site or the Electrical Interconnection Facilities (such Persons referenced in clauses (i) through (iii), “Confidential Parties”). Confidential Parties shall be obligated by Legal Requirements, professional rules of conduct or a legally binding obligation to maintain the confidentiality of such Confidential Information.

#### 16.2 Compliance with the Freedom of Information Law

Seller expressly acknowledges that Buyer is subject to the requirements of New York's Freedom of Information Law ("FOIL") and must comply therewith. If Buyer is requested by a third party to disclose the marked Confidential Information that it has received from Seller, Buyer will, to the extent it is consistent with the requirements in Article 6 of the New York State Public Officers Law, (i) notify Seller of the request, (ii) provide Seller the opportunity to provide information regarding the need for confidential treatment, (iii) evaluate the third party's request for disclosure and Seller's request for confidential treatment, and (iv) determine if the marked Confidential Information is subject to disclosure under FOIL. If Buyer determines that the marked Confidential Information is subject to disclosure, it will provide prompt written notice of such determination to Seller so that Seller may seek a protective order or other appropriate remedy. If Seller does not obtain a protective order within thirty (30) Days after Buyer provides notice to Seller of its intent to make public the marked Confidential Information, Buyer may disclose such information with no liability or further obligation to Seller.

#### 16.3 Contract Value Disclosure

Notwithstanding any other provision in this Agreement, Buyer may publicly disclose the estimated total contract value associated with this Agreement prior to Buyer's Board of Trustees authorization of the execution of this Agreement, which value shall be an aggregated amount. Furthermore, Buyer may be obligated to disclose certain Confidential Information in furtherance of Buyer's requirements to receive approval to execute this Agreement or to seek State Comptroller approval.

#### 16.4 Treatment of Otherwise Publicly Available Information

Notwithstanding anything to the contrary in this Article 16, neither Party shall be required to hold confidential any information which: (i) was available to the public prior to the time of disclosure; (ii) is or becomes available to the public through no act or omission of the other Party or its Confidential Parties; (iii) is rightfully communicated or received by the other Party free of any obligation of nondisclosure and without restriction as to its use; (iv) was in the other Party's possession and obtained on a non-confidential basis prior to its disclosure by the Disclosing Party or its Confidential Parties; (v) is independently developed by the other Party without reference to or use of the Confidential Information of the Disclosing Party; or (vi) disclosure is approved in writing by the Disclosing Party.

#### 16.5 Term of Confidentiality

The obligations set forth in this Article 16 shall survive expiration or termination of this Agreement for a period of three (3) Years thereafter. Upon termination of this Agreement, all Confidential Information furnished hereunder will be returned to the Disclosing Party promptly upon written request or destroyed with appropriate assurance that all copies have been destroyed, except to the extent that such Confidential Information is retained in order to comply with any law, professional standard or internal record retention policy, in which case the non-Disclosing Party shall take the appropriate measures to preserve its continuing confidentiality.

16.6 FERC

The Parties agree to seek confidential treatment of the Confidential Information in this Agreement from FERC, but acknowledge that certain Confidential Information may need to be disclosed in Seller's rate filing or reporting with FERC or in any other regulatory filings to the FERC required to be made by Seller that will be publicly available.

16.7 SEC

Seller may file this Agreement with the Securities and Exchange Commission ("SEC") as may be necessary under applicable federal law in connection with Seller's application to the SEC for such orders and approvals as may be required for the financing of the Project and/or the issuance and sale of interests in Seller.

16.8 Confidential Treatment

Seller shall request confidential treatment of the Confidential Information in this Agreement in connection with filings under Sections 16.6 and 16.7 or in connection with any filing at any other Governmental Authority; provided, however, that the Parties acknowledge that such request may be denied in whole or in part, and accordingly, that confidential treatment may not be afforded to such information.

of the Substitute Owner, provided that any Substitute Owner under this Section 1.02 will cause the Project to be operated by an experienced, qualified operator of generating facilities.

Section 1.03 Right to Cure. The Consenting Party agrees that in the event of a default by the Company in the performance of any of its obligations under the Assigned Agreement, or upon the occurrence or non-occurrence of any event or condition under the Assigned Agreement which would immediately or with the passage of any applicable grace period or the giving of notice, or both, enable the Consenting Party to terminate or suspend its obligations or exercise any other right or remedy under the Assigned Agreement or under applicable legal requirements (hereinafter a "default"), the Consenting Party will continue to perform its obligations under the Assigned Agreement and will not exercise any such right or remedy until it first gives prompt written notice of such default to the Collateral Agent and affords the Collateral Agent, the Collateral Agent's designee and the Financing Parties a period of at least ten (10) Days (or if such default is a non-monetary default, such longer period not to exceed thirty (30) Days as is required so long as any such party has commenced and is diligently pursuing appropriate action to cure such default) from receipt of such notice to cure such default; provided, however, that (i) Collateral Agent shall have the right, but not the obligation, to cure such default, (ii) cure of any default by the Collateral Agent, if timely performed by Collateral Agent, shall be effective to prevent or cure a default as if done by the Company, and (iii) if any such party is prohibited from curing any such default by any process, stay or injunction issued by any governmental authority or pursuant to any bankruptcy or insolvency proceeding involving the Company, then the time periods specified in this Section 1.03 for curing a default shall not include the period of such prohibition. Neither Collateral Agent nor any lender or third party to any Financing Documents or Security Documents shall be obligated to perform any obligation of the Company under the Assigned Agreement or have any obligation or liability to the Consenting Party except and to the extent the Collateral Agent or such party has expressly assumed such obligation, provided that the Consenting Party shall be entitled to exercise all its rights under the Assigned Agreement in the event that Collateral Agent or such other party fails to perform Company's obligations.

Section 1.04 No Termination, Assignment or Material Amendment.

(a) The Consenting Party will not, without the prior written consent of the Collateral Agent enter into any consensual cancellation or termination of the Assigned Agreement (which consent shall not be unreasonably withheld, delayed or conditioned), or assign or otherwise transfer, any of its right, title and interest thereunder except to the extent permitted by the Assigned Agreement, or consent to any such assignment or transfer by the Company other than this Consent.

(b) The Consenting Party will not enter into any material amendment, restatement, supplement or other modification of the Assigned Agreement (an "Amendment") until after the Collateral Agent has been given twenty (20) Days prior written notice of the proposed Amendment by the Company (a copy of which notice will be provided to the Consenting Party by the Company), and will not then enter into such Amendment if the Consenting Party has, within such twenty (20) Day period, received a copy of (a) the Collateral Agent's objection to such Amendment (not to be unreasonable) or (b) the Collateral Agent's request to the Company for additional information with respect to such Amendment.

Section 1.05 Replacement Agreement. In the event that the Assigned Agreement is terminated as a result of any bankruptcy or insolvency proceeding affecting the Company, the Consenting Party will, at the option of the Collateral Agent, within ninety (90) Days after such termination, enter into a new agreement with the Substitute Owner on the same terms as the terms of the Assigned Agreement (including prices) except for any conforming changes to designate the Substitute Owner and to establish the term of the replacement agreement which shall be for the remainder of the term of the Assigned Agreement on the date of execution of the replacement agreement provided that any Substitute Owner will cause the Project to be operated by an experienced, qualified operator of generating facilities such as the Project.

Section 1.06 No Liability. The Consenting Party acknowledges and agrees that none of the Collateral Agent, the Collateral Agent's designee or the Financing Parties shall have any liability or obligation under the Assigned Agreement solely as a result of this Consent or the Security Documents, nor shall the Collateral Agent, the Collateral Agent's designee or the Financing Parties be obligated or required to (a) perform any of the Company's obligations under the Assigned Agreement, except, in the case of the Collateral Agent or the Collateral Agent's designee, during any period in which the Collateral Agent or the Collateral Agent's designee is a Substitute Owner pursuant to Section 1.02, in which case (i) the obligations of such Substitute Owner shall be no more and no less than those of the Company under the Assigned Agreement and (ii) such Substitute Owner shall cure any continuing defaults under the Assigned Agreement (including any defaults for failure to pay amounts owed), or (b) take any action to collect or enforce any claim for payment assigned under the Security Documents.

Section 1.07 Performance under Assigned Agreement. The Consenting Party shall perform and comply with all material terms and provisions of the Assigned Agreement to be performed or complied with by it to the extent provided therein and shall maintain the Assigned Agreement in full force and effect in accordance with its terms.

Section 1.08 Delivery of Notices. The Consenting Party shall deliver to the Collateral Agent, concurrently with the delivery thereof to the Company, a copy of each notice of default given by the Consenting Party pursuant to the Assigned Agreement.

The Consenting Party will pay all amounts payable by it under the Assigned Agreement, if any, in the manner required by the Assigned Agreement directly into the account specified on Exhibit A hereto, or to such other Person or account as shall be specified from time to time by the Collateral Agent to the Consenting Party in writing upon forty-five (45) Days' prior notice.

Section 2.02 No Offset, etc. All payments required to be made by the Consenting Party under the Assigned Agreement shall be made without any offset, recoupment, abatement, withholding, reduction or defense whatsoever, except as specifically permitted under the Assigned Agreement.

### ARTICLE III

#### REPRESENTATIONS AND WARRANTIES OF THE CONSENTING PARTY

In order to induce the Collateral Agent and the Financing Parties to enter into the Financing Documents and the Security Documents and to make the Financing available to the Company, the Consenting Party makes the following representations and warranties, which shall survive the execution and delivery of this Consent and the Assigned Agreement and the consummation of the transactions contemplated hereby and thereby.

Section 3.01 Organization; Power and Authority. The Consenting Party is duly organized, validly existing and in good standing under the laws of the jurisdiction of its formation, and is duly qualified, authorized to do business and in good standing in every jurisdiction in which it owns or leases real property or in which the nature of its business requires it to be so qualified, [and has all requisite power and authority, corporate and otherwise, to enter into and to perform its obligations hereunder and under the Assigned Agreement, and to carry out the terms hereof and thereof and the transactions contemplated hereby and thereby.] [Subject to confirmation at time of execution.]

Section 3.02 Authorization. The execution, delivery and performance by the Consenting Party of this Consent and the Assigned Agreement have been duly authorized by all necessary action on the part of the Consenting Party and do not require any approval or consent of any holder (or any trustee for any holder) of any indebtedness or other obligation of (a) the Consenting Party or (b) any other Person, in each case except for [Deferred Approvals and] approvals or consents which have previously been obtained. The Consenting Party has all regulatory authorizations necessary for it to legally perform its obligations under this Consent and the Assigned Agreement [other than the Deferred Approvals].

Section 3.03 Execution and Delivery; Binding Agreements. [Subject to the Deferred Approvals,] each of this Consent and the Assigned Agreement is in full force and effect, has been duly executed and delivered on behalf of the Consenting Party by the appropriate officers of the Consenting Party, and constitutes the legal, valid and binding obligation of the Consenting Party, enforceable against the Consenting Party in accordance with its terms, except as the enforceability thereof may be limited by (a) bankruptcy, insolvency, reorganization, or other similar laws affecting the enforcement of creditors' rights generally and (b) general equitable principles (whether considered in a proceeding in equity or at law).

Section 3.04 Litigation. There is no litigation, action, suit, proceeding or investigation pending or (to the Consenting Party's knowledge) threatened against or involving the Consenting Party before or by any court, administrative agency, arbitrator or governmental authority, body or agency which, if adversely determined, individually or in the aggregate, (a) is reasonably expected to materially adversely affect the performance by the Consenting Party of its obligations hereunder or under the Assigned Agreement, or which could modify or otherwise materially adversely affect the Approvals (as defined in Section 3.06), (b) questions the validity, binding effect or enforceability hereof or of the Assigned Agreement, any action taken or to be taken pursuant hereto or thereto or any of the transactions contemplated hereby or thereby or (c) is reasonably likely to have a material adverse effect upon (i) the operations, properties, assets, or

condition (financial or otherwise) of the Consenting Party, (ii) the ability of the Consenting Party to perform under the Assigned Agreement or this Consent, (iii) the operations, properties, assets or condition (financial or otherwise) of the Project, (iv) the value, validity, perfection and enforceability of the liens granted to the Collateral Agent under the Security Documents or (v) the ability of the Collateral Agent or the Financing Parties to enforce any of their material rights and remedies under the Assigned Agreement or this Consent (collectively, a "Material Adverse Effect").

Section 3.05 Compliance with Other Instruments, etc. The Consenting Party is not in violation of its charter or by-laws, and [upon receipt of the Deferred Approvals] the execution, delivery and performance by the Consenting Party of this Consent and the Assigned Agreement and the consummation of the transactions contemplated hereby and thereby will not result in any violation of, breach of or default under any term of its charter or by-laws, or of any contract or agreement to which it is a party or by which it or its property is bound, or of any license, permit, franchise, judgment, writ, injunction, decree, order, charter, law, ordinance, rule or regulation applicable to it, except for any such violations which, individually or in the aggregate, would not have a Material Adverse Effect.

Section 3.06 Government Consent. No consent, order, authorization, waiver, approval or any other action, or registration, declaration or filing with, any Person, board or body, public or private (collectively, the "Approvals"), is required to be obtained by the Consenting Party in connection with the execution, delivery or performance of the Assigned Agreement or the consummation of the transactions contemplated thereunder, except as listed on Exhibit B hereto. All such Approvals listed on Exhibit B, except for those set forth in Part II thereof (the "Deferred Approvals"), are Final (as defined below). An Approval shall be "Final" if it has been validly issued, is in full force and effect, is not subject to any condition (other than compliance with the terms thereof), does not impose restrictions or requirements inconsistent with the terms of the Assigned Agreement, and is final and not subject to any appeal. The Consenting Party reasonably believes that each Deferred Approval will be obtained in the ordinary course of business.

Section 3.07 No Default or Amendment. Neither the Consenting Party nor, to the Consenting Party's knowledge, any other party to the Assigned Agreement is in default of any of its obligations thereunder. To its knowledge, the Consenting Party has no existing counterclaims, offsets or defenses against the Company. [The Assigned Agreement is in full force and effect] [subject to confirmation at time of execution] and, to the Consenting Party's knowledge, no event or condition exists which would either immediately or with the passage of any applicable grace period or giving of notice, or both, enable either the Consenting Party or the Company to terminate or suspend its obligations under the Assigned Agreement. The Assigned Agreement has not been amended, modified or supplemented. [Subject to confirmation at time of execution.]

Section 3.08 No Previous Assignments. The Consenting Party has no notice of, and has not consented to, any previous assignment of all or any part of its rights under the Assigned Agreement.

Section 3.09 Representations and Warranties. All representations, warranties and other statements made by the Consenting Party in the Assigned Agreement were true and correct as of the date when made [and, unless made as of a specified date, are true and correct as of the date of this Consent.] [Subject to confirmation at time of execution.]

ARTICLE IV

The Company agrees to pay for the Consenting Party's reasonable attorney's fees and expenses incurred in providing such opinion of counsel.

(a) THIS CONSENT AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES HEREUNDER SHALL BE CONSTRUED IN ACCORDANCE WITH AND BE GOVERNED BY THE LAWS OF THE STATE OF NEW YORK (WITHOUT GIVING EFFECT TO THE PRINCIPLES THEREOF RELATING TO CONFLICTS OF LAW THAT WOULD REQUIRE THE APPLICATION OF THE LAWS OF ANOTHER JURISDICTION).

(b) Any legal action or proceeding with respect to this Consent and any action for enforcement of any judgment in respect thereof may be brought in the Supreme Court of the State of New York located in Nassau County or Suffolk County or in the Federal court of the United States of America for the Eastern District of New York, and, by execution and delivery of this Consent, each of the Consenting Party, the Company and the Collateral Agent hereby accepts for itself and in respect of its property, generally and unconditionally, the non-exclusive jurisdiction of the aforesaid courts and appellate courts from any appeal thereof. Each of the Consenting Party, the Company and the Collateral Agent irrevocably consents to the service of process out of any of the aforementioned courts in any such action or proceeding by the mailing of copies thereof by registered or certified mail, postage prepaid, to the Consenting Party at its notice address provided pursuant to Section 5.01 hereof. Each of the Consenting Party, the Company and the Collateral Agent hereby irrevocably waives any objection which it may now or hereafter have to the laying of venue of any of the aforesaid actions or proceedings arising out of or in connection with this Consent brought in the courts referred to above and hereby further irrevocably waives and agrees not to plead or claim in any such court that any such action or proceeding brought in any such court has been brought in an inconvenient forum. Nothing herein shall affect the right of the Collateral Agent or its designees to serve process in any other manner permitted by law or to commence legal proceedings or otherwise proceed against the Consenting Party in any other jurisdiction.

Section 5.03 Counterparts. This Consent may be executed in any number of counterparts and by the different parties hereto on separate counterparts, each of which when so executed and delivered shall be an original, but all of which shall together constitute one and the same instrument.

Section 5.04 Headings Descriptive. The headings of the several sections and subsections of this Consent are inserted for convenience only and shall not in any way affect the meaning or construction of any provision of this Consent.

Section 5.05 Severability. In case any provision in or obligation under this Consent shall be invalid, illegal or unenforceable in any jurisdiction, the validity, legality and enforceability of the remaining provisions or obligations, or of such provision or obligation in any other jurisdiction, shall not in any way be affected or impaired thereby.

Section 5.06 Amendment, Waiver. Neither this Consent nor any of the terms hereof may be terminated, amended, supplemented, waived or modified except by an instrument in writing signed by the Consenting Party, the Company and the Collateral Agent. Notwithstanding the foregoing, the Company shall not have any right to consent to or approve any amendment, modification, termination or waiver of any provision of this Consent except to the extent its rights are directly affected.

Section 5.07 Termination.

(a) The Consenting Party's obligations hereunder are absolute and unconditional, and the Consenting Party has no right, and shall have no right, to terminate this Consent or to be released, relieved or discharged from any obligation or liability hereunder until all obligations under the Financing Documents (the "Finance Obligations") have been satisfied in full, notice of which shall be provided by or on behalf of the Collateral Agent when all such obligations have been so satisfied (the "Termination Notice").

(b) In the event that the Termination Notice is delivered to the Consenting Party pursuant to this Section 5.07, this Consent shall terminate for all purposes as to the Collateral Agent, the Financing Documents and the Security Documents, and the Collateral Agent and the Financing Parties (and if the proviso at the end of this sentence is not applicable, the Consenting Party) shall have no further rights or obligations under this Consent; provided, however, that the Consenting Party agrees that this Consent shall continue to apply for the benefit of the Company and the providers of new credit facilities under the documentation for the new credit facilities (the "New Lender"), if concurrently with the delivery by or on behalf of the Collateral Agent to the Consenting Party of the Termination Notice pursuant to this Section 5.07, (i) the New Lender or an agent, trustee or other representative of the New Lender shall have agreed in a writing sent to the Consenting Party that it assumes the rights and the prospective obligations of the "Collateral Agent" under this Consent, and shall have supplied substitute notice address information for Section 5.01 and new payment instructions (countersigned by the Company) for Exhibit A and (ii) the amount of the new credit facilities does not exceed the original amount of commitments by the Financing Parties to make loans and extend other credit facilities under the original Financing Documents. In such event, thereafter, (A) the term "Finance Obligations" under this Consent shall be deemed to refer to the new credit facilities, (B) the terms "Collateral Agent" or "Financing Parties" shall be deemed to refer to the New Lender or any agent or trustee for the New Lender (as appropriate), (C) the term "Financing Documents" shall be deemed to refer to the credit

agreement, indenture or other instrument providing for the new credit facilities, and (D) the term "Security Documents" shall be deemed to refer to the security agreements and related documents under which the Assigned Agreement is assigned as collateral to secure performance of the obligations of the Company under the new credit facilities.

TO THE EXTENT PERMITTED BY APPLICABLE LEGAL REQUIREMENTS, THE CONSENTING PARTY, THE COMPANY AND THE COLLATERAL AGENT HEREBY IRREVOCABLY WAIVE ALL RIGHT OF TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM ARISING OUT OF OR IN CONNECTION WITH THIS CONSENT.

Section 5.11 Survival. All agreements, statements, representations and warranties made by any party herein shall be considered to have been relied upon by the other parties and shall survive the execution and delivery of this Consent.

Section 5.12 No Waiver; Remedies Cumulative. No failure or delay on the part of the Collateral Agent in exercising any right, power or privilege hereunder and no course of dealing between the Consenting Party and the Collateral Agent shall operate as a waiver thereof; nor shall any single or partial exercise of any right, power or privilege hereunder preclude any other exercise, or the further exercise, of any other right, power or privilege hereunder. The rights and remedies herein expressly provided are cumulative and not exclusive of any rights or remedies which the Collateral Agent would otherwise have.

Section 5.13 Entire Agreement. This Consent embodies the complete agreement between the parties hereto with respect to the matters covered herein and supersedes all other oral or written understandings or agreements with respect to such matters.

## APPENDIX 16-1

**STANDARD CLAUSES FOR MINORITY-AND WOMEN-OWNED  
BUSINESS ENTERPRISES**PARTICIPATION BY MINORITY-AND WOMEN-OWNED BUSINESS ENTERPRISES:  
REQUIREMENTS AND PROCEDURESI. General Provisions

- A. The Authority is required to implement the provisions of New York State Executive Law Article 15-A and 5 NYCRR Parts 142-144 (“MWBE Regulations”) for all contracts as defined therein, with a value (1) in excess of \$25,000 for labor, services, equipment, materials, or any combination of the foregoing or (2) in excess of \$100,000 for real property renovations and construction.
- B. The Contractor agrees, in addition to any other nondiscrimination provision of this Agreement and at no additional cost to the Authority, to fully comply and cooperate with the Authority in the implementation of New York State Executive Law Article 15-A. These requirements include equal employment opportunities for minority group members and women (“EEO”) and contracting opportunities for certified minority and women-owned business enterprises (“MWBEs”). Contractor’s demonstration of “good faith efforts” pursuant to 5 NYCRR §142.8 shall be a part of these requirements. These provisions shall be deemed supplementary to, and not in lieu of, the nondiscrimination provisions required by New York State Executive Law Article 15 (the “Human Rights Law”) or other applicable federal, state or local laws.
- C. Failure to comply with all of the requirements herein may result in a finding of non-responsiveness, non-responsibility and/or a breach of contract, leading to the withholding of funds or such other actions, liquidated damages pursuant to subsection VII of this Appendix or enforcement proceedings as allowed by this Agreement.

II. Contract Goals

- A. For purposes of this procurement, the Authority hereby establishes an overall goal of 0 % for Minority and Women-Owned Business Enterprises (“MWBE”) participation, 0 % for Minority-Owned Business Enterprises (“MBE”) participation and 0 % for Women-Owned Business Enterprises (“WBE”) participation (based on the current availability of qualified MBEs and WBEs).
- B. For purposes of providing meaningful participation by MWBEs on this Agreement and achieving the Contract Goals established in subsection II-A above, Contractor should reference the directory of New York State Certified MBWEs found at the following internet address: <http://ny.newnycontracts.com/>

Additionally, Contractor is encouraged to contact the Division of Minority and Woman Business Development (518) 292-5250; (212) 803-2414; or (716) 846-8200) to discuss additional methods of maximizing participation by MWBEs on this Agreement.

- C. The Contractor understands that only sums paid to MWBEs for the performance of a commercially useful function, as that term is defined in 5 NYCRR § 140.1, may be applied towards the achievement of the applicable MWBE participation goal. The portion of a contract with an MWBE serving as a broker that shall be deemed to represent the commercially useful function performed by the MWBE shall be 25 percent of the total value of the contract.
- D. The Contractor must document “good faith efforts,” pursuant to 5 NYCRR § 142.8, to provide meaningful participation by MWBEs as subcontractors and suppliers in the performance of the Contract. Such documentation shall include, but not necessarily be limited to:
  - 1. Evidence of outreach to MWBEs;
  - 2. Any responses by MWBEs to the Contractor’s outreach;
  - 3. Copies of advertisements for participation by MWBEs in appropriate general circulation, trade, and minority or women-oriented publications;
  - 4. The dates of attendance at any pre-bid, pre-award, or other meetings, if any, scheduled by Authority with MWBEs; and,
  - 5. Information describing specific steps undertaken by the Contractor to reasonably structure the Contract scope of work to maximize opportunities for MWBE participation.

### III. Equal Employment Opportunity (EEO)

- A. The provisions of Article 15-A of the Executive Law and the rules and regulations promulgated thereunder pertaining to equal employment opportunities for minority group members and women shall apply to the Contract.
- B. In performing the Contract, the Contractor shall:
  - 1. Ensure that each contractor and subcontractor performing work on the Contract shall undertake or continue existing EEO programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status. For these purposes, EEO shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation.
  - 1. The Contractor shall submit an EEO policy statement to the Authority within seventy two (72) hours after the date of the notice by Authority to award this Agreement to the Contractor.

2. If Contractor or Subcontractor does not have an existing EEO policy statement, the Authority may provide the Contractor or Subcontractor a model statement (see attached - Minority and Women-Owned Business Enterprises Equal Employment Opportunity Policy Statement).
3. The Contractor's EEO policy statement shall include the following language:
  - a. The Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, national origin, sex, age, disability or marital status, will undertake or continue existing EEO programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination, and shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force.
  - b. The Contractor shall state in all solicitations or advertisements for employees that, in the performance of the contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.
  - c. The Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union, or representative will not discriminate on the basis of race, creed, color, national origin, sex age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.
  - d. The Contractor will include the provisions of Subdivisions (a) through (c) of this Subsection 4 and Paragraph "E" of this Section III, which provides for relevant provisions of the Human Rights Law, in every subcontract in such a manner that the requirements of the subdivisions will be binding upon each subcontractor as to work in connection with the Contract.

#### C. Form 101 - Staffing Plan

To ensure compliance with this subsection III, the Contractor shall submit a staffing plan to document the composition of the proposed workforce to be utilized in the performance of this Agreement by the specified categories listed, including ethnic background, gender, and Federal occupational categories. Contractors shall complete the Staffing plan form and submit it as part of their bid or proposal or within a reasonable time thereafter, but no later than the time of award of the contract.

#### D. Form 102 - Workforce Employment Utilization Report ("Workforce Report")

1. The Contractor shall submit a Workforce Utilization Report (excel form format), and shall require each of its subcontractors to submit a Workforce Utilization Report, in such form as required by Authority on a QUARTERLY basis during the term of the Contract.
2. Separate forms shall be completed by the Contractor and any subcontractors.

- B. Contractor agrees to adhere to such MWBE Utilization Plan in the performance of the Contract.
- C. The Contractor further agrees that failure to submit and/or adhere to such MWBE Utilization Plan shall constitute a material breach of the terms of the Contract. Upon the occurrence of such a material breach, the Authority shall be entitled to any remedy provided herein, including but not limited to, a finding that the Contractor is non-responsive.

#### **V. Waivers**

- A. For Waiver Requests Contractor should use Form 104 – Waiver Request.
- B. If the Contractor, after making good faith efforts, is unable to comply with MWBE goals, the Contractor may submit a Request for Waiver form documenting good faith efforts by the Contractor to meet such goals. If the documentation included with the waiver request is complete, the Authority shall evaluate the request and issue a written notice of acceptance or denial within twenty (20) days of receipt.
- C. If the Authority, upon review of the MWBE Utilization Plan and updated Quarterly MWBE Contractor Compliance Reports determines that Contractor is failing or refusing to comply with the Contract Goals and no waiver has been issued in regards to such non-compliance, the Authority may issue a notice of deficiency to the Contractor. The Contractor must respond to the notice of deficiency within seven (7) business days of receipt. Such response may include a request for partial or total waiver of MWBE Contract Goals.

- B. Such liquidated damages shall be calculated as an amount equaling the difference between:
  1. All sums identified for payment to MWBEs had the Contractor achieved the contractual MWBE goals; and
  2. All sums actually paid to MWBEs for work performed or materials supplied under this Agreement.
- C. ## APPENDIX 16-2

**PARTICIPATION OPPORTUNITIES FOR NEW YORK STATE CERTIFIED SERVICE-DISABLED VETERAN-OWNED BUSINESSES**

Article 17-B of the New York State Executive Law provides for more meaningful participation in public procurement by certified Service-Disabled Veteran-Owned Businesses (“SDVOBs”), thereby further integrating such businesses into New York State’s economy. LIPA recognizes the need to promote the employment of service-disabled veterans and to ensure that certified service-disabled veteran-owned businesses have opportunities for maximum feasible participation in the performance of LIPA contracts.

In recognition of the service and sacrifices made by service-disabled veterans and in recognition of their economic activity in doing business in New York State, Contractor is strongly encouraged and expected to consider SDVOBs in the fulfillment of the requirements of the Contract. Such participation may be as subcontractors or suppliers, as protégés, or in other partnering or supporting roles.

For purposes of this procurement, LIPA conducted a comprehensive search and determined that the Contract does not offer sufficient opportunities to set specific goals for participation by SDVOBs as subcontractors, service providers, and suppliers to Contractor. Nevertheless, Contractor is encouraged to make good faith efforts to promote and assist in the participation of SDVOBs on the Contract for the provision of services and materials. The directory of New York State Certified SDVOBs can be viewed at: <http://ogs.ny.gov/Core/SDVOBA.asp> Contractor is encouraged to contact the Office of General Services’ Division of Service-Disabled Veteran’s Business Development at 518-474-2015 or [VeteransDevelopment@ogs.ny.gov](mailto:VeteransDevelopment@ogs.ny.gov) to discuss methods of maximizing participation by SDVOBs on the Contract.

## APPENDIX 17

**OUTAGES<sup>3</sup>****NERC Event Type U1:****U1 – Unplanned (Forced) Outage — immediate**

This is an outage that requires immediate removal of a unit from service, another outage state, or a reserve shutdown state. This type of outage usually results from immediate mechanical/electrical/hydraulic control system trips and operator-initiated trips in response to unit alarms.

**NERC Event Type U2:****U2 – Unplanned (Forced) Outage — Delayed**

This is an outage that does not require immediate removal of a unit from the in-service state, instead requiring removal within six hours. This type of outage can only occur while the unit is in service.

**NERC Event Type U3:****U3 – Unplanned (Forced) Outage — Postponed**

This is an outage that can be postponed beyond six hours but requires that a unit be removed from the in-service state before the end of the next weekend (Sunday at 2400 or before Sunday turns into Monday). This type of outage can only occur while the unit is in service.

**NERC Event Type MO:****MO – Maintenance Outage**

An outage that can be deferred beyond the end of the next weekend (defined as Sunday at 2400 hours or as Sunday turns into Monday), but requires that the unit be removed from service, another outage state, or Reserve Shutdown state before the next Planned Outage (PO). Characteristically, a MO can occur any time during the year, has a flexible start date, may or may not have a predetermined duration, and is usually much shorter than a PO. Discovery work and re-work which render the unit out of service beyond the estimated MO end date are not considered part of the original scope of work. A maintenance extension may be used only in

---

<sup>3</sup> The terms set forth in this Appendix 17 are defined at the following website:  
<http://www.nerc.com/pa/RAPA/gads/Pages/Data%20Reporting%20Instructions.aspx> (Section 3, dated January 2015). Capitalized terms used in this Appendix and not defined herein shall have the meanings ascribed to such terms referenced on such website.

instances where the original scope of work requires more time to complete than the estimated time. For example, if an inspection that is in the original scope of work for the outage takes longer than scheduled, the extra time should be coded as an extension (ME). If the damage found during the inspection is of a nature that the unit could be put back on-line and be operational past the end of the upcoming weekend, the work could be considered MO or ME. If the inspection reveals damage that prevents the unit from operating past the upcoming weekend, the extended work time should be Forced Outage (See definitions of Event Types U1, U2, or U3 above).

### **NERC Event Type ME:**

#### **ME – Maintenance Outage Extension**

GADS defines a maintenance outage extension as an extension of a maintenance outage (MO) beyond its estimated completion date. This means that at the start of an MO, the outage had an estimated duration (time period) for the work and a date set for the unit to return to service. All work during the MO is scheduled (part of the original scope of work) and all repair times are determined before the outage started.

### **NERC Event Type PO:**

#### **PO – Planned Outage**

An outage that is scheduled well in advance and is of a predetermined duration, can last for several weeks, and occurs only once or twice a year. Turbine and boiler overhauls or inspections, testing, and nuclear refueling are typical planned outages. For a planned outage, all of the specific individual maintenance and operational tasks to be performed are determined in advance and are referred to as the “original scope of work.” The general task of repairing turbines, boilers, pumps, etc. is not considered a work scope because it does not define the individual tasks to be performed.

Discovery work and re-work which render the unit out of service beyond the estimated PO end date are not considered part of the original scope of work. A planned extension may be used only in instances where the original scope of work requires more time to complete than the estimated time.

### **NERC Event Type PE:**

#### **PE – Planned Outage Extension**

GADS defines a planned outage extension as an extension of a Planned Outage (PO) beyond its estimated completion date. This means that at the start of the PO, the outage had an estimated duration (time period) for the work and a date set for the unit to return to service. All work during the PO is scheduled (part of the original scope of work) and all repair times are determined before the outage started.

**SUPPLEMENT 1 - STANDARD CLAUSES FOR LIPA CONTRACTS**

For the purposes of this Supplement 1, the Long Island Power Authority and its operating subsidiary the Long Island Lighting Company d/b/a LIPA are hereinafter referred to as "LIPA."

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, "*the contract*" or "*this contract*") agree to be bound by the following clauses which are hereby made a part of the contract (the word "*Contractor*" herein refers to any party other than LIPA, whether a contractor, consultant, licensor, licensee, lessor, lessee or other party):

**NON-ASSIGNMENT CLAUSE.** In accordance with Section 138 of the State Finance Law, this contract may not be assigned by Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the previous consent, in writing, of LIPA, and any attempts to assign the contract without LIPA's written consent are null and void. Contractor may, however, assign its right to receive payment without LIPA's prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

**COMPTROLLER'S APPROVAL.** In accordance with Section 112 of the New York State Finance Law (the "*State Finance Law*"), this Agreement shall not be valid, effective or binding upon LIPA until it has been approved by the State Comptroller and filed in his office.

Furthermore, in accordance with Article 220-e of the New York Labor Law, and to the extent that this Agreement shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, national origin, sexual orientation, genetic predisposition or carrier status; (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee for the performance of work under this Agreement.

**WAGE AND HOURS PROVISIONS.** If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State

Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law and shall comply with all requirements set forth in Article 8 or Article 9 of the Labor Law whichever Article applies.

**NON-COLLUSIVE BIDDING CERTIFICATION.** In accordance with Section 2878 of the Public Authorities Law, if this contract was awarded based upon the submission of bids, Contractor warrants, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further warrants that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to LIPA a non-collusive bidding certification on Contractor's behalf.

**INTERNATIONAL BOYCOTT PROHIBITION.** In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds \$5,000, Contractor agrees, as a material condition of the contract, that neither Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC app. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2NYCRR 105.4).

**SET-OFF RIGHTS.** LIPA shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, LIPA's option to withhold for the purposes of set-off any moneys due to Contractor under this contract up to any amounts due and owing to LIPA with regard to this contract, any other contract with LIPA, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to LIPA for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. LIPA shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by LIPA, its representatives, or the State Comptroller.

**RECORDS.** Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, "*the Records*"). The Records must be kept for six (6) years following the expiration or earlier termination of the contract. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this contract, shall have access to the Records during normal business hours at an office of Contractor within the State of New York or, if no such office is available, at a mutually agreeable and reasonable venue within the State, for the term specified above for the purposes of inspection, auditing and copying. LIPA shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the

Public Officers Law (the "*Statute*") provided that: (i) Contractor shall timely inform LIPA in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the State's right to discovery in any pending or future litigation.

**DISCLOSURE OF LIPA RECORDS OR INFORMATION.** If any third party requests that Contractor disclose LIPA records or information, as defined in subdivision 4 of section 86 of the Public Officers Law, to the extent permitted by law, Contractor shall notify LIPA of such request and LIPA shall determine, in accordance with Chapter 39 of the Laws of 2010, whether such LIPA records or information may be disclosed.

Affirmative action shall mean recruitment, employment, job assignment, promotion, upgradings, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation; (ii) at the request of LIPA, Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, marital status, sexual orientation, genetic predisposition or carrier status and that such union or representative will affirmatively cooperate in the implementation of Contractor's obligations herein; and (iii) Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of this Agreement, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability, marital status, sexual orientation, genetic predisposition or carrier status.
