

Signup for Kairos BCI Prayer Chain

Please complete the form to let us know when you will be praying for the residents of BCI #25 -February 20-23, 2020

All that is needed is your first name and the days you will pray for the residents (inmates) attending BCI Kairos #24. What we mean by praying is short, medium or long talks with God for the success of the weekend. Short means a few words from time to time whereas a long prayer might be what you would do in your prayer closet. God hears us regardless of the length of the prayer or when and where we say it. Each prayer day by a person is made into a link of a chain that is constructed by Kairos graduates and hung up in the gym where we meet. We need several thousand prayer days to really show these men how much they are loved. If you signup for 4 days of prayer, that will make 4 links in the chain.
