

# Handsacre to Kings Bromley overhead line works

## ZN Kings Bromley - HS2 OHL Diversion

Extracts from local traffic management plan detailing works affecting highways and footpaths

**National Grid needs to raise the height of four pylons and a short section of existing overhead line that the new railway will pass under. This includes two pylons between Handsacre and Hanch and two between Bromley Hayes and Kings Bromley. We'll also replace overhead lines along the route. The following information applies to the first phase of the scheme: Handsacre and Hanch only.**

ZN is the name of the OHL and the number after it denotes the pylon tower number. Please see pylon reference numbers on accompanying project leaflet for locations.

### Handsacre to Hanch

#### Works affecting highways

Directly affected roads where access to work sites take place:

1. Shaw Lane (ZN46, ZN47, ZN47R)

#### Amendments to traffic, bus, cycle, walking and riding routes

No amendments to bus, riding and cycle routes.

Shaw Lane will have diverted traffic for the temporary road closure; this will be routed using traffic management signage.

#### Short duration highway traffic management (TM)

1. Shaw Lane/Tuppenhurst Lane – Road closure for a maximum of seven days from 19 April 2021. To install bellmouth for main yard and ZN47 access.
2. Shaw Lane – Stop/Go TM for a maximum of seven days from 26 April 2021. For new bellmouth construction to provide an access for construction vehicles to ZN48.
3. Shaw Lane - Intermittent Stop/Go TM from 2 May 2021. For access and track improvement to ZN46.

#### Public Rights of Way (PRoW) closures

The footpath in OHL span ZN50 will be closed for the duration of the works. Advanced warning signage will be installed, and permanent signage installed for the length of the closure.

<b>Longdon 35</b>	ZN50	Footpath in span ZN50 which prevents access beyond the golf course to Lysways Lane	Closure 3 May 2021 to 29 October 2021
