

"My Loved One's Soul"

Mary melt my loved ones' troubled heart
Get it ready to receive Your wonderful Son
Prepare this soul so it can humbly start
opening up, binding Christ to it as one

Even though this soul has become hard as stone
Mary, I know you can seep in and it will soften
An then this soul will want to willingly atone
Please work with it, I ask this of You often

Teach me Mary not to lose faith, encourage me to cope
Take the bitterness that I feel in prayer away
I call on you in the name of this soul with hope,
that Christ will enter and forever stay

I know, now this soul seems far from God above
Its so cold and from Him very distant
Mary through your intercession and with prayers and love
I await this soul's healing, I pray with persistence
