

"Remember Me"

Remember Me my loved one, when your nights are long
Remember Me my child, when you don't feel very strong
Remember Me when the sun rises up to meet the day
Remember Me always when you take the time to pray
Remember Me when tears flow from your pain inside
Remember me during the bad times and I'll be at your side
Remember Me on a spring day, or during a winter storm
Remember Me when you walk through woods and gaze upon a fawn
Remember Me when you fall in love, for love is what I am
Remember Me when you think you can't because with me you can
Remember Me at Christmas or when you walk through virgin snow
Remember Me at Easter when life begins to grow
Remember Me when you sing and I will be your song
Remember Me when you know you're right, but everything goes wrong
Remember Me to your family when you sit down to eat
Remember Me with petitions, come lay them at My Feet
Remember Me with joy, for all the victories we have shared
Remember Me when you are empty and I'll show you how to care
Remember Me when you laugh and think of me with a smile
Remember Me when you are tired and We'll walk just one more mile
Remember Me as you cross the ocean or sail upon the sea
Remember Me as you count the stars, for they were placed there all by Me
Remember Me in the heat of summer or in the desert's dust
Remember Me and understand, in Me you have trust
Remember Me during happy times, never forget to give me praise
Remember Me and I'll remember you till the autumn of your days
Remember to remember all you can of me
I'm always there beside you, I never cease to be

Mary L. Fallor
