

EAT RIGHT CAMPUS CERTIFICATION

We proudly announces our journey as implementation partner for FSSAI EAT RIGHT CAMPUS CERTIFICATION

The Food Safety and Standards Authority of India (FSSAI) is gearing up to scale up its 'Eat Right Campus' programme in the aim of promoting healthy and safe food across educational institutes, corporate offices, hospitals and government offices.

A critical step of this process includes training of Food Safety Supervisors and food handlers in the campus through FSSAI's Food Safety Training and Certification (FoSTaC) Programme. Other parameters include food safety measures, steps to ensure provision of healthy and environmentally sustainable food, and building awareness among the individuals in the campus to make the right food choices.

So far 28 Eat Right Campus certificates have been awarded to educational institutes and corporate campuses, and 30 additional certificates are in the pipeline, according to FSSAI.

BENEFITS OF ERC CERTIFICATION

1. Safe, healthy and sustainable food in the campus
2. Reduce the incidence of food borne illnesses
3. Less absenteeism and loss of working hours
4. Greater wellbeing, motivation and productivity of people
5. Reduce the burden of healthcare costs for the workplace, institution, hospital, jail or tea estate
6. Eat Right Campus would increase the prestige and brand value of the campus, making it attractive for prospective students, employees etc.

OUR PROGRAM

INITIAL ASSESSMENT

Initial assessment of the gaps related to schedule IV as an ERC implementation process and implementation Guidance

GUIDANCE

Guidance awareness on environment of safe, healthy and sustainable eating habits such as promoting local and seasonal food, limiting unhealthy food choices and mass awareness activities.

FINAL AUDIT BY AGENCY

Once these improvements are made, the campus undergoes a third-party audit by the FSSAI-empaneled agency and is given a rating on a five-star scale.
