OUR COMPANY

“PEOPLE AND PRODUCTS EXCEEDING EXPECTATIONS”

Westhill Services has been a steadfast provider of labour and offsite refurbishment services for earthmoving equipment. Our guiding principle, encapsulated in our slogan, "People and Products Exceeding Expectations," serves as a cornerstone motivating our team and propelling our continuous growth, setting us apart from competitors.

We understand the importance of quality workmanship and timely delivery, and we take great pride in exceeding the expectations of our customers.

We support our clients in a variety of trades from day to day shift labour and top up, long term shift support and maintenance down days, machine outages or shutdowns. This is also backed up by our fabrication team who can turn around jobs of small, medium and large earthmoving equipment within specified client timeframes.

Your satisfaction is our priority, and we strive to deliver top-notch solutions that keep your operations running smoothly.

CORE VALUES

SAFETY

Zero Harm is immersed in Westhill's culture and it is the underlying key element to our company's future success

VALUE PEOPLE

People come first and people's safety is the Company's number one priority. Valuing people also means working honestly, ethically and with respect for others at all times both inside and outside of the Company.

WORK TOGETHER

Westhill has a wealth of experience across a vast range of skill sets and the best results are achieved when these talents are combined and people work together.

LEAD THE WAY

Everyone at Westhill is asked to innovate by looking for new and better ways to get the job done. Leading the way means championing positive change and supporting new ideas that improve the way the company does business.

OUR CAPABILITIES

Westhill Services Pty Ltd is locally operated in Mackay with a specialised workshop catering to fabrication and heavy mechanical needs, extending its services to the Bowen Basin and beyond. Our expertise lies in servicing and refurbishing heavy earthmoving equipment, spanning from compact to large-scale machinery.

Our expertise extends to comprehensive repairs and component rebuilds, including midlife to full overhauls for a variety of equipment such as CAT 777-793 off-road haul trucks, CAT D7-D11 track dozers, CAT 16-24 graders, and Komatsu 830-930 trucks.

Additionally, we offer field servicing to ensure your operations run smoothly. Whether you seek long-term or short-term labour, assistance with breakdowns, shutdowns, or require rapid response for emergency labour 24/7, Westhill Services is your reliable partner. Our skilled team, comprising fitters, boilermakers, auto electricians, HV electricians, supervisors, and more, brings extensive experience in working with various machinery, fixed plants, and mobile units.

Westhill is dedicated to supplying high-quality, skilled, and experienced tradespeople to the mining industry. Our dependable and adaptable team is just a phone call away, ready to support your requirements efficiently.

At Westhill, we prioritise adherence to OEM specifications for each unit throughout our overhaul procedures, ensuring the durability and longevity of every component. We set the benchmark for quick turnaround labour, ensuring a rapid response to all inquiries and labour requests, delivering reliable solutions that get the job done right the first time.
