

**TOWN OF NORQUAY
BYLAW NO. 06-2026**

A BYLAW OF THE TOWN OF NORQUAY TO ESTABLISH WATER RATES, SEWER RATES, AND UTILITY INFRASTRUCTURE LEVIES.

SHORT TITLE

This bylaw may be cited as the “**Utility Rates and Infrastructure Levy Bylaw**”.

WHEREAS the Council of the Town of Norquay is authorized pursuant to The Municipalities Act to establish and operate public utility services and fix rates, charges, tolls and rents for such services;

AND WHEREAS Council deems it necessary to establish rates and utility infrastructure levies sufficient to support the operation, maintenance, debt servicing, repair and replacement of municipal water and wastewater infrastructure;

NOW THEREFORE the Council of the Town of Norquay, in the Province of Saskatchewan, enacts as follows:

1. All persons desiring to be supplied with water from the Municipality's water supply system and sewer services shall make application to the officials of the Municipality.
2. The charges to be paid by the water consumer whose water service has been turned on shall be those set out in Schedule "A" attached whether or not any water is consumed.
3. Persons who own or occupy premises drained or that are by bylaw required to be drained into the sewer shall pay for such services a rental rate or service charge in accordance with Schedule "B" attached.
4. Every customer that has a water charge shall pay Utility Infrastructure Levy No. 1 in the amount of \$56.00 per quarter. Revenue generated from Utility Infrastructure Levy No. 1 shall be used for debt servicing costs associated with utility capital projects.
5. Every customer that has a water charge shall pay Utility Infrastructure Levy No. 2 in the amount of \$55.00 per quarter. Revenue generated from Utility Infrastructure Levy No. 2 shall be used for utility infrastructure renewal, replacement, reserve funding and debt servicing costs associated with utility infrastructure.

5.1 All water and sewer services provided by the Town shall be subject to the provisions of Bylaw No. 05-2026, being the Water and Sewer Management Bylaw, as amended from time to time.

6. Accounts for water service and/or sewer service shall cover a period of three months, payable in advance. Accounts shall be paid on or before the first day of the month next following the billing period (the next billing date) or shall be subject to a penalty as set out in Clause 8. If an account remains in arrears within a period of thirty days after the next billing date, the water service may be cut off. When the water service is cut off, it shall not be turned on until all arrears have been paid, together with a fee of \$50.00 to cover the expenses of turning off the water and turning it on again; provided that if it is required to turn on the water service outside the employees' regular working hours, the fee shall be \$100.00.

6.1 Water rates, sewer rates, utility infrastructure levies, penalties and other utility charges imposed pursuant to this Bylaw may be collected in accordance with The Municipalities Act and Bylaw No. 05-2026, as amended from time to time.

7. Persons who request a water disconnect shall pay a fee of \$25.00 and another \$25.00 at the time of re-connection.

8. A penalty of 5% shall be applied quarterly to all unpaid utility accounts not paid on or before the first day of the month next following the billing period.

9. The Municipality shall have the right to ration or limit the amount of water furnished to any or all consumers, should the circumstances seem to warrant such action.

10. Bylaw No. 02-2025 is hereby repealed.

11. The rates, charges, tolls or rents contained in this Bylaw shall come into force and take effect on the day approval is issued by the Saskatchewan Municipal Board.
