**CoHomes Boutique Senior Living** is unique! We offer long-term, short-term, and day stays in our senior living home. Yes! A real house, not a facility. CoHomes is a great fit for ambulatory seniors who may need daily assistance due to early-stage cognitive decline or mild cognitive concerns. **We have a maximum of six residents, and we treat them like family, catering to their wants and needs.**

- We provide furnished private and semi-private bedrooms, meals, snacks, laundry services, housekeeping, and activities tailored to our residents' preferences.
- Come for a "Short-Term" respite stay (a 5-day minimum stay is required). This is a great option for wait-listed seniors or when families need to travel without them.
- Join our "Day-Stay" membership program! Seniors can come for up to 10 hours any day, even weekends and holidays! **We are open 24 hours, every day!**
- Many services are available on-site, including personal care (to assist with ADLs), PT/OT/ST, nurse visits, doctor visits, Hospice, hair stylist, pet therapy, and more!
