- Accutane (must be off for 6 months)
- Steroids (must be off for 6 months)

Restrictions:

- Retinol/ Retin-A must be discontinued 7 days prior to procedure (It will cause the skin to bleed).
- Injections (Botox, Radiesse, JuvaDerm, Voluma, ect.) must be done 2 weeks before or 2 weeks after procedure.
- Chemical peels and laser treatments may not be done within 60 days before or after procedure.
- The use of Latisse® must be discontinued at least 3 months prior to your eyeliner procedure.
- Sunburned or Suntanned skin is damaged skin and therefore will cause excessive bleeding. We CAN NOT work on sunburned or suntanned skin.
- You cannot expose the area to the sun for 30 days before or after procedure.
- Do not schedule this procedure within one week prior to a water vacation.
- Stay out of steam rooms, saunas, hot yoga, swimming pool, etc. for one week following procedure.
- Avoid working out or sweating for 1 week after procedure (sweat will prevent pigment from healing in to the skin).
- Avoid alcohol and caffeine 1 day before procedure to minimize any oozing, bleeding or swelling.
- Do not take aspirin, ibuprofen, niacin, fish oil or vitamin E 3 days prior to procedure unless medically necessary.

All Cosmetic Tattoo Procedures are multi-session processes.

An initial application is incomplete until after a follow up appointment, which must be scheduled approximately 6-10 weeks after your initial appointment. There will be a \$100 charge for the follow up appointment within 3 months after the initial application.

Be prepared for the color intensity or your procedure to be significantly larger, sharper, brighter or darker than what is expected for the final outcome.

OUR POLICIES

Client ONLY in the procedure room: Anyone who accompany the client to the appointment must wait in the waiting area or strictly follow our staff's guidance in such special circumstances such as local government's mandates, guidelines, or restrictions to ensure the safety of other clients and workers alike.
