

Ambassadors at Hujjat Primary School

The Ambassador Programme provides pupils with meaningful opportunities to develop leadership skills, contribute to school improvement, serve their community and experience democracy in action.

Through the programme, pupils learn to take responsibility, represent others fairly and make a positive contribution to school life while embodying Hujjat Primary School's values.

Each class from Year 1 to Year 6 has 2 Ambassadors: Amin ambassador and Ardh Ambassador. These are elected democratically by the class. Any pupil may put themselves forward as a candidate and can deliver a short speech to their class outlining why they would make a good ambassador. Elections take place during the first few weeks of the academic year.

Amin (Trustworthy) Ambassador

The Amin Ambassador acts as a class representative and member of the pupil leadership team.

Responsibilities include:

- Collecting the views, ideas and concerns of their classmates.
- Representing their class during ambassador meetings.
- Contributing to discussions about school improvement.
- Supporting community outreach initiatives.
- Acting as role models within the school community.
- Representing their class during whole-school projects and events.

Through this role, pupils learn to communicate effectively, listen carefully to others, represent views fairly and take responsibility for serving their peers.

Ardh (Earth) Ambassador

The Ardh Ambassador leads environmental and sustainability initiatives across the school.

Responsibilities include:

- Promoting environmental awareness.
- Supporting recycling and waste reduction initiatives.
- Encouraging care for the school environment.
- Leading environmental campaigns and assemblies.
- Working alongside staff to promote sustainable practices.

The role helps pupils develop a sense of stewardship and responsibility towards the environment, while encouraging them to take pride in their school and wider community. Ardh Ambassadors help pupils understand that caring for the environment is both a civic responsibility and an important aspect of faith.
