**Where education is more than what you know,
it's who you can become...**

Asalaam Alaikum Parents and Carers,
We pray you are all well.

This year has been both wonderful and rewarding. It has been wonderful to see our children in An- Noor and Al-Haqq ready to transition to Year 1. Our Year 1 pupils have had a successful year of learning, especially early reading and phonics, and are ready for the challenges Year 2 has to offer; our Year 2 children have all worked hard, and are all very excited moving to Key Stage 2. The Year 3 children will be continuing their journey into Year 4 with enthusiasm, and our zealous Year 4 children head their way to Upper Key Stage with pride. The staff also look forward to continuing to help our children learn, grow and shine by living our school values!

This year we have had more enrichment opportunities and have continued to host many excellent school events and trips such as: Reception's trip to Willow Farm; Year 1's trip to Bekonscot Model Village; Year 2's day away to the Tower of London; Year 3's trip to Headstone Manor and Year 4's day trip to Fulham Palace. In addition to this we showcased fantastic class assemblies for families, hosted Eid lunches, Ladies of Paradise Projects, the Hajj Simulation, developed our outdoor areas and enjoyed walking through various local, scenic routes during walking club.

Transition Day this year was very engaging and successful; our new Reception families had the opportunity to visit the school and take part in 'Stay and Play' sessions and the rest of our children across Years 1 to 4 spent the day with their teachers for the next academic year. We are very much looking forward to our new parents joining our growing school community!

The last few weeks have been especially busy yet so exciting. We hosted Sports Day for Reception and Key Stage 1 at school and at Bentley Wood School for Key Stage 2. Our children competed gracefully and demonstrated resilience, collaboration and confidence. Congratulations to **Blue House** on winning the Sports Cup, which was (as tradition) presented during our whole school assembly.

We also hosted our annual 'Celebration of Learning' and it was delightful to see both staff and children showcasing their learning and progress with parents, carers and families.

On behalf of the staff, we would like to thank the school community for the continued support, generosity and respect.

Wishing you a happy and restful summer break!
Mr Syed & Mrs Saad

Our faith and values

Asalaam Alaikum,

Alhamdulillah, we thank and praise Allah (SWT), for the blessed opportunities and learning we have been given in the Summer term.

This term we focused on the values of 'integrity' and 'excellence' through verses from the Holy Quran and the stories of Prophet Muhammad (SAW). We are so proud of our school, with various visitors over this term commenting on how blessed we are to have this beautiful school, with children and adults alike showing Islamic values.

Ladies of Heaven Project

This term, we embarked on the Lady Khadijah Project, reflecting on the qualities of Lady Khadija, who gave from what she loved to help people who need it, just as the Holy Quran teaches us in Surah Ale-Imran, Verse 92. We reflected on this verse and the life of Lady Khadija and tried to follow in her footsteps by raising £380 as a school for the Back to School Backpack Campaign and helping to pack the backpacks which will be distributed to children around England from disadvantaged backgrounds Insha'Allah. We are so grateful for these amazing opportunities to learn from such inspirational women in Islam and follow in their footsteps—Alhamdulillah.

Hajj Simulation and Eid Celebrations

In the month of Dhul Hijjah, some children took part in a mini Hajj experience at school, learning the stories of Prophet Ibrahim that are remembered during the pilgrimage and focusing on the reflections behind each action performed at Hajj. It was so beautiful to see the children dressing in their white cloths to replicate the ihram, reciting the talbiyya in unity and engaging in the various activities of Hajj. The children ended their Hajj by sacrificing a food they like by donating it to the Sufra food bank, who were very grateful for our donation. Alhamdulillah, we were blessed this year to also welcome a neighbour school to learn about Hajj. Our Year 4 classes, did a marvelous job of teaching children from various different faiths and backgrounds about Hajj as they took part in the Mini Hajj Simulation. Scan the QR code to hear the children from various faiths and backgrounds reciting the Talbiyyah together in unity.

Finally, It was a joy to celebrate Eid in school with a delicious Eid lunch and some celebratory crafts. May Allah (SWT) grant us all the opportunity to take forward our learning and reflections in our daily lives and one day perform the real Hajj in Makkah Insha'Allah.

May Allah (SWT) continue to bless us with the opportunities to learn and grow together and contribute to the wider community. May Allah (SWT) help us to strive to achieve excellence in our endeavours and approach each opportunity with the values of gratitude, respect, compassion, integrity and service so that our learning is more than what we know, it is who we become.

Praying you all have a blessed break Insha'Allah.

Mrs Jessa.

Sports Day

Sports Day was very exciting this year. It was at school for EYFS and KS1, and we visited Bentley Wood High School for KS2. It was a fantastic day to showcase our children's collaboration and sporting abilities, as well as our school values. Children in Reception, Year 1 and Year 2 participated in a number of different races, as well as mini challenges. The children in Year 3 and Year 4 enjoyed competing in races and many team activities.

Thank you to all our staff, parents, coaches, Year 10 sports leaders from Salvatorian College and Bentley Wood High School for making this event both memorable and enjoyable!

The egg spoon race was fun! Amira — Reception

I did really well in the speed jump! Ali Mu — KS1

The hurdles were so exciting! Lemees — KS2

I worked together with my house team during the relay! Aaliya — KS2

I really enjoyed Sports Day on a large field, and showed excellence! Elyas — KS2

Walking Club

Hujjat Primary School has it's very own Walking Club, led by Mr Syed. This has been popular with our school community. A few of our beautiful walks have been to: Bayhurst Woods, Grand Union Canal, Ruislip Woods and Ruislip Lido.

Outdoor Learning

During the summer term, we have been working together with our school children and families to develop our outdoor area in Key Stage 1. This has further enriched our outdoor learning and Forest School provision at school.

STEAM Week

During STEAM Week, all the staff and children enjoyed a week of exciting activities, demonstrated excellent scientific enquiry skills, mathematical reasoning, technological awareness, artistic flair and collaboration.

We hosted an impressive workshop: Animal Experience, during which children (and staff) had the opportunity to observe and learn about fascinating animals.

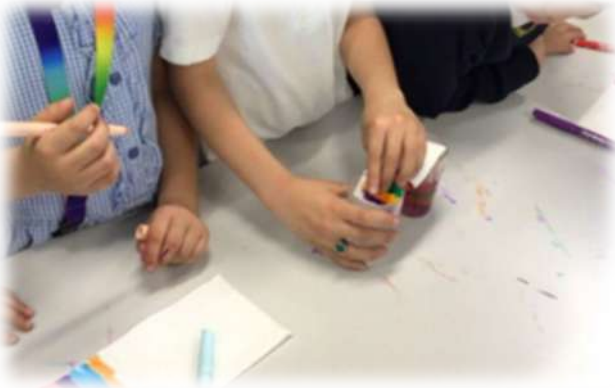

*What a brilliant afternoon— we held a Komodo Dragon, Python and a Mud Turtle!
Aaliyah, Rayyan, Maryam—Year 4*

Children in **EYFS** made frozen goop, giant Jenga and learnt about the lifecycle of butterflies

Look how the caterpillar becomes a butterfly! Aya—Reception

STEAM Week

Watch how the colours move...Sara—Year 1

The children in **Year 1** observed how water is absorbed and transferred through capillary action. They also investigated chemical reactions by creating a mini volcano using citrus fruit and baking powder.

I made my marble maze tricky! Malak—Year 2

Year 2 engineered 3D marshmallow structures and created marble mazes, inspired by the learning of how gravity and terrain affects movement!

STEAM Week

The **Year 3** scientists carefully devised Newton's Cradles, created shadow puppets inspired by their understanding of light and shadow, and made potions in their very own potions lab!

You have to be very careful and precise when making a Newton's Cradle—Faatimah Year 3

The **Year 4's** made intricate tinkering sets and carefully constructed balance boards based on their understanding and learning of different units of measurements

The weight on both sides side to be the same for the Balance board to stay straight! — Inaaya Year 4

STEAM Week - Hall of Hikmah

During STEAM Week, we celebrated fantastic innovations in our 'Hall of Hikmah' showcase for the school children and parents

Recyclable fruit bowl—Year 1

Interactive number line—Year 1

Interactive Prayer Mat—Year 2

Garden Bot—Year 4

Rocket Shoes—Year 3

A few of our fantastic innovations included: a fruit bowl (made of recyclable materials), and an interactive number line, from Year 1; an interactive prayer mat from Year 2; Rocket shoes from Year 3 and a Garden Bot from Year 4.

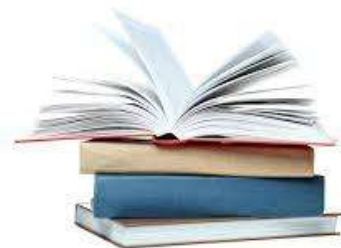

Read and Relax

Read & Relax 2025

On Wednesday 25th June, we held our Read & Relax afternoon in the MUGA. The event was designed to nurture the children's love of reading and give them a chance to unwind. Children and staff came to school in their most comfortable clothes, brought along a favourite story to share, and enjoyed a refreshing ice lolly as they read and relaxed together.

It was a lovely way to spend the afternoon and celebrate the joy of reading!

It was so much fun reading with children from different classes and playing creative games! - Hasan S, Kawthar, Amina Year 2

Terrific learning in Early Years

Chicks

We were so excited when we learnt about the different lifecycles. Especially when we got a special delivery of eggs! We waited patiently for them to hatch into fluffy chicks. Then we put them in a cage and looked after them for the 2 weeks they were with us.

*I wonder, when will the eggs hatch? -
Karrar Abbas EYFS*

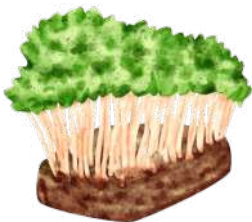

Programming Beebots

We were super programmers when the Beebots came out. We learnt what programming means and how we can give the robot instructions to move in specific directions. We drew maps and planned where our Beebots would go in the classroom.

Look at our Beebots move!— Sidra EYFS

Cress & chia salad

As part of our units on lifecycles and health and fitness, we grew our very own cress and chia salad! We planted the seeds, then carefully watered them everyday, and left them by the window. The following week, we used our chef hands to chop and make our own salad using our own grown leafy greens!

*Our plants need soil, sunshine and water
— Maryam EYFS*

★ Our fantastic learning in Early Years ★

Prophet Nuh's Ark

We learnt about the different stories we can find in the Qur'an and read the story of Prophet Nuh. He was a grateful Prophet and we learnt the special dua we can recite to show gratefulness. Then we used junk modelling materials to make our very own Ark!

Willows Activity Farm

Our first adventure outside of school was a visit to Willows activity farm, where we saw and fed lots of farm animals, learnt how to milk a cow and had fantastic fun in the Peter Rabbit Adventure playground!

Such a fun day! We enjoyed feeding the animals – EYFS

Hansel and Gretel House

One of our final texts was the fable of Hansel and Gretel. We each designed our own sweet, then used clay to make it. Once it dried, we painted our sweet designs and then worked collaboratively to make our very own sweet house!

I am painting sweets for my house – Adam EYFS

My house is full of sweets! – Asiya EYFS

We hope you have a lovely summer break!

With best wishes,

Mrs Al Sader, Mrs Aksouh, Mrs Navazi,

Mrs Gulamali & Mrs Merali

Our fantastic learning in Years 1 and 2...

Year 1 Trip to Bekonscot Model Village

I saw lots of trains and old toys and new toys—Amir Year 1

Year 1 visited Bekonscot Model Village and Railway and had an unforgettable experience and a unique insight into life in rural England in the 1930s.

Year 1 English Learning

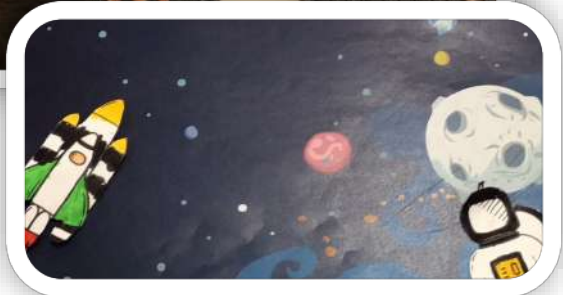

Year 1 have been learning about instructional writing and wrote instructions about how to make biscuits!

Year 2 Computing Learning

We could make our own movies, I felt like a film director! - Fatimah G

Year 2 have learnt all about stop motion animation and data handling this term. The children became videographers and created their own animations using the iPads!

Year 2 Charlie and The Chocolate Factory Day!

Charlie and the Chocolate Factory Day in Year 2 was a great success! The children took part in a special workshop run by The Chocolate Museum where they learnt about the history of chocolate and even made their own chocolates! The children also dressed as a character from Charlie and the Chocolate Factory and watched the 1971 version of the movie in the afternoon.

We learnt about the history of chocolate, I enjoyed tasting chocolate from different countries.— Abdulhafeedh Year 2

We hope you have a restful spring break!

With best wishes,

Mrs Laamri (KS1 Phase Leader), Miss Shah, Mrs Mahir, Mrs Haider

Mrs Siad, Mrs Naveed, Mrs Souillah & Mrs Lalji

~ Key Stage 1 Team

Amazing learning in Year 3

Year 3 trip to The Natural History Museum

All the children in Year 3 enjoyed an exciting trip to The Natural History Museum to consolidate their learning about different rocks and their properties.

Pneumatics

During Design and technology lessons the year 3 children learnt about mechanical systems and made their very own pneumatic toys!

*It was fun learning about how volcanos are formed.
Muhammad Abbas—Year 3*

We hope you have lovely summer break!

With best wishes,

Mrs Somji, Mrs Sookun, Ms McKenzi,
Mrs ElHafedi, Mrs Salah, Ms Victoria &
Mrs Karim

~ Year 3 Team

Look what's happening in Year 4

Trip to Fulham Palace

The year 4 children enjoyed a fantastic day trip to Fulham Palace and learnt more about the Vikings and Anglo Saxons

*It was interesting finding out about what the Anglo Saxons ate and wore!
Hadi and Imad—Year 4*

Enjoy the summer holidays!

With best wishes,

Mrs Rizvi, Miss Babar, Mrs Al Shahib, Mrs Haider & Mrs Karim

~ Year 4 Team
