Message from the Acting Headteacher

Asalaam Alaikum

Peace be upon you.

I hope you have had a great week; many children I have spoken with have exclaimed they have enjoyed their learning and learnt lots of new and informative things!

I understand a few parents were concerned with the attendance letters which were shared yesterday. Please note, as a school it our statutory duty to inform parents about children's absences should they fall below 95%. This is an opportunity for the school and parents to work together to further improve the overall attendance, in order to maximise children's learning experiences and potential.

I am pleased to attach to this newsletter, an exciting art competition our school is promoting in the month of Rajab themed: How Am I Growing? This unique opportunity will allow our children to showcase our faith in a creative and inspiring way, building-up good deeds and actions ready for the Holy month of Ramadhan!

During assemblies, we have been focusing on the value: gratitude. Staff and children have shared all the blessings they are grateful for, especially the people who care about them and how to show thankfulness towards them. Please take some time with your children, discussing this value.

Finally, I would like to politely remind you to read the Home-School Agreement that was shared with last week's newsletter. The pupil section has already been shared with the children in class, but please revisit this with your child. Once this has been completed, please confirm your acknowledgment of the agreement on the Arbor app.

Insha'Allah, I hope you all have a happy and restful weekend and please do not hesitate to talk to me if you have any queries.

With best wishes,

Mrs Saad

Acting Headteacher

Pupils of the Week

Al-Haqq (RH) **Zahra Rizvi**

Zahra has shown increased concentration in class and is participating well in our lessons.

She is becoming more confident; putting her hand up to answer more questions, as well as engaging in discussions.

Zahra is also trying hard to make new friends and is experimenting different areas of her environment.

Keep up the good work Zahra.

Al-Kareem (1A) **Abbasali Gulamhusein**

Abbasali has demonstrated our value of Excellence this week.

Abbasali approaches tasks with a positive learning attitude and reminds himself to try his best all the time. This motivates others around him to also try their best. Abbasali has specifically been putting a lot of effort into improving his writing skills.

Well done Abbasali! Keep it up!

Al-Khaaliq (2S) **Imaad Jaffri**

Imaad has shown great progress these past few weeks. He works independently and diligently to complete his work to the best of his ability. I have been particularly impressed with his writing in Literacy.

Imaad is also very polite and respectful, he works well with others and is a good friend to his classmates.

Keep up the great work Imaad!

An-Noor (RW) **Rafi Ramadan**

Rafi has been working so hard on having a smoother transition from home to school in the mornings. We are beginning to see his bright big smile at the start of every day and it's really setting the tone for a happier day.

He has been a great role model for his peers on the carpet, always sitting beautifully and listening attentively. He is growing in confidence and participating more on the carpet.

Rafi, we are so happy to hear your voice and all the important things you have to say.

Well done and keep it up!

Al-Hakeem (1AZ) **Myriam Jawad**

Myriam has been working very hard in school, producing incredible pieces of writing with beautifully neat handwriting. She has then been going home and writing in her homework book every day to remember what we did in class and reflecting on our school values.

Myriam is a ray of sunshine who makes everyone smile with her acting, dancing, jokes and her strong opinions on the world around her.

Always be your true self and keep believing in yourself superstar!

Al-Wahhaab (2AS) **Adam Mohamed**

Adam has worked incredibly hard in Maths this week, learning his multiplication facts. He has been able to mentally recall multiplication facts in 2s, 5s and 10s and has worked hard to solve number problems within these tables. Adam knows and understands how these number facts are written in multiplication statements.

Well done, Adam!

Habib the Hujjat Primary Attendance Bear

Many congratulations to
Al-Khaaliq (2S)
for being the class with the highest attendance this week at 95.5%
