## PERFORMANCE FOR THE EVERYDAY ADVENTURER

Experience the ultimate Urban-SUV e-bikes from Canada's original e-bike manufacturer. Founded in 2005, OHM has built a reputation as innovative market leaders and industry pioneers. Named the best electric city commuter bike by Electric Bike Review, OHM's cleverly-designed frames are tested for reliability, durability, and safety and feature only the highest quality, hand-selected components.

**QUEST SUV**      *THE ULTIMATE ADVENTURE*

---

Quest SUV is our newest electric bike design inspired by sport utility vehicles. A versatile all-rounder that combines the advantages of mountain, trekking, and city electric bikes.

**Why we made it:**

Adventure focus with commuting and light cargo capability.

**Shimano EP8, 85Nm, 630Wh**

**QUEST**      *BOLD, ADRENALINE-CHARGED*

---

Quest features a smart, clean-lined trekking frame and relaxed riding style for efficiency, durability—and the versatility to explore off the beaten track whenever you want.

**Why we made it:**

Commuting focus with light trail and light cargo capability.

**Shimano EP8, 85Nm, 504Wh**

**CRUISE**      *EASY RIDER*

---

Cruise is designed for riders who value around-town comfort. You'll appreciate the ease of a lightweight step-through frame and relaxed, upright riding style.

**Why we made it:**

Leisure and commuting focus with comfort and light cargo in mind.

**Shimano E7000, 70Nm, 504Wh**

OHM: POWERED BY SHIMANO

Shimano has been at the forefront of bicycle technology for over 100 years. Now, they’re bringing that same level of innovation to e-bikes. There’s a reason Shimano motors are the industry standard for e-bike motors. With their impressive power, efficiency, and longevity, they’re built to last.

SHIMANO EP801 / EP800

SHIMANO E7000

Drive Unit	EP801	EP800	E7000

## DESIGNED & ENGINEERED IN CANADA

We're passionate about making the best e-bikes which is why we do all our design and engineering at our headquarters in Vancouver, Canada. The results speak for themselves – with 1,000s of satisfied customers across North America and OHM bikes receiving multiple awards since the company was founded in 2005.

## UNRIVALED SERVICE & SUPPORT

We pride ourselves on providing only the best in quality, and with our selection of reliable products, you won't have to worry about making the wrong purchase. Our expert technicians are here to provide knowledgeable guidance and we offer comprehensive service and maintenance to keep your bike running smoothly for years past the warranty period.

## AWARDED BEST CITY E-BIKE

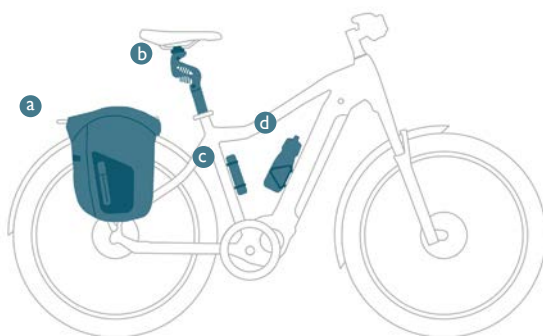

The OHM Quest series was awarded Best City Electric Bikes of 2022 by EBR thanks to our uncompromising build, fantastic durability, ergonomic body position and unparalleled rider support.

## BUILT TO SERVE YOU

The OHM design gives you the best of both worlds - the ability to carry cargo, but still maneuver easily. You'll be able to get where you need to go without any hassle. Plus, our integrated carrier is compatible with the full range of Racktime accessories.

## NEVER “ONE-SIZE FITS ALL”

Some bike companies will lead you to believe that a single bike size can fit all rider heights. OHM offers multiple frame sizes to ensure a perfect fit for every rider.

Fits a wide range of riders - 5'0" / 152cm - 6'4" / 193cm

SMALL

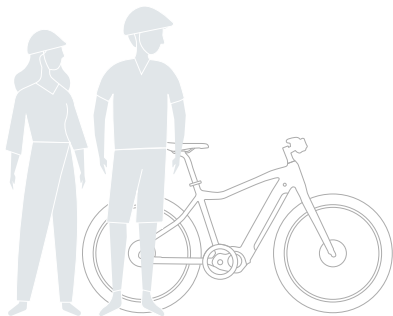

RIDER HEIGHT

MIN 5'0" / 152cm

MAX 5'6" / 158cm

MEDIUM

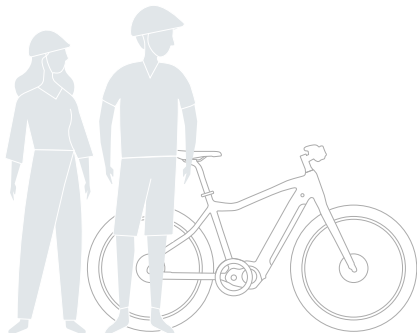

RIDER HEIGHT

MIN 5'5" / 165cm

MAX 5'10" / 178cm

LARGE

RIDER HEIGHT

MIN 5'10" / 178cm

MAX 6'4" / 193cm

Find ultimate comfort.

#### SEAT POST HEIGHT

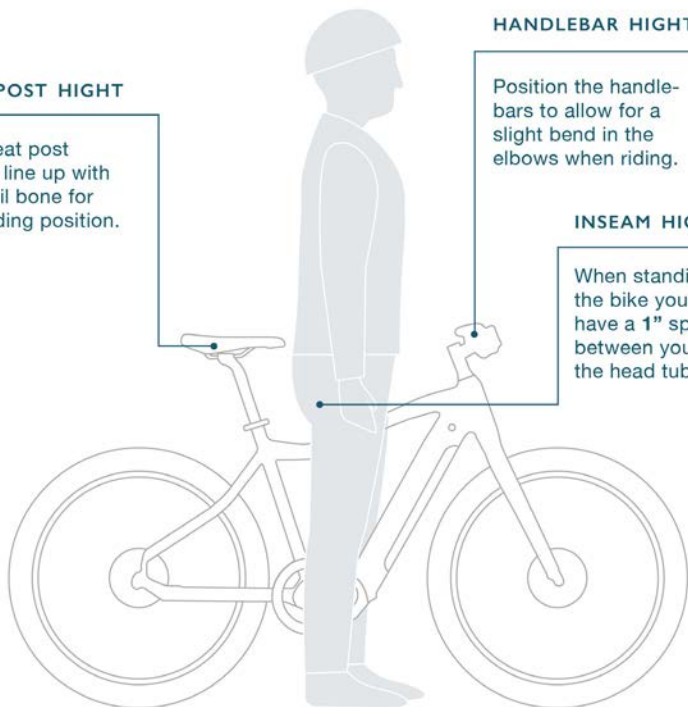

Your seat post should line up with your tail bone for best riding position.

#### HANDLEBAR HEIGHT

Position the handlebars to allow for a slight bend in the elbows when riding.

#### INSEAM HEIGHT

When standing over the bike you should have a 1" space between you and the head tube.
