## BRU! CLUB

### Each \$35\* monthly package includes:

Mike, his son, Brennen and CWT's own veteran beer guy, Rich will curate your monthly beer selections. Brennen's knowledge of all things beer is vast and he has been trading beer with aficionados across the US in search of the tastiest of selections almost a decade. Mike has access to the national beer supply and has a keen knowledge of the brewing process. Rich has years of experience from owning his own bar in Maine.

BRU! Beer Packs will be ready for pick up the second Wednesday evening of every month beginning November 8, 6-8pm. During this time there will be an opportunity for BRU! Club members to meet and trade any of their selections with other BRU! Club members.

There is no fee to join and our efforts are included in your membership.

### BRU! CLUB MEMBER BENEFITS:

- 4 16 oz cans of specially selected beers in your monthly drop
- Once per month we will designate a pick up and trade night. Gather with like minded BRU! Club members to discuss and possibly trade your selections - all beers will be available for tasting at the event as well so you'll know when to hold 'em and when to fold 'em...
- 10% off all CWT Merch
- A brewers "mark" will be drawn on the bottom of a single can each month. Show the mark and you will be offered a free pint of a house tap pour that evening
