2026 Works at La Coupée – Geomarine - update

5th March 2026

Likely duration – 3 weeks – Monday 13th April until Friday 1st May

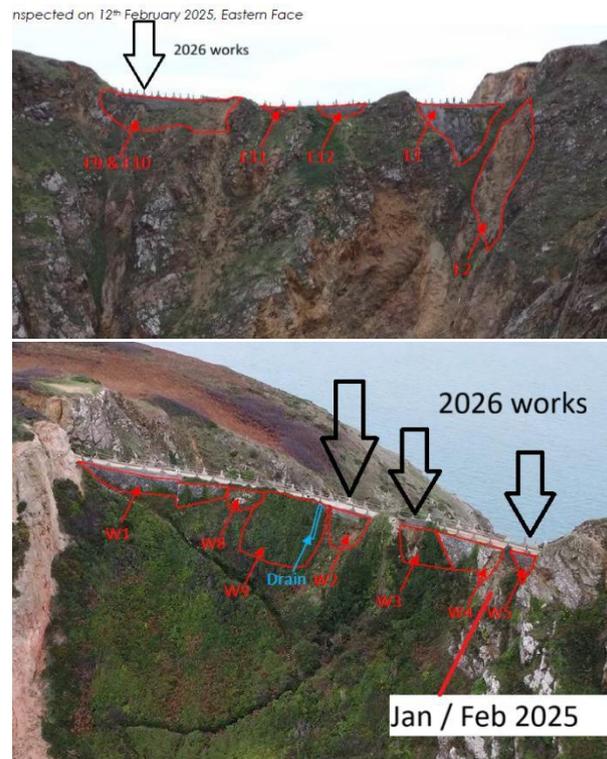

There is a major program of stabilisation works at La Coupée to reduce the risk of rockfalls and further erosion. These areas have been identified by Geomarine in extensive surveys both before and after the emergency works in February 2025. La Coupée will need to be closed to traffic for the duration of the works except for scheduled crossing times.

Closure schedule.

Closure affects: all vehicles and pedestrians
Closed: daily 6.30am to 6.30pm
Crossing times : 8am – 8.30am school run
11.45am-12.45pm lunchtime
3.45pm-4.15pm school run

Emergency Services will have access as required.

Areas: East face (Jersey side) E9, E10; West face (Guernsey side) W2, W3, W5

For further information, please contact the Committee Office
