FUTURE ENERGY SPECIAL COMMITTEE

Report with proposition to Easter Chief Pleas, 22nd April 2020

FUTURE ENERGY FUNDING REQUEST

The Future Energy Committee requests funding from Chief Pleas to commission an expert study into the generation and distribution of electricity on Sark. This study alongside public consultation will be used to develop an Island Energy Policy for the future supply of electricity on Sark. In conjunction with Item 2 The Electricity (Sark) Law 2020, it is necessary that a clear and well researched Island Energy Policy is developed. This policy will give the eventual licence holder/s direction from Sark residents and government on how they wish the islands energy supply to develop with respect to reducing carbon emissions, managing pricing levels and ensuring a fair system that does not advantage some residents over others.

In the case of a privately owned utility company it is entirely right and proper that a jurisdictions government develop an energy policy to guide that company in the supply of what is an unavoidable necessity of modern life. It is in the Committees experience that the residents of Sark are overwhelmingly in favour of a cheaper and 'greener' energy supply. Whilst the Committee have been fortunate enough to receive an great deal of free advice and engagement from many individuals and organisations over the past few years it is now time to seek some formal advice from industry professionals if we are to develop a sound and credible Island Energy Policy with which to advise licenced energy providers on Sark.

A great deal of work has been completed by the Future Energy Committee over the past year though much of it has necessarily been carried out discreetly given the delicate situation that existed with the previous director of Sark's electricity supplier. The Committee have been working hard developing contingency plans to counter the previous threat of a shut off and also engaging companies with a view to the future supply of energy on Sark. Even though Sark Electricity Limited now has new ownership and the situation has changed significantly much of the Committee's work has not been wasted. A good portfolio of contacts has been built up over the past few years covering industry, regulation and academia, both locally and internationally. The Committee has drawn upon these contacts and believes that a budget of £60,000 will be sufficient to fund a detailed study into Sark's future energy needs and allow provision for additional expert consultation if required after discussions with the eventual licence holder/s.

Note: This budget will only be drawn upon when financially prudent given the Covid-19 crisis.

Proposition -

That Chief Pleas approve the Future Energy Committee a budget of £60,000 from unforeseen expenditure, in order to seek expert advice regarding the generation and distribution of energy on Sark.

Report with Proposition to Easter Chief Pleas, 22nd April, 2020

THE ELECTRICITY (SARK) LAW 2020

The Draft Law is attached for consideration by members of Chief Pleas. Also attached is the very full summary that was prepared by St James Chambers for the purposes of the public consultation on the draft Law (appendix A). The consultation has concluded, and the Committee wish to thank those who contributed with their views.

Since the establishment of an electricity supply system on Sark there has been no form of regulation prior to the Price Control legislation of 2016. The issue of Price Control has shown that further forms of regulation are needed for the better protection of the community as well as the maintenance of a supply. Recent advertised escalation in prices has encouraged individuals to apply for planning consents to install self-generating capability.

The overall aim of this law is to maintain stability in the system to enable viable generation by at least one provider and an affordable price to all. Considerable levels of self-generation will damage the viability of the main provider and their ability to contain prices. Whilst competition should not be discouraged it has to be regulated.

The need for the provisions in this law are immediate, but there will be further provisions in due course which will follow from the establishment of the Energy Policy based on specialist industry advice. This Law should be viewed as a start to the process of updating the Island but certainly not the end.

Proposition -

That Chief Pleas approves the Projet de Loi entitled, "Electricity (Sark) Law 2020"

Public Consultation on the Electricity (Sark) Law 2020:

Purpose

The primary purpose of the draft Electricity (Sark) Law, 2020 ("the Law") is to promote the security of supply of electricity on the Island through the creation of a licensing regime.

Summary

Part 1 of the Law establishes an electricity licensing authority ("the Authority"), the members of which would be appointed by Chief Pleas. Schedule 1 to the Law makes further provision in relation to the Authority. It provides, amongst other things, that it will be comprised of a Chairman and between 2 and 4 other members.

Part 2 provides that any person intending to generate, convey, or supply electricity (a "relevant activity") must notify the Authority. On receiving such a notification, the Authority must then determine whether to allow the activity without the need for a licence, or whether a licence is needed. It would make this determination by reference to the Objectives at Schedule 2 to the Law, any published policies of the Authority, and the principles of reasonableness and proportionality; while each case will be assessed on its merit and each determination will be a matter for the Authority, in principle it is unlikely to be proportionate to require generation solely for household use, for example by solar panels on the roof of a domestic dwelling, to be licensed. It then goes on to set out the procedure for applying for licences, the process for granting and refusing such applications, and examples of the conditions that licences may include. Where one of those conditions is a requirement for the licensee to ensure continuation of supply, the Law provides that the licence may also make provision in respect of action that may be taken by or on behalf of Chief Pleas for the purpose of ensuring the continuity of supply of electricity on the Island, and thereby reducing the risk of harm to human welfare arising from that breach. Such steps might include entering premises and using property owned by the licensee (to ensure the continuation of supply), but only if the licence also provides that Chief Pleas must pay compensation for any damage caused thereby. The Policy & Finance Committee may make further provision in relation to these matters by regulations, but only if that Committee has consulted HM Procureur beforehand. Finally, Part 2 provides that a licence may grant an exclusive right, and makes provision in relation to appeals against decisions of the Authority.

Part 3 is concerned with the enforcement of licences. It provides for the Authority to give a direction where it is satisfied that a licensee is breaching a licence condition, requiring the licensee to remedy that breach within a specified time, and to have powers to suspend and revoke a licence where satisfied that the breach has not been so remedied. It contains provisions requiring the Authority to

serve notices on licensees before giving a direction and suspending or revoking a licence, but with exceptions to that requirement where there is an immediate risk of damage to human welfare and in other cases of exceptional urgency. A decision to suspend or revoke a licence may be appealed.

Part 4 creates several criminal offences, including undertaking a relevant activity without notifying the Authority or without being licensed in circumstances where the person has told that he or she must be licensed to undertake the activity.

Part 5 contains standard final provisions, such as definitions. It also makes suitable provision in respect of people undertaking relevant activities when the Law comes into force, giving them a period of three months during which they can continue that activity, and notify the Authority under Part 2 if they wish to continue undertaking the activity at the end of that period.

Schedule 1 makes further provision about the Authority, as noted above. Schedule 2 sets out the objectives to which the Authority must make reference when making decisions under the Law; they are set out at the foot of this note. Schedule 3 sets out a code governing the rights and responsibilities in respect of licensees carrying out necessary works etc pursuant to a licence – for example, laying electricity cables on someone else's property to facilitate Island-wide distribution and supply. This code is a simplified version of provisions that are already in place in Guernsey and elsewhere.

THE OBJECTIVES

- 1. To ensure the security of supply of electricity on Sark.
- 2. To encourage the generation of electricity from renewable sources, and by other environmentally-friendly methods, on Sark.
- 3. To promote the modernisation of, and investment in, the infrastructure relating to the generation, conveyance and supply of electricity on Sark.
- 4. Only where this does not conflict with the foregoing objectives, to promote competition in respect of the generation, conveyance and supply of electricity on Sark.

- (4) Where the Authority refuses to grant a licence, it shall inform the applicant of its reasons in writing.
- (5) A person aggrieved by a decision of the Authority to refuse to grant a licence, or to grant a licence including conditions, may appeal against the decision to the Court under and in accordance with section 10.

Access to and use of land.

6. (1) Subject to the provisions of this section and section 7, the Authority may determine that the code of rights, powers, duties and obligations set out at Schedule 3 (referred to in this Law as "**the Code**") should apply in relation to a licensee if such application appears to the Authority to be appropriate and

proportionate, having regard to the nature of the application for the licence and the Objectives.

- (2) The Code shall only apply to a licensee if the licence states that it so applies.
- (3) No right, power, duty or obligation conferred or imposed by or under the Code shall be exercisable in relation to any property belonging to Her Majesty in right of the Crown except with the consent of Her Majesty's Receiver General.

 - (a) the Objectives, and
 - (b) published policies of the Authority in respect of electricity regulation.
- (2) Without prejudice to the generality of subsection (1), the Authority may include in the licence conditions
 - (a) requiring the licensee to comply with any direction

given by the Authority under any power contained in this Law or in any condition in the licence,

- (b) requiring the licensee to ensure continuity of supply, where the licence is a licence to generate electricity for the purpose of giving a supply other than to the licensee's own premises only,
- (c) relating to the enforcement, revocation and suspension of the licence,
- (d) relating to the application of the Code to the licensee,
- (e) relating to the sale of electricity generated by the licensee to a licensed supplier,
- (f) intended to prevent and control anti-competitive behaviour, and
- (g) (where the undertaking of the relevant activity is a business, or part of a business, of the licensee or of a company in which the licensee has a direct or indirect interest) relating to the provision of documents, accounts, and other information relating to that business.
- (3) Any condition included in a licence may be time-limited.
- (4) Subject to subsection (5) the Authority may, having regard to

the Objectives, and on application of the licensee or by its own volition, modify a licence by –

- (a) amending or revoking any condition included in it, or
- (b) adding any condition to it (including any condition as to the application of the Code to the licensee).
- (5) Before determining whether to make modifications under this section to a licence, the Authority shall publish and give to the licensee a notice
 - (a) stating the modifications which it proposes to make,
 - (b) stating the reasons why it proposes to make those modifications, and
 - (c) specifying the time (being not less than 7 days from the date of publication of the notice) within which representations in respect of the proposed modifications may be made by interested parties (including the licensee).
- (6) Once the time specified in subsection (5)(c) has elapsed, the Authority shall consider any representations or objections received from any interested party (including the licensee), and
 - (a) modify the licence (and publish and give to the licensee a notice of the modification), or

- (b) decide not to modify the licence (and publish and give to the licensee notice of that decision).
- (7) A modification to a licence shall take effect from such time as the Authority directs.
- (8) A person aggrieved by a modification to a licence may appeal against the modification to the Court under and in accordance with section 10.

Licence conditions: continuity of supply.

- **8.** (1) Subject to subsection (5), where a licence includes conditions relating to continuity of supply, it may also make provision in respect of action that may be taken by or on behalf of Chief Pleas in case of a breach of that condition, for the purpose of
 - (a) continuing the supply of electricity on Sark, and thereby
 - (b) eliminating or reducing the risk of, or mitigating, damage to human welfare or other harm arising from that breach.
- (2) Without prejudice to the generality of subsection (1), provision of the type described in subsection (1) may include provision empowering Chief Pleas, or a person or body appointed by Chief Pleas for the purpose, to take such steps as the Authority reasonably considers necessary and proportionate in all the circumstances for the purpose set out in subsection (1), including (but not limited to) entering premises, and using and interfering with property, owned or used by the licensee.

- (3) Provision of the type described in subsection (2) may only be included if it also provides that Chief Pleas must compensate
 - (a) the owner, for any damage caused to the owner's property, and
 - (b) the licensee and any other person, for any other loss, injury or damage suffered by them,

in the course of the exercise of the power; and such compensation shall be recoverable as a civil debt.

- (4) Subject to subsections (5) and (6), the Policy and Finance Committee may, by regulations, make further provision in relation to the matters described in this section, including (but not limited to)
 - (a) providing that injunctive relief claimed on or incidental to the raising of a Clameur de Haro as a result of action taken by Chief Pleas in the case of the breach of a condition shall not prevent the continuing generation and distribution of electricity, unless a court orders otherwise, and
 - (b) the calculation and payment of compensation to be paid by Chief Pleas pursuant to provision of the type described in subsections (2) and (3).
 - (5) Regulations under subsection (4) may make it an offence,

punishable by a fine not exceeding level 5 on the Sark uniform scale, to obstruct a person acting pursuant to provision in a licence of a type described in this section.

- (6) The Policy and Finance Committee must consult Her Majesty's Procureur before
 - (a) making or amending regulations under subsection (4), or
 - (b) issuing a licence issued containing a provision of the type described in this subsections (1) to (4),

and such regulations, and such a licence, must contain a statement certifying that Her Majesty's Procureur has been so consulted.

Licence may be exclusive.

9. A licence may grant an exclusive right to undertake a relevant activity.

Right of appeal.

- 10. (1) A person aggrieved by a decision of the Authority -
 - (a) to refuse to grant a licence,
 - (b) to impose a licence condition,
 - (c) to amend or modify a licence,
 - (d) to suspend a licence, or

 - (a) that an error of law has been made,
 - (b) that a material error as to the facts has been made,
 - (c) that there was a material procedural error, or
 - (d) that there was some other material irregularity, including unreasonableness or lack of proportionality.
- (3) An appeal under this section shall be instituted -
 - (a) within a period of 56 days (or such further time as the Court may in its absolute discretion, on an application made before the expiration of that period, allow, where it is satisfied that it is not reasonably practicable for the appeal to be instituted within that period or that it is otherwise in the interests of justice to do so) immediately following the date of the Authority's decision, and
 - (b) by summons served on the Authority stating the grounds and material facts on which the appellant

relies.

- (4) On an appeal under this section, the Court may -
 - (a) dismiss the appeal, or
 - (b) quash the decision of the Authority,

and, where the Court quashes the decision of the Authority, it may remit the matter to the Authority with a direction to reconsider it and reach a decision in accordance with the findings of the Court.

- (5) The effect of a decision to which an appeal under this section relates shall not, except where the Court orders otherwise, be suspended in consequence of the bringing of the appeal.
- (6) The Authority may, where an appeal under this section is not determined by the Court within a period of three months immediately following the date of the summons by which the appeal was instituted, apply to the Court, by summons served on the appellant, for an order that the appeal be dismissed for want of prosecution; and upon hearing such an application the Court may -
 - (a) dismiss the appeal or dismiss the application (in either case upon such terms and conditions as the Court may direct), or
 - (b) make such other order as the Court considers just.
 - (7) For the purposes of determining an appeal under this section,

the Court may appoint one or more assessors to assist.

Appeals to the Court of Appeal on a question of law.

- 11. (1) An appeal from a decision of the Royal Court, made on an appeal from the Court of the Seneschal relating to a matter under this Law shall, with leave of the Royal Court or Court of Appeal, lie to the Court of Appeal on a question of law.
 - (2) An appeal under this section shall be instituted
 - (a) within a period of 28 days immediately following the date of the decision of the Royal Court, and
 - (b) in such manner as rules of court may provide.
- (3) Section 21 of the Court of Appeal (Guernsey) Law, 1961^a ("powers of a single judge") applies to the powers of the Court of Appeal to give leave to appeal under this section as it applies to the powers of the Court of Appeal to give leave to appeal under Part II of that Law.

PART 3

 - (i) at such time (which may be immediately) as may be specified in the direction, or
 - (ii) if no time is so specified, at the earliest practicable time.
- (3) Subject to subsection (5), before giving a direction under this section to a licensee, the Authority shall give to the licensee, and may publish, a notice -
 - (a) stating that it proposes to give a direction under this section to the licensee,
 - (b) detailing the requirements of the proposed direction, and
 - (c) identifying the condition of the licence in respect of which, in the opinion of the Authority, the licensee is in contravention.
 - (4) A notice under subsection (3) stating that the Authority

proposes to give a direction under this section to a licensee shall specify the time (not being less than 7 days from the date of the giving of the notice, except in cases of urgency, in which case as much notice as is reasonably practicable shall be given) within which written representations or objections in respect of the proposed direction may be made by the licensee or (where the notice is published) by any interested party; and the Authority shall -

- (a) before giving the direction, consider any representations or objections received within the relevant period from the licensee or (where the notice was published) from any interested party, and
- (b) having followed the procedure set out in subsection (3) and in this subsection, give the direction, or not give the direction, and publish notice of the fact.
- (5) Subsections (3) and (4) do not apply in any case where the Authority is satisfied that the contravention of the licence condition in question has created an immediate risk of damage to human welfare.
- (6) Where a licensee contravenes any provision of a direction under this section, the Authority may enforce any remedy available to it under the licensee held by or applicable to the licensee, including (subject to the provisions of section 13) suspension or revocation of the licensee.

Revocation and suspension of licences.

- (2) A notice under subsection (1) stating that the Authority proposes to suspend or revoke a licence shall specify the time (not being less than seven days from the date of the giving of the notice, except in cases of exceptional urgency, in which case as much notice as is reasonably practicable shall be given) within which written representations or objections in respect of the proposed decision may be made by the licensee or (where the notice is published) by any interested party.
- (3) Before making a decision as to whether or not to suspend or revoke a licence, the Authority shall consider any representations or objections received within the relevant period under subsection (2) from the licensee and (where the notice under subsection (1) was published) from any interested party; and, having complied with this subsection, the Authority shall make its said decision and shall serve on the licensee, and may publish, notice thereof.
- (4) The Authority shall not suspend or revoke a licence if satisfied that -
 - (a) the licensee is taking or has taken all such steps as may be reasonably necessary to secure compliance with the direction under section 12, or
 - (b) the contravention of the direction is not, in its opinion, material.

(5) Where the Authority decides to suspend or revoke a licence, an appeal against the decision shall lie to the Royal Court under section 10.

POLICY & FINANCE COMMITTEE

Report with proposition to Easter Chief Pleas, 22nd April 2020

2019 FINANCIAL STATEMENTS

The Policy & Finance Committee presents the Financial Statements of the Island of Sark for the year ended 31 December 2019. The page numbers referred to in the following report relate to the pages of the Financial Statements which accompany this report.

The Financial Statements have been reviewed by an independent accountant, as required by The Reform (Sark) Law, 2008. However, in the light of Financial Reporting Council (FRC) recommendations in relation to Covid-19, KPMG has not signed their report whilst they await further directions.

Attached to this Report are schedules comparing the Revenue Account with that for the previous year (Appendix A) and with the 2019 budget (Appendix B). These schedules give brief explanations of the differences. The significant differences are also detailed below.

REVENUE ACCOUNT - page 3

Income:

The total income for the year was £1,344,786, which was £88,714 lower than the budgeted figure, but an increase of £18,548 on the total income for the previous year.

The significant reasons for the variance in income when compared to budget are:

- Impot –£77,016 lower. This is a significant shortfall, despite increased duty rates for 2019. Inquiries with the Borders agency have been made, but receipt of all declarations has been confirmed. The shortfall must be due to reduced consumption of both alcohol and tobacco products
- Public Works income £8,336 lower due to drop in anticipated income from rubbish collections
- Property transfer tax £13,600 lower due to the reduced number of property transactions in the year
- Investment income £11,677 increase on budget, due to better than anticipated returns on investments with Schroders and Barclays.

The significant reasons for the variance in income when compared to 2018 are:

- Direct Tax £12,622 increase, due to increase in tax rates for 2019
- Impot £21,880 increase, due to increase in duty rates for 2019
- Miscellaneous income £23,288 decrease. 2018 figures had included a £30,000 donation towards La Coupee toilets construction.

Ordinary expenditure:

The total expenditure on ordinary activities was £1,212,560 which was £190,760 lower than the budget figure and £17,928 lower than the comparative figure for the previous year.

The significant reasons for the variance in expenditure when compared to budget are:

- Education £23,328 lower due to the budget for Guernsey based education being unused and other small savings across the board
- Central salaries & stipend £89,179 lower than budget. The Chief Secretary, CSO and Treasury functions had been over budgeted for the year
- Repairs & maintenance £27,962 lower. £21,000 had been budgeted for roof repairs on the Visitors centre, but upon inspection this was not needed. £5,000 for the crane shed roof was also unused
- Procureur £23,370 lower than budget. It is difficult to anticipate the level of need for the year, and there was a reduction in the number of cases needing help in 2019
- Medical & Emergencies £11,667 higher than budgeted. This was the cost of locum and paramedic cover in the doctor's absence
- Agriculture & Environment £15,002 lower than budget due to savings across the board

The significant reasons for the variance in expenditure when compared to 2018 are:

- Education £42,232 lower than 2018. There were no recruitment costs in 2019, and fewer visits by the Director of Education in the year
- Repairs & maintenance £16,410 higher than 2018. Increased expenditure included £6,000 on the Court/Assembly rooms, and £4,000 on the Visitor Centre & other Island buildings
- Procureur £22,976 higher than 2018, due to increased medical insurance premiums and residential care costs
- Tourism £16,785 higher net expenditure than 2018, due to advertising revenue received in the year relating to the 2020 Discover Sark brochure being deferred to 2020
- Agriculture & Environment £11,319 lower than 2018, due to reduced costs across the board
- Miscellaneous expenditure £15,656 lower than 2018, due to reduced costs in relation to child protection and the Seneschal

Unforeseen revenue expenditure:

The unforeseen expenditure for 2019 was £74,581, against a budget of £25,000 and was £293,074 lower than that of 2018. The most significant costs in 2019 included £24,793 spent on legal bills for the ongoing case of Sark Electricity Ltd v Sark EPCC, £13,450 on repairs to lvy Cottage and £37,513 on locum and paramedic cover for the doctor.

Surplus for the year:

There is a surplus arising on the Island's ordinary activities of £132,226. The unforeseen expenditure amounting to £74,581 resulted in an overall surplus of £57,645 which has been added to the accumulated reserves.

STATEMENT OF BALANCES - page 4

Tangible assets:

The movements in tangible assets are detailed in note 22 and pages 12 and 13 of the financial statements. Additions in the year totalled £69,481. The main additions in the year comprised of a road roller, tractor and works to the harbour quarry shed. Depreciation provided in the year was £36,168. No items were disposed of during the year.

Investments:

£705,788 is the cost of Chief Pleas' investment in Isle of Sark Shipping Company Limited ("IoSS") and remains unchanged from the previous year. The net assets of IoSS as shown by its latest accounts to 30 September 2019 were £1,086,636.

Net current assets:

There is a small increase of £24,332 in net current assets in the year. Debtors, including prepayments have increased by £24,690, and cash balances have decreased by £11,011. Creditors, including accruals have also decreased by £10,654.

Accumulated fund:

The accumulated fund (being the Island's general reserves) has increased from £2,979,196 to £3,036,841 by the surplus for the year of £57,645.

La Ville Roussel fund:

The fund has assets, mainly bank balances, of £100,534 and accumulated reserves of the same figure. The fund is under the control of the Trustees of La Ville Roussel Trust for the benefit of the Island.

In Summary

The Financial Statements have been signed by the Treasurer and William Raymond, with the approval of the Policy and Finance Committee, and are presented for adoption.

Proposition:

That Chief Pleas approves the Financial Statements of the Island for the year ended 31 December 2019.

Conseiller Peter La Trobe-Bateman Chairman, Policy & Finance Committee

Notes forming part of the financial statements

1 Principal accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the financial statements of the Island of Sark ("the Island"):

Basis of preparation

The financial statements have been prepared in accordance with Section 62 of The Reform (Sark) Law, 2008 and the accounting policies detailed below, as selected by the Policy and Finance Committee of Chief Pleas. They have been prepared on the historical cost basis and on a going concern basis. The budgeted revenue and expenditure figures have been included for illustrative purposes only.

Revenue

Income has been included on the accruals basis, with the exception of that of Public Works and Direct Tax which has been included on the receipts basis.

Revenue

Expenditure is included on the accruals basis.

Tangible assets

Tangible assets are stated at cost less depreciation.

Depreciation

Depreciation is calculated in equal annual instalments at the following annual rates so as to write off the cost of tangible assets over their anticipated useful lives:

	%
Cranes	6.7 - 10
Tractors	10
Incinerators	10
Rollers	10
Trailers	10
Stone crusher	10 (fully depreciated)

Notes forming part of the financial statements - continued

1 Principal accounting policies (continued)

Depreciation (continued)

No provision has been made for depreciation of Maseline Harbour or Island property as it is the Island's policy to maintain these assets in good condition to prolong their useful lives. Any depreciation involved would not be material. Costs of repairs and maintenance are charged against revenue in the year in which they are incurred.

Investments

Unquoted investments are stated at cost.

Funds held for internal organisations

Funds are held on behalf of the Ambulance Service, Old Hall Trust, Hathaway Settlement, Harbour Donation Account and Tourism Trading Accounts as these organisations do not hold accounts of their own. The amounts held are shown in the balance sheet as current liabilities.

Net Procureur expense

Procureur expenses are recognised on an accruals basis. Assistance is given in the form of loans but is written off as it is provided. The expense is presented net of income received from assistance repaid and donations received.

32 Ultimate Controlling Party

The ultimate controlling party is the Chief Pleas of the Island of Sark.

33 Post Balance Sheet Events

At the date of approval of these financial statements Sark, along with the rest of the world, is in the midst of the Covid-19 pandemic. Chief Pleas is carefully looking at the financial implications of this and how it will affect the Island. Revised budgets and detailed cashflow projections have been developed to reflect the effect on island revenues caused by the depletion in visitor numbers and these are being constantly updated as the situation evolves.

POLICY & FINANCE COMMITTEE

Report with proposition to Easter Chief Pleas, 22nd April, 2020

AMENDMENT TO TERMS OF APPOINTMENT OF DEPUTY TREASURER

At the Midsummer Chief Pleas in 2015 (8th July, Item 8), Mrs Lynda Higgins was appointed Deputy Treasurer 'at the remuneration of 10% of the salary of the Treasurer as detailed in Section 51 of The Reform (Sark) Law 2008'. Point (5) of Section 51 of The Reform (Sark) Law 2008 states that, 'A person appointed to hold the office of Deputy Treasurer shall be paid such remuneration out of public funds as the Chief Pleas may from time to time resolve.'

Mrs Higgins has now been re-appointed to this role, but it is desirable that the terms of the appointment should be changed to allow Mrs Higgins to be employed for 10 hours per week at a rate of £20 per hour.

Proposition -

That Chief Pleas approves the amendment of terms of appointment of the Mrs Higgins as Deputy Treasure from 10% of the salary of the Treasurer to 10 hours per week at a rate of £20

Conseiller Peter La Trobe-Bateman Chairman, Policy & Finance Committee

DOUZAINE

Report with Proposition to Easter Chief Pleas, 22nd April 2020

THE INDEPENDENT POLICING PANEL NEW TERMS OF REFERENCE

The Independent Policing Panel (IPP) was formed at the Easter Meeting of Chief Pleas, 6th April 2016 [Item 21] with the intention that 'The purpose of the panel will be to oversee the work of the Constable and take this responsibility out of the political arena.'. The report included its Terms of Reference and a copy of the Service Level Agreement that had been signed in January 2010.

The Terms of Reference document was subsequently amended by the IPP but never brought to Chief Pleas for discussion or approval, however, it has since stepped back from this amended role. The IPP wished to clarify its position in relation to its Terms of Reference and drafted an amended version for consideration by Chief Pleas. Attached to this report is the IPP's Annual Report along with a copy of proposed new Terms of Reference. This document while drawn up by the IPP and has been brought to Chief Pleas via its recognised channel, the Douzaine.

This is not a Douzaine item and thus there is to be a 'free vote', with its members debating and voting according to their own conscience.

Proposition -

That Chief Pleas approves the Independent Policing Panel's new 'Terms of Reference' as attached to this report.

Conseiller Alan Blythe Chairman, Douzaine

Independent Police Panel

Report to Douzaine

Since the formation of the IPP, its members have strived to achieve its initial mandate. This has proved, in practice, to be impossible.

The IPP have to remain impartial, so that no perceived favouritism can be observed.

The IPP believes that, while it should pass new constable nominations to Chief Pleas, it cannot actively seek for new Constables. (this needs to be done to prevent perceived interference between political and police).

The Day to Day running of the Constables has to be overseen by the Douzaine (or some other political body - possibly emergency services?) as the IPP cannot be seen to be 'interfering' with operations and making changes that have financial implications, as we are a non-spending panel.

The IPP's primary role should only be as arbitrator between Constables and their employer and as a Police Complaints Panel.

We believe that the Memorandum of Understanding with Guernsey Police & Border Agency should be removed from our purview and placed under Chief Pleas.

In the last twelve months the IPP has had twelve meetings and received two complaints; these were concluded satisfactorily inhouse without further external action being required.

In the coming months we will be reviewing the current oath taken by the Constable when taking up their office and will be working with the Seneschal on this matter.

Our proposed revised terms of reference and IPP procedures are attached.

Jacqui Rogers has been re-elected as Chairman and Peter Cole as Deputy Chairman.

DOUZAINE

Report with Proposition to Easter Chief Pleas, 22nd April 2020

THE CONSTABLE - PROPOSAL

At the Michaelmas Meeting of Chief Pleas, 2nd October 2019 (Item 4 & 5) a new Constable was approved by Chief Pleas, however no name for a replacement Vingtenier was proposed. Despite subsequent attempts to find a replacement no one put themselves forward. The situation had not changed by December 2019 at which time the Douzaine was presented with a proposal for an alternative arrangement for the office of Constable.

A number of meetings were held between the Douzaine, the then current Constable and several former Constables, which resulted in an amended version of the original proposal. The amended proposal was given to the Policy & Finance Committee, which took legal advice before clearing the proposal to go to Chief Pleas. In parallel with this a representative of the Guernsey Police & Border Agency, having seen the proposal, made a number of recommendations that were subsequently incorporated int the final draft.

The final draft of the proposal is attached to this report, this includes a few explanatory notes in red.

If the proposal is accepted by Chief Pleas today, it will come into effect immediately upon the swearing in of the (new) Constable and the three Assistant Constables.

The Douzaine will present at the Easter Meeting 2020 the names of those people that have indicated that they are prepared to take on one or other of the roles mentioned in the report and for Chief Pleas to appoint said persons.

Proposition -

That Chief Pleas approves the implementation of the measures set out in the document entitled 'Proposal for the Constable Role' as attached to this report.

Conseiller Alan Blythe Chairman, Douzaine

Proposal of the Constable Role

Final Draft for Chief Pleas

For the purposes of this discussion and to avoid confusion, the role presently filled by Gemma Knight is referred to as Constable's Secretary (CS).

- Change the current number of Constables from 2 (One being Vingtenier) to 4 (One Constable and three Assistant Constables) this model being decided as it may be carried out within the existing Reform Law and thus remove any need to amend it.
- All the 'traditional duties' of the Constable to be retained by the person selected as Constable. Such duties to include presence at Chief Pleas, public events, et al.
- All Constable/Assistant Constable to be fully trained to include Pava & Baton.
- Each Constable/Assistant Constable to work on a rotation basis, each having two weeks on duty followed by two weeks off duty (see suggested rota end of document). Effectively each person will be on duty for only 6 months out of the year.
- Each person will be permitted to serve longer than the current one-year limit (in any role), such reappointment to be approved by Chief Pleas, each year, for each person wishing to extend their service period.
- Regular training to be given that is better suited to Sark's needs as well as the annual training provided by Guernsey Police. Regular training programme to also cover the Special Constables – the format to this will as is needed and to be agreed by the Constable/Assistant Constables.
- A definitive Job/Role Description to be established and agreed by all for the Constable/Assistant Constable, Constable Secretary and the and Special Constables.
- A Memorandum of Understanding between the Constable's Office and the Douzaine, IPP
 (and any other parties involved) setting out who is to be responsible for what, this to include
 limitations and abilities.
- Step up the involvement of the Special Constables so they can assist/attend certain calls with the Constables/Assistant Constable.
- A contract between each Constable/Assistant Constable and the Douzaine so that
 Constable/Assistant Constables feel supported during and following their tenure. This will
 also ensure that people do not take on the role in the winter to earn a weekly income that
 they can then leave when the season starts.
- A payment of (approximately) £7,500 for the Constable and £5,000 for each Assistant Constable, (actual payment schedule to be determined).

Suggestions for the Constable's Secretary role

- Training to be provided to the Constable's Secretary such that calls to the Office for any nonemergency incidents may be recorded and given the appropriate action by the Constable's Secretary.
- Make more use of the Constable's Secretary's office potential so that when big cases & incidents occur, she can assist with the paperwork and correspondence, freeing up the Constables to deal with cases.

- Transfer some of the 'community constable' duties over to the Constables Secretary.
- Potentially have a pot of hours for Gemma that are a surplus and can be used for things like Funeral March. This may be achieved by reducing the time the Constable's Office is open, say from 2.00pm-5.00pm to 2.00pm-4.30pm, which would 'release' one-and-a-half hours to be used as and when needed. This is already in place.

Suggestion for rota to show how it may work, the actual rota will be up to the four people involved to work out among themselves.

POLICY & FINANCE COMMITTEE

Report with Proposition to Easter Chief Pleas, 22nd April 2020

DEVELOPMENT CONTROL LAW SPECIAL COMMITTEE

Background

At the Michaelmas Chief Pleas 5th October 2011 (item 14), the Development Control Committee sought permission from Chief Pleas to look at the drafting of a replacement for **The Development Control (Sark) Law, 1991** with the intention that, if permission was given, to return to the Christmas Meeting in January 2012 with details on what the replacement law would hope to achieve. At the Christmas Meeting 18th January 2012 (Item 13) the Development Control Committee presented a report that contained 21 points it had initially considered while asking for further suggestions from Chief Pleas and Sark Residents.

The Development Control Committee undertook the task of drafting a new law under the provisional title of The Development Control (Sark) Law, 2013, however it ran into difficulties with the concept of the 'Sark Development Plan' and the role an Inspector would have in drawing up such a plan. In January 2015 the task was transferred to the newly formed Development Control Law Policy Development Team. Regular reports of any (lack) of progress were included as part of the regular 'Securing Sarks Future' reports to Chief Pleas. As part of the 'New Operation Committee Structure' in January 2017 the Policy Team was disbanded and with drafting priorities laying elsewhere further work on the new Law ceased.

Proposal

A new Law has always remained a priority of Chief Pleas and with the approach of Land Reform, it is important that the work needs to be restarted.

The Policy & Finance Committee is proposing that a new Special Committee be formed, given the task of completing the work and to be named the Development Control Law Special Committee. This new Special Committee to comprise of three Conseillers and up to two non-Chief Pleas Members.

Proposition -

That Chief Pleas approves the formation of a Special Committee to be given the task of producing a new Development Control Law, said Committee to be named the Development Control Law Special Committee and to be populated as described in the report, upon approval of this proposition.

Conseiller Peter La Trobe-Bateman Chairman, Policy & Finance Committee

TOP LEVEL DOMAIN SPECIAL COMMITTEE

Report with Proposition to Easter Chief Pleas, 22nd April 2020

PROGRESS REPORT ON TOP LEVEL DOMAIN APPLICATION

Purpose of the report

To update Chief Pleas and the residents of Sark on the work and progress undertaken by the Special Committee (formerly the Policy Development Team) on the application to ISO (International Standards Organisation) for a CC (Country Code) and sequelae in the event of a positive outcome. It is necessary for a country code to be assigned by ISO before an application may be made to the internet bodies IANA/ICANN for a ccTLD.

Background

The application process to ISO for a Country Code and following that to the internet authorities for a country code Top Level Domain (ccTLD) based on the ISO code began in 1999 with the support of Mike Locke and the late Seigneur Michael Beaumont. ISO publishes and maintains the global standard which lists countries and codes – ISO 3166. ISO issues codes rarely, there are a limited number of codes available to eligible jurisdictions, but more importantly the selection criteria are extremely rigorous and onerous. Inclusion on this global standard is a requirement for any application to the internet authorities for a ccTLD: such as .uk, .gg or .je etc. The letters after the full stop on an internet address indicate the country to which that address is linked. Using .uk says we are a UK linked address, .gg is Guernsey. This is important for example with regard to financial matters such as banking, shipping addresses of goods bought on the internet and geographical identity for trade, tourism and travel purposes.

Chief Pleas has continued to support the application to ISO. Progress reports have been made throughout the slow process required over the years. ISO rejected several applications, as was to be expected, given the strict control that ISO exerts.

Following a dormant period, it was agreed by Chief Pleas to try again. Law Officer advice at this time was "I can see no reason why you would not want to give as much encouragement as you can to the venture which should produce useful income to the Island and seems to be suited to the Sark environment". A detailed review by Mike Locke and CentralNic a London based world leading registry provider of ccTLDs, ggTLDs and DotBrands was undertaken in 2015. This review demonstrated that there could be a viable route to a successful application.

An open meeting was held with Conseillers at the Island Hall to present and describe the necessary processes, and the economic benefits of having an individual country code for Sark were discussed. Chief Pleas supported the proposition that work on an application would recommence, with a Policy Development Team to undertake the work with the assistance of Mike Locke and CentralNic. A formal Heads of Agreement was drawn up with the assistance of the Law Officer – Antony Ellis - setting out how this professional support would work with the PDT including the formation of the Community Interest Company SarkNic (appendix A). This was approved by Chief Pleas at Easter 2016.

The detailed submission to ISO was prepared by Mike Locke in consultation with all parties (Policy Development Team, Crown Dependencies Team at Ministry of Justice, States of

Guernsey, Law Officers St James Chambers, and BSI) and submitted to BSI (British Standards Institute – the current conduit for all GB applications) in June 2017. Requests for clarification, more data and additional supporting evidence have been received since then from ISO. Responses going via the BSI each time to the ISO meetings which are held as online working groups and in various locations across the globe annually. In addition, advice has been sought from academics on Small States, international experts on ISO applications and CentralNic.

This considerable body of work has been done at no cost to Sark. On Sark the SarkID Group, (a Sark registered not for profit organisation), which was formed as a legal necessity to confirm the community-based credentials of the project, to help satisfy ISO, has continued to work quietly, despite the loss of members over the years. Dr Roger Norwich has continued to represent Sark at many meetings both in London, Guernsey and Sark with Law Officers, the Ministry of Justice and at CentralNic at his own expense. Despite retiring from Chief Pleas Dr Roger Norwich has continued to dedicate significant time to this important economic driver for Sark. Through business and personal reasons USP/William Poel has withdrawn from the high level of commitment to this project.

In 2019, a further detailed appeal for the governing body of ISO committees – the Technical Management Board was prepared by Mike Locke and BSI with the assistance of the international experts and further information from Sark. This was submitted in November with further queries from and responses to the TMB over the weeks.

Finally, on 26th February 2020 the ISO Technical Management Board sat in Oslo and this Sark appeal was supported. The Board accepted the application and recommended approval of a Country Code for Sark and inclusion on the ISO 3166 Standard. This is a significant step in the assignment process. A Country Code will now be allocated to Sark.

Next Steps

To carry out the process of the assignment of a ccTLD requires considerable work.

Until now it has been about Sark meeting the criteria of the ISO standard and being assigned a Country Code. The extensive development work that is required for the application to IANA/ICANN for the assignment of a ccTLD next stage is highly technical, requiring specialist legal support, detailed industry knowledge as well as significant financial investment. These technical skills are not available on Sark.

To give an indication of the stages involved the following abbreviated list illustrates some of the processes required to meet the IANA requirements of the technical and administrative skills needed to run a ccTLD registry, including explaining the proposed operational environment:

- Organisational structure, key financial and business personnel requirements
- Technical plan for the registry and DNS operations with an explanation of the registry and its technical facilities
- Policies to govern the operation of the TLD, including explanations as to how they have been developed and will be evolved
- Information on security, including database and physical security for the operation of the TLD
- Explanation of the domain registration model, including how the market will be organised

- The mechanisms by which significantly interested parties can participate in the ongoing management of the TLD and the organisation, including any provisions for periodic reviews of how the TLD is operated
- How the manager will maintain responsibility and adequate safeguards over the domain and remain actively involved in the day to day operation of the domain
- Internet connectivity of the organisation and the services it will provide, including redundancy and resilience provisions for IPv6 connectivity
- Description of the configuration and plan for the name server constellation that will support name resolution for the TLD
- How the registry interfaces with the community and how this is to be maintained
- Information on resiliency, including how system outages and other disasters will be defended against, as well as system recovery
- Processes and plans to ensure operations remain in line with global standards, best practices, and address security and stability concerns in a timely manner
- Legal authenticity, status and character of the organisation applying for the delegation
- Community consultation programme with reports from user groups and, trade groups on how the domain should be run, including looking at the alternative models that would best serve the Internet Community's interests
- Consultation on the staffing of the domain management, training and local employment
- Administrative processes on how names will be added and in what order, removed and disputes will be resolved
- Demonstrate how the domain will operate in a non-discriminatory manner of the significantly interested parties that the domain is designed to serve
- Detailed implementation plan
- Updated letter of government support

As can be seen from the list community involvement on Sark is important. Consultation is necessary with the general public, businesses, education, tourism in fact consultation with all aspects of island life that will benefit from our now successful application.

Preparing the proposed processes including operational management of the commercial aspects of the ccTLD needs professional input. Mike Locke and the team at CentralNic are prepared to continue to undertake the necessary work on behalf of the island as per the most recent legal agreement with Chief Pleas (**see appendix B2**). As is normal in any such cooperative agreement where one party invests considerable time, effort and finance to the benefit of the other, it is normal for a period of exclusivity to be agreed to protect both sides. In this case whilst it is hoped that the final functioning of the Sark Country Code will be achieved more quickly, given the complexity of full compliance with the ISO rules, a three-year period of exclusivity should give comfort to both parties. This means the Country Code project can continue to be completed without funding from the public purse.

The Special Committee of the TLD would benefit from the inclusion of Mike Locke as a Non-Chief Pleas Member to increase its technical competence.

The Special Committee will report on its progress to Chief Pleas at each of its main meetings until the process is complete.

As laid out in previous reports and discussions in Chief Pleas, at all stages Sark remains in control of the process and the operation of the resulting ccTLD. Sark will set the standards and ways in which the ccTLD will be operated and managed. Provided Sark meets the standards of IANA/ICANN the ccTLD would remain in place.

Summary

The application process has reached the major milestone of the successful acceptance of Sark as a holder of an international country code.

Propositions

Proposition 1 -

That Chief Pleas continues to support the work of the SarkID group and the Special Committee in their work as an important economic driver for Sark in the application to IANA/ICANN for the assignment of a ccTLD as set out in the HoA Easter Chief Pleas 2016.

Proposition 2 -

That Chief Pleas approves the addition of Mike Locke as a Non-Chief Pleas member of the Special Committee to provide technical assistance and expertise.

Proposition 3 -

That Chief Pleas approves a three-year period of exclusivity with Mike Locke and CentralNic (see Appendix) with quarterly reporting to Chief Pleas.

It is used by any other body as can be seen in any of the "drop-down" lists used on the internet and elsewhere.

IANA Internet Assigned Numbers Authority. A function of ICANN which co-ordinates IP addressing, Domain Name Server Root and other technical internet matters globally.

ICANN Internet Corporation for Assigned Names and Numbers. The not-for-profit corporation responsible for technical matters. Specifically, responsible for domain name system management on the internet.

ccTLD country code Top Level Domain. The two-letter code after the dot in email and web addresses. Assigned by ICANN/IANA but only to countries and territories that appear on ISO 3166.

SarkID Group The locally registered NPO setup in 2016 to provide local input, consultation and direction to the process.

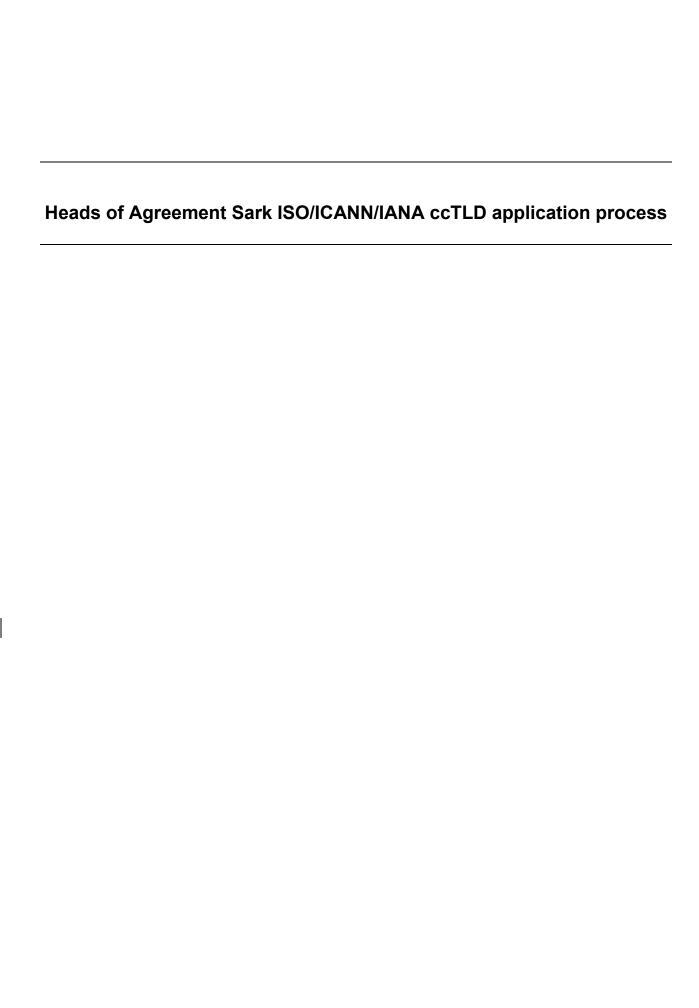

SarkNic CC A Community Interest Company, regulated in the UK, for day to day operation and management according to policy as approved by Chief Pleas

ISO 3166 The International standard for Codes for representation of names of countries and their subdivisions. Specifically, part 1 Country Codes which "establishes codes that represent the current names of countries, dependencies and other areas of particular geopolitical interest, on the basis of lists of country names obtained from the United Nations". ICANN/IANA will only issue ccTLDs to territories on this list.

WHEREAS: -

The Parties wish to continue to collaborate to mutual benefit on the project of gaining Sark a Country Code Top Level Domain, commercialising the opportunities derived therefrom and developing internet business related to and for the benefit of the government and community of Sark (the "Project").

NOW THEREFORE IT IS HEREBY AGREED as follows: -

1. Introduction

- 1.1 In 1999, Michael Locke ("MJL") approached the late Seigneur, Michael Beaumont with a proposal to apply for and commercialise to Sark's benefit a Country Code Top Level Domain ("ccTLD") as issued by the responsible authority, the Internet Corporation for Assigned Names and Numbers ("ICANN"). This proposal was supported by the Seigneur and General Purposes and Advisory Committee.
- 1.2 Before an application to ICANN, Sark must be included on the International Standards Organisation list of country codes, ISO 3166 as maintained by the Maintenance Agency, "ISO 3166/MA".
- 1.3 This process includes, inter alia, recognition of the UN Statistics Code List. A successful application was made to the United Nations for inclusion on this list.
- 1.4 Despite this, previous applications to ISO 3166/MA had not been successful. However, thorough analysis of the reasons for this and consultations in 2015 with industry experts in the field confirmed that a successful application could be prepared and submitted,
- 1.5 Subsequent to an ISO 3166 application being successful an Accountability Framework with ICANN must be entered into, to agree that the ccTLD will be managed in an internet standards compliant manner by an operating management company ("OpCo" as the "Manager and Sponsoring Organisation" or "MSO").
- 1.6 An updated Roadmap was submitted to Chief Pleas (Sark Roadmap update v2 9 Nov 15 final)
- 1.7 Webster Marketing and SarkNic requests renewal of the authorisation to proceed based on previous agreements and as presented in this agreement to carry out the 2015 Plan as updated in the Roadmap and, subject to acceptable progress, renewable on mutually acceptable terms.

2. The 2015 Plan: Sark eResource Development Plan

As detailed in the 2015 Plan, MJL has:

- 2.1.a Provided advice and consultancy to the relevant committee(s) of Chief Pleas as to the benefits and process
- 2.1.b Drafted documents and agreements for Chief Pleas including the proposed Licence
- 2.1.c Held discussions with external bodies such as ISO, BSI, DCMS, MoJ, ICANN etc. in order to advise CP accordingly
- 2.1.d Drafted and agree such applications and agreements that are necessary for Sark to be allocated an ISO 3166 Country Code

and commits to:

- 2.1.e Draft and agree such agreements that are necessary for Sark to be allocated a ccTLD with ICANN in consultation with industry experts such as CentralNic
- 2.1.f Propose the business plan(s) by which revenue will be maximised for Sark government and for Sark businesses and community as a whole.

It is envisaged that this Agreement will pave the way for a resulting structure such as included in the 2015 Plan (and as updated in Aug 2015 to the appended Sark orgchart v5.docx 23 Aug 2015)

whereby:

- 2.1.g Sark Chief Pleas sets policy through a Policy Board which Licenses the OpCo (SarkNic CIC) to carry out tasks adhering to Sark Policy
- 2.1.h The OpCo (SarkNic CIC) will act as MSO for ICANN, remit revenue share to Sark and contract with external bodies as required to fulfil the ICANN Accountability Framework and maximise eBusiness and Social Benefit for Sark

3 Proposal

IT IS PROPOSED THAT...

- 3.1 Chief Pleas grant authorisation to Mike Locke as Webster Marketing and SarkNic CIC following on from previous agreements and as presented in this Agreement to apply for an ICANN/IANA ccTLD based on the ISO Country Code to be assigned following the 26/27 Feb 2020 decision of the ISO TMB (International Standards Organisation Technical Management Board).
- 3.2 The maximum amount payable by Chief Pleas of Sark in connection with the subject matter of this Agreement shall be the consideration of £100. Mike Locke and SarkNic are otherwise working entirely at their own risk. No further sum or sums shall be due or payable under or in connection with this Agreement unless a separate package of work clearly defined together with a fixed price for the same is agreed in writing by both parties prior to any work being carried out and that the work under such additional package is completed to the satisfaction of the Chief Pleas of Sark.

- 3.3 This agreement may in the absolute discretion of Chief Pleas of Sark be extended for such duration as it sees fit. At this stage in the application process a term of three years with exclusivity would provide continuity and security for both parties.
- 3.4 Notwithstanding any other provision of this Agreement Chief Pleas of Sark may terminate this Agreement for any reason whatsoever on giving not less than 6 months' prior written notice, with no liability to Chief Pleas of Sark arising from such termination.
- 3.5 Nothing in this Agreement shall in any way fetter the discretion of the Chief Pleas of Sark in relation to the granting of any rights, licences concessions or otherwise or the award of any future contracts to any person arising out of or in connection with the subject matter of this Agreement (or in relation to any other matter), or the competing of any opportunities in relation to any of the same.
- 3.6 Nothing contained or implied in this Agreement will prejudice or affect any of the rights, powers or duties of the Chief Pleas of Sark as a legislature, government, regulatory, licensing, permitting or other similar authority (Relevant Authority) and all such rights, powers and duties will, in regard to the activities and business of Webster Marketing and SarkNic CIC and any third party (and their respective officers, members and personnel) be enforceable and exercisable by the Chief Pleas of Sark as fully and freely as if this Agreement had not been executed and any act or omission of the Chief Pleas of Sark arising under this Agreement shall operate only in the capacity of the Chief Pleas of Sark as party to this Agreement and not as a Relevant Authority and shall not operate as a consent, approval, agreement, release or waiver in respect of any requirement under any law.
- 3.7 This Agreement is governed by the law of Guernsey and shall be subject to the non-exclusive jurisdiction of the Court of the Seneschal

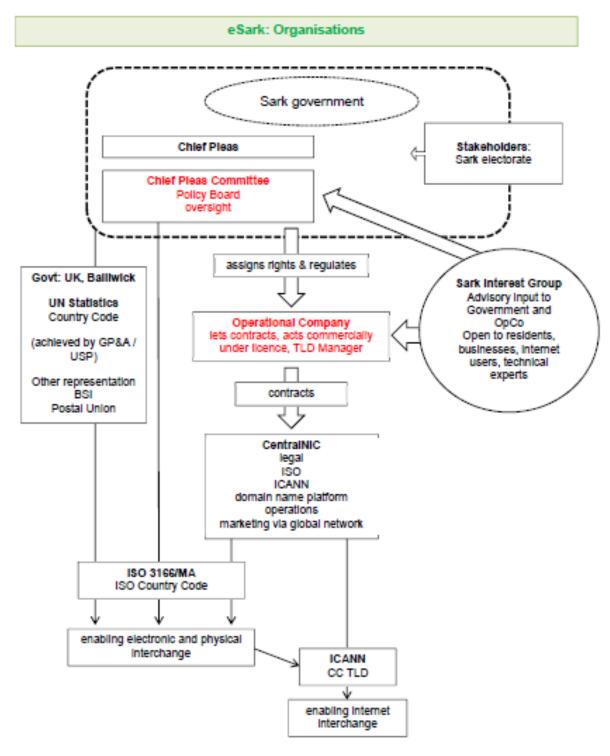

IN WITNESS WHEREOF the parties hereto have executed this Agreement as of the day and year first above written.

- But transmittees do not have the right to attend or vote at a general meeting, or agree to a proposed written resolution, in respect of shares to which they are entitled, by reason of the holder's death or bankruptcy or otherwise, unless they become the holders of those shares

34. Exercise of transmittees' rights

- 34 1 Transmittees who wish to become the holders of shares to which they have become entitled must notify the Company in Writing of that wish
- 34 2 If the transmittee wishes to have a share transferred to another person, the transmittee must execute an instrument of transfer in respect of it
- Any transfer made or executed under this Article is to be treated as if it were made or executed by the person from whom the transmittee has derived rights in respect of the share, and as if the event which gave rise to the transmission had not occurred

35. Transmittees bound by prior notices

If a notice is given to a shareholder in respect of shares and a transmittee is entitled to those shares, the transmittee is bound by the notice if it was given to the shareholder before the transmittee's name has been entered in the register of shareholders

DIVIDENDS AND OTHER DISTRIBUTIONS

36. Procedure for declaring dividends

- 36 1 Subject to the Companies Acts, the Regulations and the Articles, the Company may by ordinary resolution declare dividends, and the Directors may, provided that such decision is authorised by an ordinary resolution of the shareholders, decide to pay interim dividends
- 36.2 For the avoidance of doubt the payment of dividends shall be considered to be a transfer of assets other than for full consideration and shall not be permitted other than in the circumstances prescribed in Article 3.
- 36 3 A dividend must not be declared unless the Directors have made a recommendation as to its amount. Such a dividend must not exceed the amount recommended by the Directors.
- No dividend may be declared or paid unless it is in accordance with shareholders' respective rights
- Unless the shareholders' resolution to declare or Directors' decision to pay a dividend, or the terms on which shares are issued, specify otherwise, it must be paid by reference to each shareholder's holding of shares on the date of the resolution or decision to declare or pay it
- 36 6 If the Company's share capital is divided into different classes, no interim dividend may be paid on shares carrying deferred or non-preferred rights if, at the time of payment, any preferential dividend is in arrear
- The Directors may pay at intervals any dividend payable at a fixed rate if it appears to them that the profits available for distribution justify the payment.

36 8 If the Directors act in good faith, they do not incur any liability to the holders of shares conferring preferred rights for any loss they may suffer by the lawful payment of an interim dividend on shares with deferred or non-preferred rights

37. Payment of dividends and other distributions

- Where a dividend or other sum which is a distribution is payable in respect of a share, it must be paid by one or more of the following means:
 - (a) transfer to a bank or building society account indicated by the distribution recipient either in Writing or as the Directors may otherwise decide,
 - (b) sending a cheque made payable to the distribution recipient by post to the distribution recipient at the distribution recipient's registered Address (if the distribution recipient is a holder of the share), or (in any other case) to an Address indicated by the distribution recipient either in Writing or as the Directors may otherwise decide;
 - sending a cheque made payable to such person by post to such person at such Address as the distribution recipient has indicated either in Writing or as the Directors may otherwise decide, or
 - (d) any other means of payment as the Directors agree with the distribution recipient either in Writing or by such other means as the Directors decide
- In the Articles, "the distribution recipient" means, in respect of a share in respect of which a dividend or other sum is payable
 - (a) the holder of the share, or
 - (b) If the share has two or more joint holders, whichever of them is named first in the register of members, or
 - (c) If the holder is no longer entitled to the share by reason of death or bankruptcy, or otherwise by operation of law, the transmittee

38. No interest on distributions

- 38.1 The Company may not pay interest on any dividend or other sum payable in respect of a share unless otherwise provided by

39. Unclaimed distributions

- 39 1 All dividends or other sums which are:
 - (a) payable in respect of shares, and
 - (b) unclaimed after having been declared or become payable,

may be invested or otherwise made use of by the Directors for the benefit of the Company until claimed

- The payment of any such dividend or other sum into a separate account does not make the Company a trustee in respect of it.
- 39.3 If
 - (a) twelve years have passed from the date on which a dividend or other sum became due for payment, and
 - (b) the distribution recipient has not claimed it,

the distribution recipient is no longer entitled to that dividend or other sum and it ceases to remain owing by the Company

40. Non-cash distributions

- 40 1 Subject to the terms of issue of the share in question, the Company may, by ordinary resolution on the recommendation of the Directors, decide to pay all or part of a dividend or other distribution payable in respect of a share by transferring non-cash assets of equivalent value (including, without limitation, shares or other securities in any company)
- 40.2 For the purposes of paying a non-cash distribution, the Directors may make whatever arrangements they think fit, including, where any difficulty arises regarding the distribution
 - (a) fixing the value of any assets;
 - (b) paying cash to any distribution recipient on the basis of that value in order to adjust the rights of recipients, and
 - (c) vesting any assets in trustees

41. Waiver of distributions

- 41 l Distribution recipients may waive their entitlement to a dividend or other distribution payable in respect of a share by giving the Company notice in Writing to that effect, but if
- (a) the share has more than one holder, or
- (b) more than one person is entitled to the share, whether by reason of the death or bankruptcy of one or more joint holders, or otherwise,

the notice is not effective unless it is expressed to be given, and signed, by all the holders or persons otherwise entitled to the share

CAPITALISATION OF PROFITS

- 42. Authority to capitalise and appropriation of capitalised sums
- Subject to the Articles, the Directors may, if they are so authorised by an ordinary resolution:
 - (a) decide to capitalise any profits of the Company (whether or not they are available for distribution) which are not required for paying a preferential dividend, or any sum standing to the credit of the Company's share premium account or capital redemption reserve, and
 - (b) appropriate any sum which they so decide to capitalise (a "capitalised sum") to the persons who would have been entitled to it if it were distributed by way of dividend (the "persons entitled") and in the same proportions
- 42.2 Capitalised sums must be applied.
 - (a) on behalf of the persons entitled; and
 - (b) In the same proportions as a dividend would have been distributed to them.
- 42 3 Any capitalised sum may be applied in paying up new shares of a nominal amount equal to the capitalised sum which are then allotted credited as fully paid to the persons entitled or as they may direct
- 42 4 A capitalised sum which was appropriated from profits available for distribution may be applied in paying up new debentures of the Company which are then allotted credited as fully paid to the persons entitled or as they may direct
- 42.5 Subject to the Articles the Directors may
 - (a) apply capitalised sums in accordance with Articles 42 3 and 42 4 partly in one way and partly in another,

The fundamental activity is to establish Sark's accreditation for a Country Code to support Sark's identity on the internet, and then to commercialise it by licensing domain rentals and other suitable internet opportunities.

The first benefit is to gain Sark's control over its own online identity so that it has an asset that can be retained and used. The second benefit is so that island groups and businesses can be identified and located correctly on the internet. Commercialising this asset will provide an income stream to plough back into the community.

POLICY & FINANCE COMMITTEE

Report with Proposition to Easter Chief Pleas, 22nd April 2020

THE PROTECTION OF VULNERABLE ADULTS SPECIAL COMMITTEE

Background

The Child Protection (Sark) Law 2020, which was brought before Christmas Chief Pleas (22nd January 2020) is near completion and awaiting royal approval. Chief Pleas now needs to start work on a similar law for the protection of vulnerable adults.

This work needs to begin immediately, to ensure the protection of Sark's vulnerable adults.

Proposal

The Policy & Finance Committee is proposing that a new Special Committee be formed, given the task of completing the work and to be named The Protection of Vulnerable Adults Special Committee. This new Special Committee to comprise of three Conseillers and up to two non-Chief Pleas Members.

Proposition 1 -

That Chief Pleas approves the formation of a Special Committee to be given the task of producing a Vulnerable Adults Protection Law, said Committee to be named The Protection of Vulnerable Adults Special Committee and to be populated as described in the report, upon approval of this proposition.

Conseiller Peter La Trobe-Bateman Chairman, Policy & Finance Committee

POLICY & FINANCE COMMITTEE

Report with Proposition to Easter Chief Pleas, 22nd April 2020

SARK PANDEMIC EMERGENCY COMMITTEE

Background

In light of the current COVID-19 pandemic, it has become apparent that there is a requirement for a specific Committee to prepare and co-ordinate any and all measures necessary to deal with a possible pandemic outbreak. Currently, this Committee is operating under the auspices of the Avian Flu Committee, which was established in 2011.

Proposal

The Policy & Finance Committee is proposing that a Committee be formed, adapting the premise of the previously established Avian Flu Committee to apply to a generic pandemic Committee. This Committee will be given the task of completing the work and to be named the Sark Pandemic Emergency Committee. This Committee to be comprised as stated in the mandate attached to this report.

Proposition -

That Chief Pleas approves the formation of a Committee to prepare and co-ordinate any and all measures necessary to deal with a possible pandemic outbreak. Said Committee to be named the Sark Pandemic Emergency Committee and to be populated as described in the mandate attached to this report, upon approval of this proposition.

Conseiller Peter La Trobe-Bateman Chairman, Policy & Finance Committee

SARK PANDEMIC EMERGENCY COMMITTEE MANDATE

- The Chairman of the following Committees –
 Medical & Emergency Services Committee, Agriculture, Environment and Sea Fisheries
 Committee, Harbours, Shipping and Pilotage Committee, Tourism Committee, Policy &
 Finance Committee and the Douzaine Committee or their Deputies,
- The Chairman and Deputy Chairman of the Pandemic Emergency Committee is to be voted in by the members of the Pandemic Emergency Committee.
- A quorum shall consist of three members.
- The Sark Medical Officer, Sark Constable and Sark Safeguarding Officer shall be members ex officio.
- The Committee has the power to co-opt any person without recourse to Chief Pleas.

MANDATE:

1. To prepare and co-ordinate any and all measures necessary to deal with a possible pandemic outbreak on Sark.

MEDICAL & EMERGENCY SERVICES COMMITTEE

Report with proposition to Easter Chief Pleas, 22nd April 2020

ADDITION TO MEDICAL & EMERGENCY SERVICES COMMITTEE MANDATE

Background

The Sark Ambulance has always been a self-governing entity, with little guidance in the past from St Johns Ambulance Service in Guernsey. The Committee are beginning to implement a new model of care for Sark residents which includes the introduction of Community First Aid Responders and First Aiders.

This group of people will be assisting the doctor in our emergency treatment of patients. This plan also necessitates the overhaul of the ambulance station with up to date equipment, and regular training for First Aiders and Community First Aid Responders.

St Johns Ambulance in Guernsey have been extremely supportive of this new model of care and have been advising and assisting us along the way. They will continue this support with the Ambulance Station.

The Committee feel the Ambulance Service should now be under the umbrella of the Medical & Emergency Services Committee Mandate so it can be closely monitored and governed correctly with the assistance of St. Johns.

Proposition -

That Chief Pleas approves the addition of the Sark Ambulance Service to the Medical & Emergency Services Mandate.

Conseiller Helen Plummer Chairman, Medical & Emergency Services Committee

POLICY & FINANCE COMMITTEE

Report with proposition to Easter Chief Pleas, 22nd April, 2020

TERM OF OFFICE FOR THE SPEAKER OF CHIEF PLEAS

The Reform Law provides for a term of office for the Speaker and his Deputy of between three and five years.

The Speaker was elected at an extraordinary meeting of Chief Pleas on Wednesday 22nd January 2020, but his term of office was not agreed at that meeting.

The proposition attached to this report rectifies this situation and agrees a term for the Speaker of three years from the 27th February 2020 until 26th February 2020.

Proposition 1-

That Chief Pleas agrees that the term of office for the Speaker of Chief Pleas is three years from his election on the 27th February 2020 until 26th February 2023.

Conseiller Peter La Trobe-Bateman Chairman, Policy & Finance Committee

POLICY & FINANCE COMMITTEE

Report with proposition to Easter Chief Pleas, 22nd April, 2020

CHANGES TO THE START TIMES OF CHIEF PLEAS MEETINGS

At a meeting of the Policy and Development Group (PDG), it was decided that it would be beneficial if Chief Pleas meetings were held at 5pm on the prescribed dates, instead of 10am. This would remove the need for Conseillers to take time off work to attend meetings and may encourage more residents to stand at elections. The times at which Chief Pleas meetings should be held is not specified in the Reform (Sark) Law, 2008 or any subsequent ordinances of same.

Therefore, the following proposition is put to Chief Pleas:

Proposition -

That Chief Pleas agrees to change the times of Chief Pleas meetings from 10am to 5pm.

Information Report to Easter Chief Pleas, 22nd April 2020

THE NEW SLAUGHTERHOUSE PROJECT

Procurement, construction and site work.

Site work: Island Builders have made good progress despite the very mixed weather over the past 3 months. The site has been levelled, the building foundations and sub-floor drainage are laid and the concrete floor slab is complete so we are ready to receive the building. Work in hand includes dividing the site from the rest of the field (so Danny Wakley can graze his horses), completion of site concreting

and laying in the electricity supply.

Building: The building is ready to ship from Mole Valley Farmers. We have arranged for it to be delivered to Poole early this coming week for shipment to Guernsey on 26th March.

Other procurement: We have now committed to 93% of the total value of the project with all major orders placed. Our commitment includes placing orders for the three sets of external contractors (panel erectors and flooring from the UK and refrigeration installers from Guernsey) including their travel and accommodation costs. The main group of items not yet committed to is the specialist fit out equipment which we do not need to commit to until June (but see note below regarding the old slaughterhouse).

Timetable: As things stand, we are on schedule for completion by October (Appendix A). The big unknown, of course, is the effect of coronavirus from now on. Providing that the building is shipped next week then there will be sufficient work on Sark to continue on schedule until June, which is when the next batch of materials are due from the UK and also the first group of contractors who are due on site at the end of that month.

Old slaughterhouse.

As a result of a visit by Charlotte Jones (Environmental Health Officer) in January we have decided to pull forward some of the expenditure on fittings and equipment that will be destined for the new slaughterhouse and temporarily fit them in the old slaughterhouse until the new one is ready. This is part of our answer to the criticisms that were made in Charlotte's report. In order to stretch our budget we have gone for good quality second hand equipment where possible rather than new (as was budgeted). Some second hand equipment has been made available from Guernsey which we will repair. The items which are due to be shipped from the UK w/c 23/3/20 are:

- 3 replacement heaters (2 for the second-hand knife steriliser/hand wash units from Guernsey, 1 spare). Fit 1 repaired knife steriliser/hand wash in butcher's room and there other to replace the hand wash in the slaughter room; plumb both with hot and cold water and provide 240 v fused spur to each). To be transferred to new s/house later.
- Hand wash unit (store for new facility)
- Butchers tables (second-hand, 1 red polytop for cutting, 1 stainless for packing, mincing etc.). Replace old tables. Transfer replacement tables to new s/house later.
- Apron wash (store for new facility)
- Soap dispensers and paper towel dispensers (2 of each—fit in old s/house by knife sterilisers/hand wash; transfer to new later).
- Boot washes (2: fit tall one with brush by entry to butchers' room and plumb with cold water, store the other for new s/house)

Information Report to Easter Chief Pleas, 22nd April, 2020

TRANSFER OF THE JURISDICTION OF THE ECCLESIASTICAL COURT TO THE ROYAL COURT IN RELATION TO THE GRANTS OF PROBATE FOR PERSONAL PROPERTY IN THE BAILIWICK OF GUERNSEY.

Chief Pleas members will be aware of the proposal to transfer the jurisdiction for the grant of probate from the Ecclesiastical Court to the Royal Court. The Policy & Finance Committee have been engaged in discussions with Policy & Resources in Guernsey to safeguard the interests of Sark in the context of the estates of deceased Sark residents. The record of the Ecclesiastical Court shows that the charges exceed the costs of collection and thus should be regarded as a tax. The proposals are that the rate of the levy in future will be set by the Policy & Resources Committee in Guernsey. The view of the Policy and Finance Committee is that a rate of tax which affects Sark residents, or their estates should be set by Sark Chief Pleas.

This is an information report to record the differences which Policy & Finance have failed to resolve and in the light of the fact that a Policy Letter has been issued in Guernsey.

The areas of disagreement to date are as follows:

- 1. The proposals require all jurisdiction including appeals to be to the Royal Court. Policy & Finance believe that appeals in the matter of Sark estates should, in the first instance, be to the Seneschals Court.
- 2. That Chief Pleas should set the rate of levy relating to Sark deceased estates, even if this is by agreement with Policy & Resources in Guernsey.
- 3. In the event that agreement is reached on other matters that the rate of collection fee levied by Guernsey will be capped at an agreed rate, with the balance of the levy less the charge being paid to Sark.
- 4. That as Sark leaseholds are personal property and in Guernsey real property (Freeholds) are exempt from levy, Policy & Finance are proposing that that no probate will be levied on Sark leasehold property.

Discussions with the Guernsey authorities will continue, but in view of the publication of the Policy Letter the committee decided that Chief Pleas should be kept informed of the debate.

DRAFT PROJET FOR CONSIDERATION – CHANGES TO THE ORGAN DONATION SCHEME

The Projet de Loi entitled, 'The Human Tissue & Transplantation (Bailiwick of Guernsey) Law 2020' is being brought to Chief Pleas to ascertain the views of Conseillers prior to the Committee returning at Midsummer with the finalised Projet for approval.

Background

Currently, Guernsey has an "opt-in" system for organ donation. This means that people who wish to donate in the event of their death need to make their wishes clear. This can be by telling family or friends, giving their consent through their driving licence, or joining the NHS Organ Donor Register. However, there are many people who, although they do believe in organ donation, have not joined the Organ Donor Register. Without making this express decision, it is more difficult for doctors to establish a patient's wishes and more difficult for friends and family to honour them.

Guernsey's Committee for Health and Social Care have put forward proposals which would reflect changes made in Wales. These have resulted in an increase in donations by moving towards a deemed consent, or soft opt-out system. The proposals would mean that residents of Guernsey (and potentially of Sark) would request that they are removed from the register, either totally, or with respect to particular organs, if they did not wish them to be donated when they die. Central to the system would be ensuring that sensitive processes are in place to enable all islanders to have the opportunity to record their decision clearly and for families to be consulted before any organs are taken. It should be recognised that organ donation is an immensely sensitive and personal matter, and a decision that no one wants to make on behalf of a family member.

Proposal

The proposal is to introduce a "soft opt-out" scheme for organ donation in Sark in parallel to the Guernsey proposals. It is recognised that there are many practical challenges which present themselves in Sark and which make it impossible for the organs of people who die in Sark to be donated. However, there are occasions when people who are resident in Sark die in Guernsey, the UK or elsewhere and in such cases a "soft opt-out" organ donation scheme may result in organ donation which could help to save or prolong life. The cost of introducing a change in the law would be modest and in practice there would be no change to arrangements in Sark. Sark residents will be, from time to time, beneficiaries of organ donation in Guernsey, the UK or elsewhere. So being part of a "soft opt-out" scheme would be a reciprocal act in saving and improving life. A public consultation was carried out in the form of a house-to-house mail drop. The closing date for response was March 16th, 2020. Of the responses received, the majority were in favour of the soft opt-out scheme.
