COVID BOOSTER VACCINATIONS:

Residents throughout the Bailiwick in the over 50 years, frontline, care workers and vulnerable categories will be offered a COVID vaccine booster.

Residents in these categories who have received the initial 2 covid vaccinations will be offered a booster no earlier than 6 months after the second vaccination of the primary course.

The COVID booster vaccinations will arrive in Sark, weather permitting, on the 1st November. Residents will be contacted by the surgery in the order that they received their second vaccination.

If you received your vaccinations off island, then you must email the surgery practice.manager@sarkmedical.co.uk if you wish to receive a booster as you will not be on our database.

'FLU VACCINATIONS:

The over 65 Influenza vaccines are due to arrive this week and we will be able to offer vaccinations to all residents over 16 at a cost of £10. Please email the surgery to arrange an appointment.

Vaccinations for ages 2 to 16yr olds is free.

The Committee would encourage all residents to take up this offer.

Influenza, whilst a regular seasonal illness, can cause serious illness and complications which may be life threatening for vulnerable people.
