It has come to the attention of the Medical & Emergency Services Committee that some concern has been expressed on social media with regards to potential new ambulances for Sark.

The Committee would like to reassure all residents that the Committee continue to work closely with St John's Ambulance in Guernsey and the Medical Team in Sark to implement a long-term plan for the Sark Emergency Response Team, which will include upgrading equipment.

On this occasion, following inspection and detailed discussion, it was found that the ambulances that were offered are not suitable for Sark.

The Committee are continuing to explore options for the development of the ambulance fleet and would like to thank St John's Ambulance for their ongoing support to Sark's Medical Team.
