

# Travel Information for visiting vessels

Please note that, regardless of your point of departure, if any crew member has visited a category 3 or 4 region within the last 14 days before arrival in the Bailiwick, the procedures and restrictions for the higher category will **apply to all crew members** on your vessel. For the latest information regarding regional category classifications please visit [covid19.gov.gg/guidance/travel/countries](https://covid19.gov.gg/guidance/travel/countries).

If you intend to visit the Bailiwick of Guernsey and you have departed from and remained solely within a category 2 region over the last 14 days you must:

- 1 Register your journey on the Travel Tracker within 2 days prior to arrival in the Bailiwick. [Traveltracker.gov.gg](https://traveltracker.gov.gg)
- 2 If your destination is Alderney, complete a 'Recreational Vessel – Booking form'
- 3 Proceed to St Peter Port harbour or Braye Harbour for clearance
- 4 Make your way to the self-isolation pontoons
- 5 Take a day of arrival test and self-isolate until negative results are received for everyone in the party
- 6 Continue in passive follow-up until Day 14, with a further test at day 7

Covid tests are chargeable at £25 per test

Testing facilities open between 09:00-11:00 and 16:00-18:00 only

You must wear a face covering when proceeding to and from the testing facility

You will not be able to access shower and heads facilities until you have received a negative test result and should ensure you have enough food and water for all crew members - test results may take up to 48 hours depending on the volume being processed
