Creux Harbour Stonework

The Committee is seeking person/s to complete vital pointing on the stonework at Creux Harbour as part of an ongoing program of preventative maintenance. This will involve working closely with the harbour master and crane drivers to co-ordinate work around tides and using the crane basket for access to some areas.

The Committee would like to invite applications of interest from those qualified to complete this work. There is an estimated 4-6 weeks work at professional rates.

The Committee would hope this work would be completed during the big tides before late spring 2026.

All interested applications should be submitted in writing, email or phone to the Committee Office:

Committee Office,
La Chasse Murette,
Sark

or by email to jenni.robinson@sarkgov.co.uk

or by phone to **01481 832118**

The closing date for applications is -
1st December 2025
