## LAND INVESTMENT (Make Money by Investing in Land)

**Investment in land** is considered to be the most profitable in any province of the world. In this case, this idea also applies to India. So in an area where infrastructure is growing very fast, it will be most beneficial for investors to invest

**“Don’t wait to buy LAND. Buy LAND and wait.”**

**(Will Bogers)**

In India, everyone knows that a bank is a safe place for an investor if they deposit money for a specific time frame. This idea was very prevalent in India a few decades ago, but now —; most investors avoid it due to its low interest rate. Because at that time, the bank’s fixed deposit amount doubled in five to six years, and now it takes about nine to ten years.

### Business field “For Whom?”

We offer the best investment opportunities to our clients by committing to multiple roles locally as a land investment asset manager

# CONSTRUCTION (The road to success is always under Construction)

## Market profile

India's construction industry is rapidly expanding and includes real estate and urban development projects. Real estate includes housing projects, building offices, hotels, leisure parks etc.

Given the country's ambition to modernize infrastructure, advance its cities with 'smart' development, and boost employment, India is expected to become the third largest construction market in the world by 2025.

### KEY TAKEAWAYS

Financial services make up one of the economy's most important and influential sectors.

Financial services are a broad range of more specific activities such as banking, investing, and insurance.

Financial services are limited to the activity of financial services firms and their professionals, while financial products are the actual goods, accounts, or investments they provide

## **TOURISM** (Travel to meet yourself)

Tourism is a social, cultural and economic phenomenon which entails the movement of people to countries or places outside their usual environment for personal or business/professional purposes

A journey of thousand miles begins with a single step.... (Lao Tzu)

One's destination is never a place, but a new way of experiencing life ....(Albatross travel)

Tourism is a new way to restart your life with refreshment. The most popular way of pleasurable life and discover the wonders of nature.

In point of view as business you know that is the travel business in India is contribute almost 10% of its GDP.

TOURISM Is one of the finest industries that's gives customers a happy and pleasure life experience.

## VENTURE CAPITAL (FOR A NEW STARTUP)

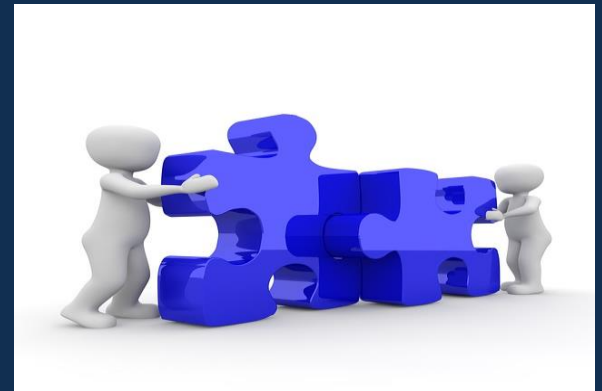

Venture capital (VC) is a form of private equity and a type of financing that investors provide to startup companies and small businesses that are believed to have long-term growth potential.

He who does not venture has no luck...

Chase the vision, not the money, the money will end up following you

Helping each other to stand and grow together.

**Venture capital**, also called VC, refers to the financing of a startup company by typically high-wealth investors who think the business has potential to grow substantially in the long run.

## PRIVATE EQUITY (Private equity absolutely no reason to exist)

Private equity is an alternative investment class and consists of capital that is not listed on a public exchange. Private equity is composed of funds and investors that directly invest in private companies, or that engage in buyouts of public companies

This is also great time to invest in private equity, helping companies go from the ground to up.

This may be the most profitable private equity deal of all time in your life

Invest to grow together with high potential.

Investors turn to private equity to diversify their holdings and aim for higher returns than the public market might provide. And while private equity funds certainly come with higher risk, historically, they have indeed resulted in higher returns.

## PHARMA SECTOR (Good medicine for Good Health)

India is the largest provider of generic drugs globally. Indian pharmaceutical sector supplies over 50% of global demand for various vaccines, 40% of generic demand in the US and 25% of all medicine in the UK. Globally, India ranks 3rd in terms of pharmaceutical production by volume and 14th by value. The domestic pharmaceutical industry includes a network of 3,000 drug companies and ~10,500 manufacturing units.
