

## Facial Price List

FaceAce facials – Get a feel for our **own** skincare range by having a **FaceAce** facial.

**The Vit C Boost** - FaceAce Glycolic cleanse, Dermaplaning & steam cleansing, Vitamin C serum **£25**  
Suitable for a deep cleanse & Vitamin boost for dry, lacklustre skin.

**Twilight facial** - FaceAce Glycolic cleanse, Dermaplaning, LED light therapy, Retinol treatment application (evening appointments only) **£25**

Suitable for upcoming events to feed the skin and to give our amazing Retinol treatment product a try. Including LED light to suit the skins needs.

**FaceAce Microneedling** - FaceAce Glycolic cleanse, DermaPen treatment, LED Light therapy & Vitamin C serum (C-10 or C-20 dependent on skin type) **£75**

Treats many different skin complaints by initiating the skins natural healing process, causing a much deeper longer lasting boost to the skin. Advanced DermaPen is used followed by LED light therapy to promote healing.

### Clinicare

**Mesotherapy** - using professional mesocutaneous solutions by Clinicare, with a sheet mask paired to the treatment. Course of 4 **£200** or **£75** per session

**The Painless Peel** - Cleanse, Painless Peel, Sheet Mask & SPF **£35** (+ **£5** for Dermaplaning)

**The Peel-less Peel** - Cleanse, Dermaplaning, Skin Booster & sheet mask paired to treatment & SPF **£40**

**The Deep Peel-less Peel**. Cleanse, Skin Booster & Microneedling **£85**

### Neostrate ProSystem Peels

**Glycolic Acid Peels** in a range of percentages to suit the skin type & needs. A great “all-rounder” ingredient known for its ability to completely enhance the skins complexion & improve texture, making it great for shrinking pores, smoothing fine lines & reducing scarring.

**Mandelic & Citric Acid Peel** suitable for most skin types. Addresses skin that is both prone to blemishes & suffering with the effects of photo damage due to its mixture of ingredients.

**Mandelic Acid Peel** is our peel that’s more suited for sensitive skin from this range. This is a great for sufferers of acne and rosacea, and oil prone skin.

A consultation will take place where we will assess your skin type and any concerns, and decide which of these medical grade peels are best for you. As with most treatments a course is recommended to fully address & treat the problem. However a single peel is often a good place to start if you’d like to simply give it a try and see how you respond or are looking to treat a milder issue with a deep treatment.

Single session **£50**

Course of 4 **£160**

Course of 6 **£240**

## Medi-Facial Skin Treatments

### HydroMedi

We use pharmaceutical grade skin care solutions to cleanse, exfoliate and hydrate the skin, effectively vacuuming the surface to flush it of impurities, revealing clear pores and fresh hydrated skin.

Suitable for most skin types and those suffering with blocked pores, and that are needing a deep cleanse and hydration boost.

### OxyNrich

Uses a typically applied vitamin rich gel as well as an effervescent tablet. Which when brought together cause an exfoliating reaction and encourage capillaries to release oxygen resulting in optimum skin health.

Ideal for a deep exfoliation to revive tired skin and reveal a smoother, fresher complexion.

### QuadPolar Radio Frequency

Using 4 small contacts, the skin is heated to a controlled temperature to shock collagen, causing an immediate lift & tightening effect.

Immediate skin tightening with zero downtime. Perfect as a standalone or incorporated into other treatments for weddings, events, holidays or just a boost!

### Ultra+ Serum

The Ultrasound hand piece vibrates at a million times per second to create gaps between the skins cells so that nutrient dense products can absorb deep into the skins layers without the use of needles.

Nicknamed the no needle mesotherapy, offers deep hydration and silky soft skin without the downtime of the needle method for those that would prefer to avoid it.

HydroMedi **£40**

Dermaplaning & HydroMedi **£50**

HydroMedi & QuadPolar RF **£70**
