

The health and safety of our teams, HSBBQ board members, and volunteers remain our highest priority. Below, you will find a list of additional items that teams will need to bring for competitions:

- Gloves
- Face coverings
- Hand sanitizer
- Soap (not bar soap)
- Bleach wipes or other sanitizing wipes
- Clorox Cleanup or other brand of sanitizing & disinfectant; a bleach solution of 1/3 cup (5 tablespoons) of 5.25%-8.25% bleach per gallon of water may be used (However, should not be mixed until the day you will use it because once mixed this solution is effective for up to 24 hours)
- Paper towels
- Tissue
- Trash bags
- Any other items your school states you must have for travel and competitions

Keep hand sanitizers away from fire or flame!

Disposable gloves must be worn while prepping and cooking and should not be used for other purposes. They must also be worn, along with face coverings, when turning in your entries.

Disposable gloves are to be worn when cleaning and disinfecting surfaces. Gloves should be discarded after each cleaning. If reusable gloves are used, those gloves should be dedicated for cleaning and disinfection of surfaces and should not be used for other purposes.

High touch surfaces made of plastic or metal should be cleaned routinely by using soap and water prior to disinfection.

Clean your hands often, including immediately after removing gloves by washing hands with soap and water for 20 seconds. If soap and water are not available and hands are not visibly dirty, an **alcohol-based hand sanitizer that contains at least 60% alcohol** may be used. However, if hands are visibly dirty, always wash hands with soap and water.

Do not share hand towels. If your team uses hand towels for wiping their hands then each team member should have their own personal towel.

The HSBBQ Board continues to monitor the situation closely for any changes that may affect this interim guidance. Should any factors change HSBBQ will issue a further update.
