

April 25, 2021

Congratulations to all the teams for competing hard, cooking some great BBQ and coming together for the State High School BBQ Championship in Llano, TX. We also want to thank you, the instructors, the coaches and the mentors for making this a great BBQ season.

The John L. Kuykendall Event Center was a gracious host that helped make the State High School BBQ Championship a success. After the awards ceremony on Saturday, the High School BBQ, Inc. (HSBBQ) Board became aware of a calculation error in the tabulation of team scores. Once the error was discovered, the team scores were tabulated, reviewed and verified. As a result, we have Co-Grand Champion teams for the 2020-2021 competition season.

Both Grand Champion teams, the Smoking Eagles from Atascocita High School and Bulldog FFA BBQ from Burnet High School, have been notified and will receive the recognition, scholarships and trophies awarded at the State Competition. HSBBQ apologizes for any inconvenience and appreciates the understanding of each team as we strive to correct the error and take appropriate action to safeguard future competitions.

The HSBBQ Board is committed to students, teachers and mentors and has taken corrective action to ensure future success. We are dedicated to ensuring an environment of a strong and fair competition.

Once again, a big congratulations to the winning teams and to all the teams for a great competition season. We hope you had a safe trip home and we look forward to seeing you back again next season.

Sincerely,

The HSBBQ Board
