Dear friends - Lisa and Family.

First receive warm greetings from your loving friend Beth Kangari. How are you? Me I am fine. What I can tell you is that I am in school and I am doing well in my studies. We did our term two exam last week but the results are not released. I am sure that I will pass my exam well.

I thank you for paying for me the school fees up to where I am now. I am in class six. I pray God to bless me so that I can pass my exam for being promoted in the next class which is class seven.

I can request you to continue paying for me school fees. I will do well in school every time. Pray for me so that God will lead me in my studies. Every day I usually go to the mass with my fellow pupils, we sing and dance. May God bless you with your family and ~~the~~ fellow people.

Yours faithfully

Beth Kangari.
