Dear friends - Lisa and Family

First receive greetings from your friend Terry Mwendu. How are your family where you live? Here at school I am very happy and doing very well. Here at school I thank you so much for your kindness. As you are sponsoring me because you are helping my parents to pay for me school fees. I am working very hard here at school since the year of twenty fourteen. You are doing for me well and I wish you are going to sponsoring me.

The main thing that has made me to write for you this letter is to thank you for your kindness. I think that you are going to continue with the same spirit. Am praying for you wherever you are because it is your great love that has made me to be here at St Peters. I am in standard five and I am wishing well as here at school.

Thank you very much may God bless you.

Yours faithfully

Terry Mwendu.
