

Hello Lisa Alpi

May peace and Love of God our Father rest upon you and the entire family. I take this opportunity to first apologize for accessing my mails late just to find such a relieving mail from you and the family. Humbly appreciate it as late as it has reached you and pass my regards to those sweet kids. I am so happy that you have been thinking about me and my needy community. I sincerely appreciate your plan of action to help and embrace it dearly. May God continue to open the doors of favors and blessings to the entire family. Lisa, tell me the names of your kids so that I can be remembering them in my prayers.

When is the walk /run planned? Or you already finished?? I can do it with you spiritually and involve the kids here to join in prayer for we have mass every morning with them. In any case, feel that I and the entire community of St Peters appreciate dearly your offer. I am encountering terrible challenges due to lack of education in this community. Helping them get education is among my priorities. Help us Lisa. Can I share with Msgr. Mike about your interest to help us Lisa?

Among these children you can choose among them the three.

Here, we normally suffer lack of signal but I am making efforts to curb this situation for sufficient communications with my dear ones like you. thank you for now I will be back soon with pics of the children. God bless you all.

with Love from

Fr. Frank
