

Hello Lisa.

I hope this finds you and the entire family in good health of mind and body. How is Sam your son and Lana your daughter? 15th May is knocking at the door. Since 6th May the first Friday of the month, we as a community started to pray for you dear people, We offered to God the occasion of 15th May, and I have continued to offer it as an intention in my masses with much faith. The day is approaching and we will be in the race spiritually. It will be my Masses intention and I will engage the school fraternity for prayers on the actual day.

As you can see in the pics, the children are back to school and these pics are the latest.

Lisa, things cropped in, so many challenges here. Sometime things throw me off balance here. I am so sorry, pardon my delay.

God has never abandoned us as He has promised to journey with us.

I know God will give you an opportunity to visit us here to familiarize with African set up of things. I really enjoyed Msgr. Mike's very organized systems of working and how I pray that we can arrive there one day.

I will email you the latest pics of the Kids.

Sam and Lana, feel us very near you as you sacrifice so much for the needy child in Kenya. Feel very appreciated and loved by us. Stay assured of our love and prayers.

God Bless you all abundantly.

Yours in Christ Service,

Fr. Franklin Njabani
