A Vision Becomes a Success

The Timberlane Community Band (TCB) was founded in 1999 and led by Anthony DiBartolomeo as the beginning of a larger organization encompassing multiple ensembles and styles of music facilitating live musical performances for the communities it serves. The first concert band was comprised of 27 members and under Mr. DiBartolomeo's baton, the original symphonic band grew in both size and reputation. In the mid 2000's the Timberlane Community Jazz Band made its debut.

Both Timberlane Community bands perform 6-10 annual concerts in the Merrimack Valley region of New Hampshire including Plaistow, Hampstead and Atkinson. Performances include our Veteran's Day Concert, Christmas Concert, Pops Concert & Fundraiser, and Summer Outdoor concerts.

TCMA Mission Statement

The Timberlane Community Band comprises two regional performing ensembles dedicated to providing meaningful musical opportunities for adult and high school musicians while enriching the cultural life of surrounding communities. Founded to create an inclusive space where musicians can perform, grow, and remain active in their artistic practice, the Band serves as both a community arts resource and an educational partner. Through its performances, partnerships, and youth support programs, the Timberlane Community Band advances arts accessibility, fosters intergenerational community engagement, and nurtures the next generation of musicians. Funding helps sustain free public concerts, expand scholarship opportunities, and strengthen the band's role as a cultural and educational asset to the region.

- To make a substantial contribution to musical life locally.
- To give our audiences memorable performance experiences with the highest quality wind music in a wide range of musical styles.
- To foster and promote wind music through concerts, live streaming, and recordings.
- To assist in the music education of young people – the future generation of adult musicians – through the presentation of concerts, invitations, and scholarships.
- To provide our members with an opportunity for musical expression, growth, and fellowship.

Other Community Contributions

In addition to the support we provide music students in the Timberlane District, we have contributed to the improvement and support of the facilities supporting music in our communities. Some of our past donations have been:

- Several specialty Instruments including a Bass Saxophone and Bass Flute to the Timberlane Music Department
- Donated a Public Address System for the Performing Arts Center (PAC)
- Row "K" auditorium seats for the Performing Arts Center
- Sheet Music Storage Cabinet
- Partnered in the construction of the Amphitheater at the Kimball Library in Atkinson

Thank you for your continued support of live music!

TCMA Education Outreach

Youth musical development is a core component of the Band's mission. Timberlane Community Band provides expanded performance opportunities for interested high school musicians, offering real world ensemble experience alongside adult performers. TCB also administers two scholarship programs:

COLLEGE BOUND MUSIC SCHOLARSHIPS - awarded annually to graduating seniors who plan to continue their musical studies in higher education through a formal application process.

PRIVATE LESSON SCHOLARSHIPS - TCB subsidizes the private lesson program of the TRSD where students are invited to play with the band and are given financial aid toward their private lessons. This commensurates with the level of commitment demonstrated to the community band. TRSD students who are members of the local Tri-M chapter are also invited to play with the Timberlane Community Band to fulfill their community service requirements.

A new initiative (2023) to help facilitate the study of uncommon instruments (Oboe, Bassoon, French Horn, and other instruments) that require extra study or expense, is being funded by TCB. We cover half the cost of private lessons. This award is offered to Timberlane Middle and High School students, chosen by the Timberlane High School Music Department, to get started on a second instrument and expand the capabilities of the school ensembles to play a wider range of music.
