INTRODUCTION

In an industrial and maritime environment where precision, safety, and efficiency are essential, **SIMARTER – Soluciones Integrales** stands out as a company committed to providing reliable, high-quality services.

Our experience in industrial, naval, and logistics maintenance enables us to provide effective solutions that address the real needs of our clients in both **onshore** and **offshore** sectors.

We work with specialized technology, highly trained technical staff, and a vision focused on innovation and the sector’s sustainable growth.

WHO WE ARE

SIMARTER was founded in 2024 by a team of entrepreneurs with extensive experience in the industrial sector, offering solutions for both preventive and corrective maintenance.

Through our work, we have earned the trust of numerous companies thanks to our effective and professional service.

We are a company in continuous growth, built on hard work, commitment, and the firm conviction that we can bring real value to the industrial sector.

MISSION

“We offer comprehensive solutions that effectively address the industrial maintenance needs of both maritime and land-based operations. We are committed to providing high-quality services, backed by our professional and highly trained team, ensuring safety, efficiency, and sustainability in every operation through innovation and adaptation to market demands. We strive to build trusting relationships with our clients, contributing to the success of their projects and the development of the sector.”

VISION

“To be recognized as a leader in industrial maintenance, offering reliable services that maximize our clients' operational efficiency. We are committed to constant innovation, ensuring the sustainable growth of our company.”

CORPORATE VALUES

Collaboration	We believe in the power of teamwork. Collaboration between our specialists and partners enables us to deliver reliable, efficient, and high-quality results on every project.
Professionalism	We operate with a sense of responsibility, commitment, and technical excellence. Every task is carried out to the highest quality standards, ensuring reliable solutions and ethical service at all times.
Respect	We value our clients, employees, and suppliers, fostering transparent relationships and treating every workplace with integrity and consideration.
Punctuality	Punctuality reflects our commitment to operational efficiency and the trust our clients place in us.
