Performance Notes

Randy Newman is a singer, pianist, arranger and Songwriters Hall of Fame composer. He has won two Oscars, two Emmys, four Annies and four Grammys. *When She Loved Me* was a Grammy winner and an Oscar nominee. It was sung by Sarah McLachlan in the animated film **Toy Story 2**. Newman has contributed other songs to the barbershop portfolio, including the BHS-published *Caroline*, as sung by the **Boston Common**, our 1980 international quartet champion. Other well-known songs by Newman include *You've Got a Friend in Me*; *Short People*; *If I Didn't Have You* (another Oscar winner); *Seems Like Home*; *Dayton, Ohio 1903*; and *I Will Go Sailing No More*.

Jim Kahlke has contributed many arrangements to the BHS library of music, including *Only You (And You Alone)*, *Something* and *Whispering*.

This song has some interesting performance options. One of those is to have the harmony parts sing and sustain the word "doo" from measures 31 through the third beat of 34 with one continuous vowel sound, as if the notes were slurred. In the movie the song was sung by a girl doll about her (girl) owner, who had forgotten and abandoned her. But the message of the lyric fits anyone who carries a torch for a long-lost love.

As a final note, questions about the contest suitability of this or any other song/arrangement should be directed to the judging community and measured against current contest rules. Ask *before* you sing.
