

To order filters, please visit www.apacegrill.com/shop and follow the instructions provided. You can also call (248) 305-8882 to speak to our sales team.

COMBO FILTER

Pi Distribution, Inc. has pioneered the **Combo Filter** by combining a **carbon filter** and a **MERV filter** to capture grease-laden air while purifying the air of any odors. The **Combo Filter** is a disposable filter and is recommended to get replaced every 2-4 months depending on cooking volume. Your HMI screen will indicate immediate diagnostics of the filter life.

Part #	Item Name	Description	Qty	Price / Filter
CF802	Combo Filter	Carbon / MERV Combo Filter	1	\$229.95
CF802	Combo Filter	Carbon / MERV Combo Filter	5	\$214.95
CF802	Combo Filter	Carbon / MERV Combo Filter	10	\$199.95

WOOL BAFFLE FILTER

The **Wool Baffle Filter** is a disposable filter designed to capture grease-laden air and prolongs the life of the **Combo Filter**. There is a filter life cycle instructing when to replace the filter. When changing out the filter, only the wool insert needs to be replaced.

Part #	Item Name	Description	Qty	Price / Filter
CF800	Baffle Filter Frame	Stainless Steel Frame	1	\$79.95
CF801	Wool	Wool Insert (50 Sheets/Case)	1	\$249.95

PUSH AIR FILTER

The purpose of the **Push Air Filter** is to filter any dust particles as well as other small particulates from the **Push Air Blower**. The recommended life cycle for the **Push Air Filter** is one (1) year.

Part #	Item Name	Description	Qty	Price / Filter
CF804	Push Air Filter	Filter Sheet Insert (5/Pack)	1	\$8.95

The information presented on this document is only for the purpose of informing the customer of the suggested lifetime cycles for the individual filters, replacements, as well as pricing information. Pricing is subject to change without public notification. To check for the most accurate prices, please call (248) 305-8882. Pi Distribution, Inc. is not liable for the lifetime of any products and/or the recommended life cycle for any of the products. If there are any external damages, please file a claim with the shipping provider. If there are defects with any of the products, please email us at info@apacegrill.com.

apace | Filter Replacement

COMBO FILTER REPLACEMENT INSTRUCTIONS

Pull out the **APACE** moveable platform and undo the latches on the tunnel. Carefully take out the **Combo Filter** using the “D” rings placed on top of the unit. Insert a new filter in place and reclose the latches of the tunnel. (Refer to image A)

WOOL BAFFLE FILTER REPLACEMENT INSTRUCTIONS

Open the **Front Access Panel** on the plenum. The filter should be changed once the ribs are no longer visible. To change out, simply remove the **Baffle Filter** and replace the wool insert within the **Baffle Filter**. (Refer to image B)

PUSH AIR FILTER REPLACEMENT INSTRUCTIONS

Push Air Filter only needs to be changed every year or two. The Push Air Blower is located on the back right hand side (chef point of view). Remove the filter paper and replace it with a new one. (Refer to image C.)
