Ghost Story Tours

The Happy Jack Peak and Chalk Mine conducted an event at the conclusion of the Tourism Season. This Event called “Ghost Story Tours” told of a fictional story of a group of miners that met their demise in an underground mining disaster.

Together Kari Harmon, Lori Edwards, and Rachel Fox coordinated the Ghastly Event. This was the first ever “Ghost Story Tours” event held at the Happy Jack Chalk Mine and the outcome was complete success.

Happy Jack Chalk Mine Association, working together with the Ghost Story group, coordinated their efforts with social media, Radio Announcements, and Word of mouth through family and friends.

HJCMA managed the ticket sales through their website managed by Raja Mendadala. Within HJCMA website Raja was able to include ZEFFY to conduct another site to arrange ticket sales and collection of funds.

Thanks goes out to Raja for adding the additional Fundraising account and giving the public access to purchase tickets.

Another Big Thanks for Luke Bloom for implementing the design and scheduling of the tickets and Tickets design.

Finally, but not last HJCMA would throw out a “Major Thank You” to all involved. From the Ticket takers to the Escorts from the Parking lot to the Visitor Center. The Ghost Story Coordinators and the Tour Guides that endured the walk of Scary torments through out the nights of the event.

Together each and everyone involved performed to the greatest expectations, the customers come from far and near. The comments were positive and mentioning the next year was amongst the thrill seekers. Thanks go out to the public for sharing our outcome.
