

2024 NORTHWELL CARDIOVASCULAR NURSE/TECHNOLOGIST COURSE

January 19, 2024

Las Vegas, Nevada

Target Audience

This course is designed for Nurses, Nurse Practitioners, Cardiovascular Technicians and other Allied Health Professionals who are working in cardiac catheterization laboratories, EP labs, cardiac care units, and vascular areas.

Educational Goal

This educational activity will provide attendees with the knowledge to incorporate new technology into his/her nursing practice and to utilize current clinical diagnostic information to assess and prioritize a patient's treatment needs.

Learning Objectives

- Explain the latest innovations for transcatheter-based therapies.
- Describe cardiac diagnostics and imaging to optimize PCI Outcomes.
- Discuss the emerging role of CCTA and CTFFR in CAD detection and treatment.
- Review the Role of Radial Intervention and Vascular Complication Treatments.

Nursing Contact Hour Information

This nursing continuing professional development activity was approved by Montana Nurses Association, an accredited approver with distinction by the American Nurses Credentialing Center's Commission on Accreditation.
