

2025 NORTHWELL CARDIOVASCULAR NURSE / TECHNOLOGIST COURSE March 14, 2025 Las Vegas, Nevada

Target Audience

This course is designed for Nurses, Nurse Practitioners, Cardiovascular Technicians, and other Allied Health Professionals who are working in cardiac catheterization laboratories, EP labs, cardiac care units, and vascular areas.

Overview

The Northwell Health Nurse / Technologist Course is a one-day educational event designed to keep health care professionals up to date on the latest therapies and cutting-edge technologies in the industry. The Course will provide attendees with a foundation to incorporate new technology into his/her nursing practice and to utilize current clinical diagnostic information to assess and prioritize patient's treatment needs.

Learning Objectives

- Explain the latest innovations for transcatheter-based therapies and how it applies to managing the patient in the hospital setting.
- Describe cardiac diagnostics and imaging to optimize PCI Outcomes.
- Discuss the emerging role of CCTA and CTFFR in CAD detection and treatment.
- Review the Role of Radial Intervention and Vascular Complication Treatments.
- Comprehend mechanical circulatory support devices in the Cath Lab.
- Explain the latest technologies in Electrophysiology.

Nursing Contact Hour Information
