

PLACEHOLDER: The final seed assignments are done by a committee, late Saturday night after all pool play games are completed. This file is where those final seed assignment will be published.

Note that...

Two Pool Play games determine seeding **within each city** and age division. Even though we call these games "pool play", your team is actually being **compared to other teams from your city** to determine which teams will represent the cities in bracket play.

The top seeds from each city will meet in Bracket Play, and medals will be awarded for 1st and 2nd place within each division.

The lower-seeded teams will compete against similarly seeded teams during Consolation Play.

Remember that the Collin County Classic is not your typical tournament. Yes, the teams are competing for 1st place in their division; however, the main focus is to represent and earn points for your city in a city vs. city competition. Pool play is used to qualify the teams who will represent their city in Bracket play against the other cities. Even if your team doesn't make it to Bracket play, there is a Consolation game that still counts toward the city rankings!
