

THE PROGRAM STEPS FOR SCHOOL PARTNERSHIP

Step 1

1. SunriseKid Publishing meets with all participating teachers for a brief orientation and overview of our program/services. We discuss various project ideas for your students, for both fiction and nonfiction writing. Also, how to set up that writing time during the day and handing out the student materials needed to get your class started. Offered to students' 3rd -8th grade.

Step 2

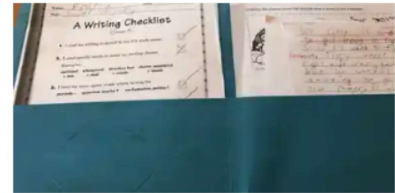

2. SunriseKid Publishing service provides writing workshops for your students (in your classroom). This step is optional.

Some topics include:

- How to use more descriptive words in your stories.
- Illustrating your story & designing book covers
- Writing a nonfiction & expository book

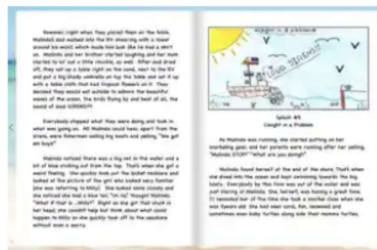

Step 3

3. Students write, edit, illustrate and complete their final drafts for publication with teacher guidance and a specific time allotment for this process during the school day.

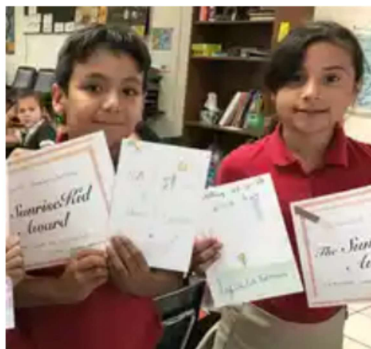

- This step in the process may take up to 2 months to complete depending on how much writing time is provided. It is up to the individual teacher.

Step 4

4. SunriseKid Publishing then collects each student's final draft from their classroom. Both a student's hard copy edition and ebook publication get published then returned a couple weeks later. Some books may be published for your school's library, as well.

Step 5

5. The SunriseKid Publishing service delivers each student's hard copy publication to each classroom. We take photos of students receiving their books and even present special awards for best illustrated book, plot twist, book cover and more.

Step 6

6. SunriseKid Publishing service takes delight in posting many of the award-winning books, photos and even student interviews on both our Facebook page and for your school. Students can then share their books with family and friends across the country.

If you're interested in having this program with publishing service in your school or in just one or two of your classrooms, write me a message below and return this form to sunrisekidpublishing@gmail.com This lets me know your interests, expectations and possible goals. Also, not all 6 steps listed are required. Step 2 for example.
