Keith Tall "WEB MASTER" WWW.Utahsga.com

Valued members and friends, the Utah Senior Golf Association has reached its end. Declining membership and participation does not validate the expenses of a web-site, PO Box, postage, and printing. It is almost impossible to ask golf courses for shotgun starts with 30 or less players.

For your consideration, we would be open to creating an E-Mail based group and correspond that way to determine if we should schedule T-times on courses. Membership fees would not be paid. You would just show up at the course, pay your golf fees, and put a pre-determined amount in the pot for prize money. When play is ended, winners would be decided and prize money paid. It would still be necessary to have a GHIN number if we use handicaps. We would probably do some of the same courses.

If you are interested in that sort of set-up, please E-Mail me with your name and E-Mail address.

It has been a great run and myself, Keith, and Dennis have enjoyed our association with all of you.
