

Krishna leela's
DHAAM
floor
cleaner

We Clean Every Corner of Your House

Mission

"Reintroducing the traditional approach into our modern, fast-paced environment."

Vision

To ensure the health of all beings, We produce handmade and organic Indian goods..

Introduction

In rural India, desi cow dung and cow urine were used to clean the home, keeping out bacteria, microorganisms, fungi, insects, and mosquitoes

"Krishna leela's DHAAM ORGANIC floor cleaner"

..is an outstanding Indian heritage product made with pure and natural celestial components from rushi's cult.

Eliminates Bacteria

Eliminates the possibility of rapid spread of **Staphylococcus aureus** and **E-coli** in the immediate environment, especially in hospitals, operating theaters and emergency rooms.

Tested in ASTHAGIRI herbal research foundation {AYUSH approved drug testing lab}

Controls Insects

**Primarily complete protection
from harmful insects including
cockroaches and lizards, as
well as complete protection
from mosquitoes.**

**There is no getting close to
the black insects that snort
on fruits and food.**

Positive energy.

To protect against physical, mental, and physical bad energies when engaging in activities like meditation, yoga, and holy work. Pure Swadeshi cow dung, Pure Swadeshi cow urine, and unique herbs such as neem and camphor are filtered. This allows for the diffusion of positive energy everywhere.

No side-effects

Due to the natural ingredients—
which contain no artificial
chemicals—there are no
negative effects (allergies) on
the human body or health, and
the clean liquid can be kept in
storage for 5 months..

How to use

**Before each usage, shake
the bottle thoroughly Add
50 ml of the liquid to
5 litres of water
Mop the floor Drain the
used liquid into the sinks
and bathrooms.**

**NOTE: FOR BEST RESULTS, MOP THE
FLOOR EVERY DAY.**
