Your **safety matters most**

Please read this safety briefing if you have any questions please ask the (PIC) Person In Charge.

Please check-in at the PIC office upon arriving on location.

Everyone sign-in and out on job site roster.

Wear job-site PPE steel toe boots, hard hat, gloves, safety glasses, earplugs, H2S monitor (if required), fr clothing, and any other PPE required specific to your job.

Please supply proof of all required training, fill out JSA, and discuss with PIC prior to beginning work. Participate in all safety and JSA meetings.

Know your Muster Point and wind direction in case of an emergency.

You can do your part by always putting safety first.

Report any incidents, accidents or spills while on location. If it does not seem safe you are probably right!
