The Stewart Community Home

This is OUR Home

SCH NEWSLETTER

Note from Jim

As I enter into my tenth month as your Executive Director, I just want to say Thank You to all the residents and staff of the Stewart Community Home for making me feel so welcome. My "newness" is gradually wearing off. Every day I learn a little more about the operations of the Home. But the one thing I have always known and understood since Day One is our mission.

The staff comes to work every day with a servant's heart. They work with the residents 24 hours a day, 7 days a week, 365 days a year. We are never perfect. But we always try to do the very best we can for every resident at the Stewart Home. We work hard to let the residents know that this is THEIR Home.

The residents live here and do everything they can to make this THEIR Home. It is my hope for the residents that while you are here, we provide for you a clean, safe, healthy, and happy environment for as long as you choose to stay with us.

I hope you all enjoy our first pass at this Stewart Community Home Newsletter. It is not intended to replace the New York Times. It is simply a fun, little way to update the Stewart Home universe about the goings on here, both past, present and future.

If you have a contribution, we would love to hear from you. Just come see me and let me know.

Thanks, and God bless all of us!!

JIM
