

NEWSLETTER RAMBLINGS

**2024 – 2025 UNSC
Board of Directors**

See picture below — Damage to 50Yd range floor. Hundreds of rounds were skipped, damaging the whole left side of the range floor.

Remember that all rounds need to impact the berm!

It is always amazing to see how many people ignore the cold and use the range. Please make sure you are keeping warm. If you bring some wood to use in the stoves, please make sure it is dying out before you leave. Unattended fires can be dangerous, just ask California.

Safety should always be at the top of your mind; as such, eye and ear protection are a requirement in the rules. We know that not everyone likes to wear them, but please do so when at the range. It is as much for your personal protection as it is for club liability.

Friends, take a look at the Legislative page There are a few potential bills that could have a very adverse effect on us.

As always, please adhere to the rules and be kind to each other. Stay safe so we can continue having fun at UNSC.

Thanks, Dave & Pat
