Direct-To-Consumer (DTC) Lab Testing Services

In Washington state, individuals have the option to order a wide array of direct-to-consumer (DTC) lab tests without a physician's prescription. These services provide a convenient way to monitor various health aspects, including general wellness, heart health, hormone levels, and more. Here are some reputable providers offering DTC lab testing services in Washington.

In Spokane, Washington, several reputable direct-to-consumer (DTC) lab testing services are available, allowing individuals to order a variety of health tests without a physician's prescription. Here are some options to consider:

[Request A Test](#)

Spokane, WA

Offers a comprehensive selection of lab tests, including general wellness panels, STD testing, and vitamin deficiency tests. They partner with two of the largest certified labs in the U.S., providing tests without the need for a doctor's order or insurance.
